20TH YEAR. NO. 107. EAST LIVERPOOL, O., WEDNESDAY, MAY 6, 1903. TWO CENTS

BROTHERHOOD MEN ARE CONSERVATIVE

The Fact Conclusively Shown in Defeat of Resolutions Calculated to Work Harm to the Organization.

A BIG BATCH OF WORK TO DISPOSE OF

BY O. H. BOOTON,
Staff Correspondent.

Wheeling, May 6.—Two of the three resolutions reported back to the N. B. of O. P. convention from the committees were defeated at the session yesterday afternoon. But one of the three had the indorsement of the committee and this one was accepted by the delegates.

There can be no better evidence of the conservativeness of the convention than the result of the deliberations yesterday afternoon One of the measures presented might have worked great harm to the organization had it been accepted, but the delegates were wary and sent it to an unmarked grave. This was the resolution for the establishment of an insurance feature.

The committee on the state of the order was the only one ready to report at the session this afternoon. The others were deep in work all of yesterday and far into the night. Many resolutions have been introduced and the committees started to work upon them at noon. They had scarcely time for dinner and after the adjournment of the afternoon session were still at their desks.

The committee on the state of the order had fewer resolutions to consider than the other committees and consequently was the first to report. Wages, scales, the uniform list and other important matters were in the hands of the three other committees and were not considered at yesterday's session.

Noon today is the last hour for the introduction of resolutions unless by consent of two-thirds of the delegates, and several measures which have been kept in the background must then be placed before the delegates. The number of resolutions are fewer than last year, but among them are several of such an important nature that many hours will be consumed in their disposition. It looks now as though the convention will be continued after the end of the week. This prediction is made in spite of the fact that the committees have sacrificed many pleasures in order to expedite the work and the business-like sessions of the body. With two days of the convention gone the great bulk of the business remains to be considered and passed upon.

The first resolution defeated yesterday afternoon was the one introduced and fathered by local No. 40, of Trenton, indorsing the Potters' Journal as a true advocate of union principles and thus entitled to the support and patronage of the Brotherhood. A keen opposition to the measure was at once developed. It is stated that the question was not a new one, and that previous conventions have had it to consider. The reason advanced by the delegates opposing the resolution was that the paper does not carry the label of the allied printing trades and until this could be explained, indorsing it as a union organ was not to be considered. The matter was of moment to only the eastern delegates, as those in the west seldom see that newspaper.

A resolution that boded no good to the organization was one that was presented by local No. 26, of Kokomo, providing for an insurance feature. The measure was not full as to detail. There was no provision as to whether the insurance was to be compulsory or optional and such matters as rates, premiums and conditions would have been determined after the adoption of the measure. The delegates are to be commended on turning down a measure so void of any defined aim or end as its adoption would no doubt have worked great harm to the organization in years to come. The plan has been tried by other organizations and has not been a success.

Local No. 4, of East Liverpool, was successful in its first resolution to come before the body. This resolution provides that the Brotherhood stamp may be used by union plants, irrespective of the uniform scale. The Brotherhood stamp was adopted several years ago but has never appeared on ware from any plant in the United States. There has been a law prohibiting its use unless the ware was made under the uniform list, but this condition has been changed by No. 4's resolution. The Brotherhood stamp will, in consequence, be seen on ware for the first time.

While the uniform scale is effective in nearly every branch of the trade in the west, the few exceptions have prevented the use of the label. For instance there is no uniform scale in force among the decorators and although these operatives may have received more than the uniform list calls for, the label could not be used.

Several of the East Liverpool plants, it is stated, and all the Sebrings' in-

THE RESOLUTIONS UNDER DISCUSSION

UNIFORM SCALE FOR GILDERS AND GROUNDLAYERS.

A Movement to Present Retiring President Hughes a Testimonial Is Very Popular.

Wheeling, May 6.—(Special)—The morning session commenced promptly at 9 o'clock and after roll call the reports of committees were heard. The attendance of the delegates is remarkable for a convention of this size, scarcely one being absent from the sessions.

The morning session was devoted to the discussion of resolutions.

The first matter reported on by the committee was a resolution granting to the several locals the right to adjust certain questions which frequently arise, for themselves, instead of referring it to the arbitration board.

A resolution presented by local union No. 12 asked that an apprenticeship clause be placed in the scale governing that trade. There is no rule to follow in this branch at present, and there are instances of where batters-out and mould runners have been employed but a short time by jiggermen until they take up a situation as jiggerman to the detriment of the entire trade. The resolution was thought to be too broad in its provisions, and would hinder the advancement of the jiggermen's helpers, since anyone would be permitted to enter upon an apprenticeship, regardless of his lack of knowledge of the trade. The resolution was referred back.

The most important resolution yet introduced was that adopting a uniform scale for the gilders, liners and groundlayers. The move does not involve an advance in the present rate of wages, but insures uniformity. It was adopted. The measure was brought to the attention of the convention by local union No. 19, of East Liverpool.

The old question of holding biennial sessions of the convention, was up once more in the shape of a resolution, but was defeated.

No. 35, kilnmen, of Trenton, wanted the reinstatement fee for members of local unions raised from $5 to $10. The resolution was not concurred in.

The delegates have entered enthusiastically upon a movement to buy a testimonial gift to be presented to President A. S. Hughes, upon his retirement. No definite plans have been adopted with reference to the design or the manner of raising the fund for its purchase, but it is expected that will have taken on definite form within a day or two.

Tonight the delegates will be entertained with a smoker to be given by the Trades and Labor assembly. The address of welcome will be made by Joseph H. Lyons, and Harry Hailes will respond. This will be followed by addresses by T. J. Duffy, L. M. Brown, Michael Mahoney and J. Hecker. The music will be provided by Appenzeller's orchestra.

STATE CONVENTION KNIGHTS OF COLUMBUS

Officers Elected and Lima Chosen For the Next Convention.

Dayton, May 6.—(Special)—The state council of the Knights of Columbus adjourned, to hold its next convention in Lima. Officers were elected as follows:

State deputy, M. B. McCarthy, Toledo; secretary, P. J. McCarthy, Youngstown; treasurer, F. A. Deuche, Steubenville; warden, R. J. Bour, Canton; delegates to national convention at New Haven, P. J. Brady, Cleveland, M. B. McCarthy, Toledo; P. A. Gavin, Toronto; A. O. Dayer, Toledo.

To Repair Pennsylvania Avenue.

Acting under instructions from the board of public service, Commissioner Frank Dickey this morning sent a force of men to the East End with orders to make repairs on Pennsylvania avenue. The thoroughfare is in bad condition, and the paving is becoming more irregular with each day's usage. It is the intention of the commissioner to go ahead with the work with as much haste as possible.

CONTEST BEGUN OF CREEDON WILL

Undue Influence and Coercion Alleged to Have Been Brought to Bear.

$1,500 IS IN DISPUTE

Lisbon, May 6.—(Special)—The contested will case from East Liverpool in which Jere Creedon, Joanna Weingartner and Thomas Creedon are plaintiffs against Mary McKay, Dennis Creedon and Richard McSweeney, the latter as executor of the estate of Mary Creedon, deceased, came on for a hearing in court today. The plaintiffs ask that the paper purporting to be Mary Creedon's will be submitted to the jury with the evidence and that it be set aside.

In their petition the plaintiffs claim that Mary Creedon died at her home in East Liverpool July 28, 1901 and that Jere Creedon, Joanna Weingartner, Thomas Creedon, Mary McKay and Dennis Creedon are all the only heirs at law of the deceased. It is alleged that on August 28, 1901 a paper writing represented to be Mrs. Creedon's will was presented the probate court and admitted to record September 10, 1901, whereupon Richard McSweeney qualified as executor. By the terms of the will Jere Creedon and Mary McKay were made the sole heirs.

The petition charges that the paper is not the last will of Mrs. Creedon, alleging that at the time it was drawn up she was critically ill and that her delirium incapacitated her from making a proper distribution of her property. It is further charged that she was coerced by undue influence and false representations. The amount involved is about $1,500.

A large number of witnesses are here to testify. Brookes & Thompson are attorneys for the plaintiff and Judge P. M. Smith and Charles Boyd represent the defendants.

NO BIDDERS, NO SALE

Sheriff Came to Sell Advertised Property, But Did Not Succeed.

Sheriff Leonard was in town yesterday to make a sheriff's sale, but he did not make it. Forty-seven lots in Garner & Hodson's addition, north of Gardendale, had been advertised for sale for the second time. But one man was present at the "sale" besides the sheriff and he was not a bidder. The appraisement was considered too high, and the property will have to be reappraised and advertised again.

The property was that of George Garner et al, foreclosed by H. W. Hendrickson. The appraisement was $2,950.

A Lisbon Wedding.

Lisbon, May 6.—(Special.)—Frank J. Patterson, a well known funeral director here, and Miss Verna Bye, daughter of Samuel Bye, daughter of Samuel Bye, former county commissioner, were married at the home of the bride's parents at noon today. Rev. J. P. Anderson officiated and the ceremony was witnessed only by a few relatives of the couple. Mr. and Mrs. Patterson left this afternoon on a trip to Cleveland and other lake towns. They will be at home here June 1.

A DESERTED WIFE HAS ENTERED SUIT

Wants Husband Punished For Neglect and Cruelty Toward His Family.

FIVE CHILDREN TO SUPPORT

And the Mother Says the Whole Burden Falls Upon Her—A Peculiarly Sad Case Brought to Light By a Suit.

Charging cruelty, desertion and non-support, Mrs. Allen Malkin, of Minerva street, appeared at the office of Squire Daniel McLane at an early hour this morning and had a warrant issued for the arrest of her husband. The warrant was placed in the hands of Constable Copestick and the man was taken in charge shortly before noon. He pleaded guilty and will have a hearing at 3 p. m.

Mrs. Malkin's case is a most deplorable one. She states that for months she has been compelled to care for her five minor children, the youngest of which is 8 months old, and the oldest barely 14 years of age. She attributes the action of her husband to drink, stating that when he was free from the clutches of the demon he was an admirable husband, but while under the influence of liquor he mistreated her and the children and spent all the money he made for drink, leaving the family to get the necessaries of life the best they could.

Unlike most deserted wives Mrs. Malkin does not weep and spend her time in mourning. She realizes the uselessness of such actions and seems reconciled to her fate. Her announced wish is that the husband be made answer in court for his gross neglect of the little children. That is all she wants done. She does not care how severe the penalty that is to be imposed. With admirable nerve she faces the cold world and says that she will fight a winning battle.

The worrying feature of her predicament at the present time is an order given yesterday by the woman owning the house in which she lives, commanding her to pay the month's rent or get out. She has no money and fears that it will be impossible to get it in the time specified by the owner of the house.

COSTLY WALLS CONSTRUCTED

WORK DONE ON TRENTVALE STREET WORTH $6,000.

It Is Claimed the Trouble Has Not Yet Been Fully Remedied.

McLaughlin & Gill, who have been engaged for some time in the work of erecting a concrete retaining wall on Trentvale street, will complete the task today. When the work is done the city will have expended in the neighborhood of $6,000 in the construction of walls, and those interested believe it is about time some permanent relief was forthcoming.

Contractors who have viewed the Trentvale paving, and are thoroughly familiar with work of this character, state the cause of the trouble has not even now been removed. They say the paving was not constructed properly in the first place. The surface of the street is perfectly level, and all of the water from the side of the hill is washed onto the road and no means provided for draining it off. At one time the council instructed the city engineer to have ditches placed at regular intervals across the road, but the work was never done. Experts say the erection of the walls just completed will afford no permanent relief as long as the water is permitted to lie on the street and soak through behind the wall.

The Veterans Invited.

Lisbon, May 6.—(Special)—An old fashioned Grand Army bean bake has been decided upon by local veterans as one of the features of the centennial celebration for Grand Army day. All veteran soldiers and sailors in the county will be invited.

Licensed to Marry.

Lisbon, May 6.—(Special.)—John Jones and Miss Melba Thompson, of East Liverpool, have been licensed to marry. Rev. Dr. M. B. Pratt will perform the ceremony.

NEW MEMBERS ADDED TO SONS OF VETERANS

Arrangements Completed for Marietta Trip—Reinstatement of Lisbon Camp.

The local camp Sons of Veterans held an interesting meeting last night, and three new recruits were taken into full membership. Final arrangements were made for the trip to the division encampment at Marietta next week. It was found necessary to rearrange the representation of the camp in the state meeting, and an additional delegates was elected.

About 15 members of the organization will go to Lisbon tomorrow evening, where the camp of that city will be reinstated. The Lisbon lodge has been disbanded for several years, and though the charter has been surrendered, the camp still owned considerable property. The new list includes about 40 names, and the division officers have arranged to give the new organization the name by which it was previously known, that of J. B. Morgan camp, No. 76. Criss McConnell has been commissioned as mustering officer.

FRIENDS HUSTLING FOR ABSENT ONES

Convention at Wheeling Does Not Interfere With Progress of Voting.

CONTEST GROWS LIVELY

During the absence of a number of the candidates in the News Review's voting contest at the Wheeling convention of the National Brotherhood of Operative Potters their friends in East Liverpool and the other pottery districts have renewed their efforts in behalf of the several favorites.

The votes are coming in daily with such a rush that the result can be changed in several of the contestants in 24 hours' time. Voters are urged to forward coupons without delay in order that they may have the assurance that the votes will be counted within the time limit. Series D expires May 15, and must be in before that time or they will be of no value.

The following candidates have received 100 votes or more:

Thomas Neal, Riverside Park	18,319

SENTENCED FOR TWO YEARS

Marcus Mowrey, of Leetonia, Goes to Prison for Shooting Uriah Nold.

Lisbon, May 6.—(Special.)—When court convened yesterday afternoon Judge Hole overruled a motion for a new trial in the case of Marcus Mowrey, of Leetonia, who was convicted recently of having shot Uriah Nold, of Leetonia, with intent to wound, and the prisoner was sentenced to serve two years in the penitentiary.

WILL REPORT MAY 12

Investigation of East Liverpool Primaries By a Committee Is Completed.

The committee to investigate the East Liverpool Republican primary elections concluded its sessions this afternoon and its members departed for Salem and Lisbon. They would say nothing of the result of their investigations, but will make a report to the Republican county convention at Lisbon, May 12.

The Jail Almost Empty.

Lisbon, May 6.—(Special.)—Nick Murray, of East Liverpool, and Fred Dixon, of Salem, completed jail sentences yesterday and were released. This leaves but two prisoners in the jail, Marcus L. Mowrey, of Leetonia, who will soon be taken to the penitentiary, and Edward Duncan, charged with horsestealing at Highlandtown.

LOWER TRIBUNALS UPHELD BY SUPREME COURT OF OHIO IN CASE OF OSCAR BIRCH

Dispute in a St. Clair Township School District Finally Disposed of—Other Cases of Interest.

From a Staff Correspondent.

Columbus, May 6.—The supreme court has handed down a decision in the case of Ohio on relation of Oscar Birch against Frank Clapsaddle, Newton F. Moore and J. M. Kennedy, members of the board of sub-directors of school district No. 2 of St. Clair township, Columbiana county, which has been in the courts since 1901. The lower courts which found for the sub-directors are upheld. The action is familiar to Columbiana county people and was bitterly contested. Birch brought suit in common pleas court for a writ of mandamus to compel the directors to elect a teacher. Both the common pleas and circuit courts decided against him.

The directors engaged Thomas Croft to teach in the district school for the first term of the school year, beginning September 1, 1900, which was for four months, and at the expiration of the time they selected him for the second term, which was for three months. While teacher Croft chastised one of Birch's children, who was a pupil which stirred up trouble. The township board sided with Birch and refused to confirm Croft, which angered the sub-directors, and they sent the board word they would neither engage a teacher nor have anything to do with the school. Birch then asked the common pleas court for a writ of mandamus to compel them to choose a teacher.

While the matter was pending in court the directors and township board got together and as a result it was agreed upon that a teacher should be employed. While this should have ended the controversy Birch would not let the matter rest and went on with preparations to fight the case to a finish. As stated he lost in both the common pleas and circuit courts, and in the decision of the supreme court final defeat is administered to him.

The circuit court held that the sub-directors did their duty and the supreme court sustains this view. The costs fall on Birch.

The supreme court affirmed the judgment of the lower court in the case of William E. Smith against Christ Verwholt, error to circuit court court of Jefferson county. A company represented by Smith while operating for coal got beyond its own line, encroaching on a farm owned by Verwholt. The latter sued for damages and was awarded judgment for $1,000. The company must pay this. Judge Smith, of Wellsville, represented the company.

The muddle occasioned by defective school laws may be further complicated. Chief Justice Birket, of the supreme court, has granted leave to file a suit to oust the two new school members recently elected to serve on the Steubenville board. Attorney General Sheets has allowed the use of his name in the action, and it will now be fought out on its merits. The suit is brought at the instance of the seven old members of the board who followed the opinion of the attorney general and held over. Judge Richards, of the Jefferson county common pleas court, ordered the election board to place the names of the two candidates who were afterwards elected on the ballot. They had no opposition. It is said that if these two members were legally elected, the question of who shall retire to make room for them will give further trouble.

The attorney general will probably bring suit to test the constitutionality of the law allowing mayors, council or tax commissions to appoint city equalization boards. The object is to learn the exact status, so that the officials involved will know how to proceed.

WALKING THEMSELVES ALMOST TO DEATH

Policemen Are Busy Mne Just Now. No Loafing About the City Hall.

Since the police were given their orders Monday by Chief of Police Wyman the following conversations have been heard passing over the telephone:

"Hello, Central. Give me the city hall." "Is that you, Mr. Wyman. No. Well, when he comes, ask him what on earth is the matter with the policeman on this beat. He is walking himself about to death. I'll bet he has been around this block at least 20 times during the past hour, and I used to only see him two or three times a day."

"Hello Central! Give me the city hall. Say, is there an officer there? You say they go on duty at 12 o'clock, and are all out patrolling their beats? Out on their beats, and it is only 1:15! That beats anything I ever heard of."

GOOD WELL STRUCK

Local Investors in Knoxville Field Much Encouraged By Reports from There.

The first well of the Tioga Oil company, operating in the Knoxville field, came in yesterday, and is estimated to be worth about seven barrels a day. The members of the company are all from this city and are highly elated at the strike.

James Kane, an expert oil man of Jewett, did the shooting, and R. L. Edmonston, H. E. Grosshans, Councilman Hugh Johnston, J. M. Manor, W. H. Riley and W. Calhoun went to the well yesterday to witness the operation.

The company has decided to put down another well at once and it was located yesterday. Drilling will be begun without delay.

City Proposes to Fight.

Salem, May 6.—(Special)—The new city council at a meeting last evening instructed the city solicitor to fight to the bitter end the case in which the federal court has enjoined the city from reducing the price of gas.

A LITTLE LATE ABOUT SUING FOR BOUNTY MONEY

Man in Knox Township Claims He is Entitled to $100 for Civil War Service.

Lisbon, May 6.—(Special)—Jeremiah P. McGill, a Civil war veteran of Knox township, has brought mandamus proceedings against the trustees of that township, asking court to compel the payment of a $100 bounty with interest. He says he first enlisted at Mr. Carmel, Clermont county, O., July 31, 1861, as a private in company E, 49th O. V. I., was mustered in the same day and assigned to Fuller's brigade under Colonel John W. Fuller.

While serving in the field he was mustered out December 23, 1863, and re-enlisted as a veteran volunteer credited to Knox township, this county. He says he has never received any local bounty.

Two Cases Passed.

Lisbon, May 6.—(Special.)—The case of E. W. Hill, of East Liverpool, against W. H. Adams, which was assigned for hearing yesterday afternoon, was passed for settlement. The East Liverpool case of Frederick W. Miller against Arthur W. Thomas was passed until Friday.

WITH THE WORKMEN IN THE CLAY PLANTS

GIBSON GIRL IN PORCELAIN.

Charles Dana Gibson is in receipt of the largest income of any illustrator in America, and probably in the world, his illustrations being among the best modern sketches. The Gibson Girl, the lovely and exquisite creature of his dreams—this dashing, healthy, entrancing American woman—is acclaimed the world around. Now she has been burnt into porcelain. She smiles upon you at the breakfast table, she graces the wall of the dining room. Her beautiful face beams entrancingly from the mantel of the study shelf. New York shops are showing the new fad. It has caught fast the fancy of the public, and deservingly. The plates are exquisitely beautiful. The pictures are exactly reproduced from Mr. Gibson's originals—they show even the pen strokes, every touch of the artist, every detail. Around the edge of the plate is a big border in old English blue which our grandmothers delighted in, lending a grace of color and a softening beauty to the artist's work. As the decoration is all underglaze, it is permanent.

WOOD FOR SECRETARY.

In spite of the reports coming from the convention now in session in Wheeling to the effect that there is no slate, it has been stated in this city that in at least one local there is a movement on foot to land a member in the position of secretary of the N. B. of O. P. It will be remembered that for several years past the local has had its eye on the presidency of the national organization, and it was thought when President Hughes retired the members of this local would have a candidate in the field. It would seem, however, that they have decided upon the secretaryship, and the candidate selected is John T. Wood, the present national treasurer. Mr. Wood has held the position of treasurer for several years, and conducted the office with credit to himself and to the local from which he was elected. It is said the members of No. 9 will make a hard fight for their man and if he fails to be elected it will not be the fault of his trade.

VASE MADE 400 B. C.

During the excavations near Lampaki, on the Dardenelles, a beautiful vase 54 centimetres high, was found. It was made of burned clay, encrusted on the interior with gold one and a half centimetres thick. There are three golden handles and splendid reliefs representing hunting scenes, exquisitely worked. They are said to represent reliefs on the sarcophagus of Alexander the Great. The date of the vase is estimated at about B. C. 400. The hermitage in St. Petersburg possesses a similar vase, but not so fine a one. The present vase was found in a stone case and the blue and gold colors of the figures look absolutely fresh. The vase contained human ashes, bones and pearls.

A FAMOUS COLLECTION.

The extraordinary collection of antiques gathered by the late Dr. William H. Crim, of Baltimore, Md., was sold at auction recently. Dr. Crim devoted his life gathering old furniture, old china and objects of art, with which his house was crowded from cellar to attic. He ransacked the old homesteads of Maryland and Virginia, and haunted the auction rooms for spoils, and it is safe to say that no such accumulation of good examples of the colonial and later periods existed anywhere. The collection of rare old china was enormous, embracing 2,000 pieces, and the cut glass and Sheffield plate were in great profusion.

GOES TO CAMERON.

Herbert Harrison, one of the best known pressers in this city and a member of local union No. 4, will leave tomorrow for Cameron, W. Va., where he has taken a position. Mr. Harrison has been employed by the Laughlin China company for several years, and is considered one of the best mechanics in the East Liverpool pottery district. He will move his family to Cameron.

AS A BENEFIT.

A fine decorated toilet set is being chanced off for the benefit of Ed. Pritchard, a member of the kiln crew at the Smith & Phillips pottery. Mr. Pritchard is a member of kilnmen's local No. 9 and has been off duty for several months with an injury to his right hand.

OF INTEREST TO THE TRADE.

The John Reiss Stove & Hardware company, St. Louis, Mo., has filed a petition in bankruptcy.

G. L. Johnson and H. M. Schmeltz have been admitted to the firm of Thomas & Co., Pittsburg.

A petition in bankruptcy has been filed by O. T. Spraggins, dealer in crockery, at Jackson, Miss.

Isaac Robinson, of Brooklyn, N. Y., is trying to compromise with his creditors on a basis of 40 per cent.

The furniture and crockery store of W. C. Woodruff, at New Hartford, Conn., was recently damaged by fire.

C. F. Linger, of C. F. Linger & Bro., Washington, D. C., has sold his interest in the business to Myrtle M. Linger.

A. T. Weiss, dealer in crockery at Cortland, N. Y., was recently closed by the sheriff and has left for parts unknown.

It is reported that C. S. Cook & Son, crockery and glassware dealers at Asbury Park, N. J., will retire from business.

M. Fried & Son, proprietors of the Fair, Canastota, N. Y., have removed to Elmira, N. Y., and will continue in business at that point.

COSTS NOTHING UNLESS CURED

A Fair Offer Made By Will Reed to All Sufferers From Catarrh.

Will Reed is selling Hyomei on a plan that has caused considerable talk amongst his customers.

The plan is different from that followed by other remedies, but the remedy itself is different also. This treatment for the cure of catarrh has such an unusual record of cures to its credit that Will Reed offers to refund the money if it does not give the desired benefit. This is certainly one of the fairest offers that can be made, and any one who has catarrh and does not take advantage of it is doing himself or herself an injustice.

The Hyomei treatment consists of an inhaler that can be carried in the vest pocket, a medicine dropper and a bottle of Hyomei. The complete treatment costs but $1.00 and as the inhaler will last a lifetime and there is sufficient Hyomei for more than a month's use, the medicine is very inexpensive. Many people who have used it write that for the good Hyomei has done them they would willingly pay thousands of dollars.

Extra bottles of Hyomei can be procured for use with the inhaler at 50c.

Do not suffer any longer with tickling, smarting, irritating, burning, eye-watering troubles that afflict those who have catarrh. Hyomei will cure you, but if you should not find it adapted to your case, Will Reed will return your money.

The Wastes of the Body.

Every seven days the blood, muscles and bones of a man of average size loses two pounds of worn out tissue. This waste cannot be replenished and the health and strength kept up without perfect digestion. When the stomach and digestive organs fail to perform their functions, the strength lets down, health gives way, and disease sets up. Kodol Dyspepsia Cure enables the stomach and digestive organs to digest and assimilate all of the wholesome food that may be eaten into the kind of blood that rebuilds the tissues and protects the health and strength of the mind and body. Kodol cures indigestion, dyspepsia and all stomach troubles. It is an ideal spring tonic. Sold by Alvin H. Bulger.

Came Back to Jail.

Steubenville, May 6.—Archie Robinson walked into the court house and gave himself up to the authorities, stating that he wanted to return to jail to complete his sentence. Robinson, who is only a boy, is one of the two prisoners who dug a hole in the wall of the jail early on the morning of January 2 and escaped.

THE RAILROAD AND THE CITY

Attitude of Public Service Board a Matter of Interest in the Dispute.

A MANUFACTURER SPEAKS

Declaring the Railroad Facilities Are Abominable And Retard Business. Thinks Some of the Demands Made Upon the Railroad Unreasonable.

Speculation is being indulged in by a great many people who are interested in the Pennsylvania company's attempt to double track through the city as to what the attitude of the board of public service will be in the matter. It will be remembered that the railroad committee of the old council was firm in the demands that were made. Not only was it determined to exact a large number of concessions in exchange for permission to cross the various streets, but it was also proposed to have the work completed within a year.

When the last conference was held with the railroad officials it was not known whether or not it would be possible to give the city an answer before the expiration of the term of office of the old council. It would seem, since no word has been received from them, that they failed to reach a decision in time, and have allowed the several questions to go over for the consideration of the board of public service.

An effort was made to obtain an expression from the members of the board, but they refused to talk. It is presumed that they regard the proposition as being of too grave a character to permit of any hasty action, and have decided to deliberate upon it for some time in order that it may be dealt with in an intelligent and business-like manner.

There were in the neighborhood of 15 distinct demands in the list prepared by the old railroad committee, and many of them, while innocent looking and apparently trivial to the average citizen, would mean much to the railroad company. Supt. W. H. Scriven and Attorney Carey made this fact clear to the council when they met with that body last week, and it has caused several of the members to give the question more thorough consideration than ever before. Many business men and manufacturers, all of whom are deeply interested in the matter of securing more and better railroad facilities for East Liverpool, have perhaps more at stake than any other class of individuals in the community. These men have looked at the problem from every point of view, and their expressions, voiced only after mature thought, are interesting and varied.

A prominent manufacturer, owning a controlling interest in one of the largest manufacturing establishments in the hill district, was interviewed this morning on the subject, and said:

"I have been watching this railroad question pretty closely, and I might say I have a motive for so doing, since my firm is one of the most extensive shippers in the city. The present railroad facilities of the East Liverpool are abominable, and some remedy ought to be forthcoming at once. One concern is not running as full as it might had we all the cars we wanted, and much annoyance is constantly being encountered through cars of materials being delayed in transit. The system is almost unbearable, but the question with me is, could the condition be relieved by hampering the progress now being made and placing more obstacles in the way of the railroad company?

"My idea is to give and take. I would never be in favor of giving up an inch of the city's property to the railroad company, but I do think some of the demands made by the railroad committee of the old council are absurd. What right has the city to dictate to the company where they shall build a station? And what in the name of reason have we to do with the fixing of a fare between this city and Pittsburg? It is my opinion that the railroad company should be encouraged in every way possible in order that the improvements now under way may be completed in the least time. What we need is more adequate facilities for handling the incoming and outgoing freight."

Don't fool with a cold; no one can tell what the end may be. Pneumonia, catarrh, chronic bronchitis and consumption invariably result from neglected colds. Nothing can be compared with Chamberlain's Cough Remedy as a quick cure for colds and influenza, and by its use these diseases may be avoided. For sale by Alvin H. Bulger.

PRACTICAL TEMPERANCE

The most confirmed drunkards have been and are being reclaimed and fully cured by the Oppenheimer Treatment. Our claims are based on ten years' experience in the successful treatment of cases of alcoholism of all kinds.

Patient sleeps normally in three or five days. His system is restored to its normal condition after a few days' treatment, and all craving for whiskey or alcoholic stimulant is absolutely removed. His general health is positively improved. No hypodermics are employed. The patient's occupation is not interfered with. Residence at the Institute is optional in cases of alcoholism.

Drug addictions are treated with equal success.

Have we experienced such tremendous Carpet selling as we have done this Spring. About the middle of April we found we were going to run short. Then began a hustle for Carpets, and things looked blue for us, as the mills had nothing, all the jobbers had cleaned up and the only thing left for us was to buy next fall's patterns, on which the mills are now working. This coming in now, every day brings rolls of New Patterns. Of course we had to pay more money for them, as Carpets are going to be higher in the fall.

But We're Going to Sell Them at This Spring's Prices.

We don't have to send for your carpet. We'll cut it while you wait.

WITNESSED SAD ACCIDENT

Train on Which Rev. J. N. Swan Was Riding Struck And Killed a Man.

Rev. J. N. Swan has returned from a visit to his son, Rev. C. W. Swan, who was recently installed in the pulpit of the First Presbyterian church of Shreve. While on his way home Rev. Mr. Swan witnessed a most distressing accident. The train on which he was riding before coming into Canton, and running at a high rate of speed, ran into a wagon and team of horses, killing the driver of the wagon and one of the horses and completely demolishing the wagon.

The unfortunate man was carried on the cow catcher of the engine almost half a mile before the train was brought to a stop. A number of the passengers were completely unnerved by the horrible accident.

Fire Plug Repaired.

The new fire plug which was placed on Mulberry street yesterday, on inspection was found to be leaking in the valveseat and it was found necessary for the force of men to return and take the plug apart and put in new packing. The work of putting it in shape was finished this morning, and the fire station was notified that it is ready for use. The plug is set in an excellent location and will be of great service when its use is necessary.

Special Services.

Preaching services will be held in the Second Presbyterian church this evening, Thursday and Friday nights. The services tonight and Thursday will be in charge of Rev. N. M. Crowe and the meeting Friday night will be conducted by Rev. J. P. Leyenburger, of Toronto.

Back from the Hospital.

Mrs. Clem Duncan, of St. George street, returned home yesterday from a Pittsburg hospital, where she had been the past two weeks. Mrs. Duncan underwent an operation which was successful and she returns in a much improved condition.

Preparing for Parents' Day.

The principal and teachers of the Horace Mann school house are making preparations for Parents' day. Thursday and Friday, the third week in May, will be observed and the teachers and pupils taking a great interest in making the event a success.

EAST END AFFAIRS.

THE NEW WOMAN.

Mrs. Emma Mitchell, 520 Louisiana street, Indianapolis, Ind., writes:

"For the past five years I have rarely been without pain, but Peruna has changed all this, and in a very short time. I think I had taken only two bottles before I began to recuperate very quickly, and seven bottles made me well. I do not have headache or backache any more, and have some interest in life."—Emma Mitchell.

The coming of what is known as the "new woman" in our country is not greeted by everyone as if she were a great blessing. But there is another new woman whom everybody is glad to see. Every day some invalid woman is exclaiming, "I have been made a new woman by Dr. Hartman's home treatment." It is only necessary to send name, address, symptoms, duration of sickness and treatment already received to Dr. Hartman, Columbus, Ohio, and directions for one month's treatment will be promptly forwarded.

If you do not derive prompt and satisfactory results from the use of Peruna, write at once to Dr. Hartman, giving a full statement of your case and he will be pleased to give you his valuable advice gratis.

Address Dr. Hartman, President of The Hartman Sanitarium, Columbus, O.

THIN FOLKS MADE FAT

Good, healthy flesh can only be gained by the use of proper food, together with natural action of the digestive organs. Nine people out of ten, in order to weigh as much as they ought and be perfectly healthy, should use Mi-o-na, the great flesh-forming food and digestive regulator. Weigh yourself before commencing to use these little tablets and see how your weight increases from week to week.

Mi-o-na does not contain a particle of pepsin, the basis of the ordinary dyspepsia remedy, and which never made a cure of dyspepsia. Mi-o-na has valuable flesh-forming properties, tones up and strengthens the digestive organs, helps digest the food eaten, and absolutely and permanently cures the worst forms of dyspepsia.

If you are not perfectly satisfied with the results from Mi-o-na, Will Reed will return your money without any questions. What other medicine is sold on this plan?

WAY TO GET AHEAD OF THE HIRED GIRL

YOUNGSTOWN PEOPLE WILL TRY THE COOPERATIVE PLAN.

Ten Families Figure on Living Well And Economically Without Servants' Aid.

Youngstown, May 6.—The first move towards the fighting of the local hired girl trust will be made by some ten families in Bryson street who will form a cooperative housekeeping establishment which has for its aim the doing away with hired help.

The plans have been perfected to some degree by the women, who have had one meeting for that purpose and who will meet again Monday evening. At this meeting all the plans will be completed and the housekeeping will at once begin.

As the plans are now, the association will use the dining room and such other rooms as are necessary in the house of C. F. Walker, in Bryson street. The meals will be served there to the families. Each will keep the houses now occupied for living purposes and the women of the house may find time to devote to the keeping of it without the bother of getting meals.

Help will be hired to take charge of the cooking and one week in ten, each woman will have the charge overseeing the work. It is proposed to apportion the cost at the end of each week. It is figured out that this will be exceedingly small besides being a great saving to the women of the house and doing away with the necessity of having hired girls.

The plan will be modeled after that of a very successful one which is in operation in Warren and which has been in existence for some time past. Nearly all the families which will become part of the society have experienced the trouble of finding help. The fact that it is almost impossible to secure in Youngstown and when it is, that wages of an enormous amount must be paid, has influenced them in making the present venture.

A Prisoner In Her House.

Mrs. W. H. Lavha, of 1601 Agnes avenue, Kansas City, Mo., has for several years been troubled with severe hoarseness and at times a hard cough which she says, "Would keep me in doors for days. I was prescribed for by physicians with no noticeable results. A friend gave me a part of a bottle of Chamberlain's Cough Remedy with instructions to closely follow the directions and I wish to state that after the first day I could notice a decided change for the better, and at this time after using it for two weeks have no hesitation in saying I realize that I am entirely cured. From this time on Chamberlain's Cough Remedy will be in my house constantly." This remedy is for sale by Alvin H. Bulger.

FEDERAL UNION TO BE FORMED

Intention to Have Such An Organization Here in a Short Time.

A CHARTER LIST OF 200

Is Expected And the Union Will Be Under the American Federation of Labor—Advantages Which Are Expected from It.

Though East Liverpool has earned for itself the reputation of being one of the most thoroughly organized towns in the United States according to its population, the men interested in trades unions have not to the present been able to interest a sufficient number of laborers in their own welfare to form a federal union. It is the intention of the organizers of the American Federation of Labor, with what aid they can obtain from trades already organized, to form a union of this character within the next few weeks.

The fact that the laborers have not been organized has been a great hindrance to the teamsters in their present difficulty, and it is certain that the members of this craft will lend all the encouragement in their power to the movement. The latter trade has just about wound up a short strike in which a nine-hour day was asked, together with a 25-cent raise in wages on the day. They formerly received the same wages that was given the laborers, $1.75 per day or 10 hours. Now that the teamsters have succeeded so well the laborers will be encouraged to try for better conditions on their own account.

This comes as a natural consequence upon the granting of the demands of the teamsters, as the two occupations are very closely allied. When the team drivers complete their day of nine hours on street improvements or grading contracts of any kind it will be impossible for the pick and shovel men to continue.

Those at the head of the movement state there will be no difficulty whatever in securing 200 on a charter list, and the men themselves have already become interested to such a degree that they will take hold of the work without delay. The Italian problem will probably cause the promoters of the scheme no little annoyance, as there are a large number of laborers of that nationality now employed in the city. They will not be admitted to membership, at least none who have not become naturalized citizens.

The organization will be known as a federal union, and will be chartered under the American Federation of Labor. Its members will be recognized by the central labor union of the city and will be entitled to all the privileges and benefits accorded to other trades unions.

Spring and its usual quota of spring ailments is here. Coughs, colds, bronchitis, lung troubles, uncertain appetite, etc., are prevalent everywhere. Hagee's Cordial of Cod Liver Oil is the ideal spring tonic. It purifies the blood and creates vigorous vitality. Contains no grease.

POROUS PLASTERS

Are a universal remedy for Pains in the Back (so frequent in the case of women). They give instantaneous relief. Wherever there is a pain apply a Plaster.

DIRECTIONS FOR USE

For pains in the region of the **Kidneys**, or for a **Weak Back**, the plaster should be applied as shown above. Wherever there is pain apply Allcock's Plaster.

For **Rheumatism** or **Pains in Shoulders, Elbows** or elsewhere, or for **Sprains, Stiffness**, etc., and for **Aching Feet**, cut plaster size and shape required and apply to part affected as shown above.

For **Sore Throat, Coughs, Bronchitis**, for **Weak Lungs** and for painful and sensitive parts of the abdomen, apply as indicated.

Rheumatism, Colds, Coughs
Weak Chest, Weak Back
Lumbago, Sciatica, &c., &c.

If you want the best results, the quickest and cleanest cure, use Allcock's Plasters. They are far superior to belladonna, which is the extract of deadly night shade, a virulent poison, and never should be used except by direction of a physician. Allcock's Plasters contain no poisons. They cure by absorption. Absolutely curative, perfectly harmless.

Read letter from Prof. Henry A. Mott, the eminent chemist.

"My investigation of ALLCOCK'S POROUS PLASTER shows it to contain valuable and essential ingredients not found in any other plaster, and I find it superior to and more efficient than any other plaster."

Cured When all Else Failed

"Could I live my early life over, this testimonial would not be necessary, though I was no more sinful than thousands of other young men. Early indiscretions, later excesses, exposure to contagious diseases all helped to break down my system. When I commenced to realize my condition I was almost frantic. Doctor after doctor treated me but only gave me relief—not a cure. Hot Springs helped me, but did not cure me. The symptoms always returned. Mercury and Potash drove the poison into my system instead of driving it out. I bless the day your New Method Treatment was recommended to me. I investigated who you were first, and finding you had over 25 years' experience and responsible financially, I gave you my case under a guarantee. You cured me permanently, and in six years there has not been a sore, pain, ulcer or any other symptom of the blood disease." M. A. CONLEY.

The avowed purpose of the new board of public service to keep the city clean is one that will strike a popular chord. It is a movement that if carried out will add to the beauty of the city and to the comfort and convenience of the citizens. Moreover, it will improve health conditions and help to enhance the value of property. It will be costly, but it will pay, simply as a business proposition. Keeping the city clean means something more than merely sweeping the streets. It means that stable refuse and other accumulations shall not be suffered to rest in alleys and back yards until the air becomes foul with their noisome odor. It means that stagnant water shall be drained off and that garbage and tin cans shall not litter vacant lots. It means especial attention to the carting away and destruction of garbage, and that no receptacle containing garbage shall be allowed to stand, even for an hour, awaiting removal, unless tightly closed. It means that the streets and alleys shall not be cluttered with waste paper and that streets and sidewalks shall not be used for the storage of empty boxes, barrels or waste material that the occupant of the adjacent building has no room for on his premises. It means careful attention to sewer openings to see that they are not clogged up, and a strict enforcement of all sanitary regulations. It is a big task which the board of public service has set for itself, but by no means one that it is impossible to accomplish. Of course the board of health, the street superintendent and citizens generally will have to cooperate, or there will be only partial success. The results aimed at are well worth the necessary effort, and we believe there will be a general disposition on the part of the public to assist in the task of cleaning up the city and of keeping it clean. The city has ordinances enough to ensure perfect cleanliness, if ordinances would do it, but they amount to nothing without work. Work will relieve the city of a long-standing disgrace and help to make life better worth living.

The board of public service has issued an order that no one can find any fault with. It is all right that the street railway be allowed to take up such portions of the pavement as are necessary to improve its track, but it should be required to replace the paving in as good shape as it found it. There has been too much improper repairing in the past, and the sooner an end is put to slipshod methods the better for the city.

It makes no difference to the world and none at all to him now whether the late J. O. Brown, of Pittsburg, committed suicide or died a natural death. Unless the expectation is to prove that he was murdered, the disinterment of his body and the holding of a coroner's inquest looks like a very ill-advised action.

King Edward's pilgrimage to Rome and Paris shows that he wishes England to be friendly with France and Italy. "Splendid isolation" is not an agreeable position for Great Britain to occupy in these days of Russian aggression and of intrigue in the Balkans.

Kentucky's lawless element seems to have the upper hand again. This state of things will continue as long as the people continue to rely upon the shotgun rather than the law to right their wrongs.

No American president has ever had a third term. There will be no exception in the case of Grover Cleveland.

It is said Mrs. Cleveland does not want her husband to be a presidential candidate again. Of course, if the report is correct, the matter is settled.

St. Louis is trying hard to place its boodlers where they need not be conspicuous at the World's fair.

The rest of Europe appears less anxious than it did a few days ago to go hunting the Russian bear.

OBITUARY

Jonathan Hughes.

Salem, May 6.—(Special)—Jonathan Hughes, one of the oldest and best known potters in this section formerly of East Liverpool, died at his home here last night at 10 o'clock after a very short illness with paralysis. The funeral will be held at the house tomorrow afternoon, followed by interment in Quaker cemetery.

He leaves a wife and 11 children. For a number of years he has been employed in the Oliver China company's works here and he worked in various potteries in eastern Ohio.

Cornelius Kennedy.

Cornelius Kennedy, aged 55 years, died this morning shortly after 2 o'clock at his home, Center alley. He had been an invalid for two years and death came as a relief to his long suffering. Funeral arrangements have not yet been completed. A wife and nine children survive, all residents of this city. He was a member of the A. O. H. and C. M. B. A.

Samuel Nold.

Lisbon, May 6.—(Special)—Samuel Nold, whose home was a few miles north of Lisbon, died Sunday morning at Pasedena, Cal. Mr. and Mrs. Nold went to California for their health to remain indefinitely. He was upwards of 60 years old. The body will be brought to the family home accompanied by Mrs. Nold and son, E. M. Nold. Funeral services will be held next Monday at 12:30 o'clock.

BUSINESS SUSPENSION GENERAL

Strike in Omaha Is Serious—Saloons Closed at Midnight to Prevent Trouble.

Omaha, May 6.—That the strike in this city is considered by the city officials to be a most serious one was clearly shown in an order issued by Chief of Police Dozahue to his men to close all saloons in the city at midnight and to keep them closed until the present excitement subsides or until otherwise ordered.

The employers of teamsters notified the chief that they would resume business Wednesday morning and demanded protection, stating that they would hold the city responsible for any violence done their men.

While no serious disturbances have occurred there have been several minor cases of trouble. A dozen wagons were held up and their drivers forced to return with loaded wagons. No freight has been moved; hotels have been unable to get supplies and suspension of business has been almost general. A number of restaurants have signed the scale demanded, but none of the larger concerns have conceded a single point.

Harvard Senior Missing.

Cambridge, Mass., May 6.—William Whitwell, a Harvard senior, has been missing from college since Feb. 27. He left hurriedly without taking any effects, due to receipt of word that his father, Dr. Whitwell, of New York, was dangerously ill at home. Young Whitwell did not reach home. His father has since died. Mrs. Whitwell entertains the hope that her son is all right. Whitwell was 6 feet 2 inches in height and weighed nearly 200 pounds. A report was current among Harvard undergraduates that a note was left by Whitwell saying that he was tired of life.

Newspaper Sold at Auction.

Augusta, Ga., May 6.—The Augusta Chronicle, one of the oldest newspapers in the south, was sold at public auction. The paper was bid in by Thomas W. Loyless, editorial writer on the Atlanta Constitution, for $40,000. Henry H. Cabaniss, of Atlanta, one of the most widely known newspaper men of the south, is also interested in the purchase and will go to Augusta to assume the active management of the paper.

Another Applicant for Divorce.

New York, May 6.—Mrs. Lilly Torrey Kemp appeared for a separation from her husband, George Kemp, brother of Arthur T. Kemp, whose wife, formerly Miss Nielson, has just begun divorce proceedings in Newport. It is understood that the application will not be contested. Mrs. George Kemp was formerly Miss Wax staff, of Kansas. The marriage took place in 1897.

The New Way

The Holland Brush is made of metal, beautifully nickle-plated, the body and teeth of same being hollow, admitting of boiling water, and will dry a lady's hair, after washing in a very few minutes after passing the brush through the hair as you would an ordinary comb or brush, leaving the hair soft and fluffy. In the old way it takes hours to do the same and always with the danger of contracting a cold. It is indispensable where there are children. The Holland Brush will last a life time.

AT THE THEATER

Wilson Barrett's celebrated drama, "The Sign of the Cross," will be the attraction at the Grand opera house next Monday night. The play is laid in Rome during a time of which even history shudders to relate. Nero was emperor; Rome was the most degenerate place on the globe, a veritable Sodom and Gomorra. With such a background the beautiful story of the suffering and martyrdom of the early Christians, who were tortured and given to the beasts in the arena because of their faith, is told in a graphic and impressive manner. Two carloads of scenery.

The love of a Russian prince for a serf forms the focal point of a story of intrigue, strife, and heroism, told in dramatic form in the Russo-Siberian melodrama, "For Her Sake," which comes to the Grand tomorrow night. It is said to be one of the strongest Siberian plays of the recent years, and the comedy element is said to be especially novel and consistent. There are scenes in peasants' huts, in a magnificently appointed hall room, in the interior of a Siberian mine and other characteristic features.

Tonight Alberta Gallatin as Rosalind in "As You Like It" will be seen at the Grand. This will be the treat of the season to the theater-goers of this city. Don't stay away and have your friend tell you it was the best show of the season, but go and see the greatest Shakesperean play on the road. The scenic embellishments are said to be an exact reproduction of the famous $20,000 production which Julia Arthur used in New York. Don't miss it.

SCORE OF LIVES LOST AT SEA

Steamship Saginaw Sunk by Collision With Hamilton During Dense Fog.

Norfolk, Va., May 6.—A collision at sea that cost the lives of 20 or more people and the sinking of the Clyde steamship Saginaw by the Old Dominion Steamship company's liner Hamilton, occurred between Winter Quarter lightship and Fenwick island lightship, on the Virginia coast.

The fog whistles of both vessels were distinctly heard by each other for several minutes before the collision occurred. The fog was so thick that objects a ship's length away were invisible and when the two crafts here in sight of each other, bow on, there was but a moment's interim before they met.

According to the Clyde line officials the names of only 18 passengers are known, and it is admitted by Second Officer Morris that 15 colored women, all of whom are now dead, were in a swamped lifeboat.

Monitor on Trial Trip.

San Francisco, May 6.—The monitor Wyoming went out of the Golden Gate on her official trial trip. She probably will remain at sea 48 hours or more.

Big Sum for Navy.

Tokio, Japan, May 6.—The projected naval program proposes an expenditure of $5,750,000 per year for 10 years.

Municipal Election in Baltimore.

Baltimore, May 6.—The result of the municipal election as to the mayoralty candidates is in doubt. Of the 308 precincts in the city 303 have been counted and they give a plurality of 382 for Robert M. McLane, Democratic candidate, over Frank M. Wachter, Republican. George R. Heffner, Republican, has been elected city comptroller. The Republicans will have a majority in the second branch of the city council and the Democrats a majority in the first branch. At the municipal election in 1899 the Democrats carried the city by 8,600.

Killed With a Wrench.

Wheeling, W. Va., May 6.—James McGowan was assaulted in the engine room of the Benwood mill with a heavy wrench, wielded with such force that his teeth were knocked out and his skull crushed. Death was almost instantaneous. Robert Ritchie, who had threatened to avenge a whipping given by McGowan to Ritchie's friend, crossed the river to Bellaire after the murder, and when arrested admitted having had a quarrel with McGowan. He is in jail at Moundsville.

Ohio Bank Robbed.

WELLSVILLE

A BUSY SESSION OF NEW COUNCIL

Committees Appointed by the President to Look After Various City Interests.

CONSTABLE WON'T SERVE

And An Appointment Will Have to Be Made—Public Service Board Makes An Estimate of Expenditures. Other Matters Discussed.

The city council resumed the adjourned meeting of Monday evening last evening and transacted considerable important business. Only Mr. Bissett was absent. Clerk-elect J. W. McQueen was sworn in. The following committees were appointed by President Crubaugh:

Finance—Shoub, chairman; O'Grady and Blackburn.

Ordinance — O'Grady, chairman, Blackburn and McDonald.

Street—Bissett, chairman; Joseph and Anderson.

By a motion of Mr. O'Grady, President Crubaugh will act as a member of each committee.

Solicitor Boyd stated that the auditing of the clerk's and treasurer's books had been completed by Messrs. Hanley and Adams.

President Crubaugh appointed Shoub, Blackburn and O'Grady as a committee to investigate the report. President Crubaugh was also made a member of this committee.

The resolution for the paving of Lisbon street from Little Yellow creek bridge west to the corporation line was read, and after much discussion, placed on its second reading and passed. It was then placed on its third and final reading, but was lost, O'Grady and Blackburn voting against it. Mr. Shoub stated that the farmers who use this road agreed to haul the necessary brick for paving if the work be done. He also said 90 out of every 100 people in that vicinity are anxious for the improvement. Mayor Fogo was also in favor of the improvement and cited several other roads which really needed the same work. He said: "The expense of improving roads which are inlets to the city is money well spent."

The old council at a meeting some time ago, ordered Solicitor Boyd to commence condemnation proceedings against William Bright and John Elliott for property on Sewer street, which the city wants for the widening of the street. Mr. Elliott refuses to set any price and the price asked by Mr. Bright is considered about four times too high. The present council, with City Engineer Leith, will look over the land and report at the next meeting.

The ordinance pertaining to the vacation of the alley between the properties of A. P. Dennis and W. E. Butler was placed on its first reading. A committee will investigate.

City Solicitor Boyd brought up the dumping of rubbish on Front street between Third and Fourth streets. No action was taken.

A communication was read from Constable-elect J. H. Morehead, stating that he would not fill that office. P. E. Spires, the present constable, has a petition for re-appointment, and the matter was left over until the next meeting.

A communication from Irwin Geiss, was read asking that the members of council meet at Merrill's photograph gallery to have their picture taken for his industrial write-up of the city.

An estimate on one month's expenses of the board of public service was read and council was asked to appropriate the amount. The following are the expenses: Engineer's expenses, $952; janitor's salary, $45, Electric lighting (old), $450; electric lighting (new), not known; members' salaries, $100.

The bill of H. A. Herbert for labor on streets, $342.60, and P. H. White & Son's bill for supplies, $3.05, were ordered paid.

No appropriation will be made for the estimated expenses until the board of public service come before council and explain exactly where all these expenses come from.

The mayor, clerk and auditor were authorized to borrow sufficient money to pay the following bills with a deduction of $195, which is now in the fund: H. A. Herbert, $342.60; P. H. White & Son, $3.05; J. H. Hanley and C. W. Adams, $50; Wellsville Light company, $414.96; William Byers, 115; Dr. F. K. Hutchison, $48.32.

At a late meeting of the old council a resolution was passed to revoke the license of Sewer Contractor George Clark, on a complaint made by J. W. Riley, who stated that it was necessary for him to relay a sewer recently which Mr. Clark had laid last summer. The old council ordered that Mr. Riley be refunded the money, about $35, and Mr. Clark's bondsmen be held responsible. Mr. Clark came before the council last evening and explained why there was a necessity for having the sewer relaid. The action taken by the old council was repealed and Mr. Clark will hereafter be permitted to contract sewer laying. Just how the matter of getting back this $35 which has already been paid to Mr. Riley was not settled.

The meeting adjourned until Wednesday, May 13, when all the appointments will be made.

PITCHED FROM A CLIFF INTO THE WATER

Charles Yates Had a Fall of Thirty Feet That Rendered Him Unconscious.

Charles Yates, of Yellow Creek, was the victim of a very painful accident yesterday afternoon. While fishing with several friends in the creek he fell over a cliff into the water, striking head first. His friends ran to his assistance and dragged him from the water unconscious. He was taken to his home nearby and after the applying of restoratives regained consciousness. Dr. Fraser, of Wellsville, was called and dressed the injuries. The injured man was badly cut about the head and shoulders. Several stitches were necessary to be taken in the gash in the head.

Yates said the accident was due to pure awkwardness, as he was not watching where he was going and was carrying his pole in such an awkward manner. Dr. Fraser stated that he was surprised that the man was not instantly killed, as he fell a distance of nearly 30 feet. The injuries will not prove fatal, but the patient will no doubt be laid up for some time.

Mrs. Walker Arrested And Fined.

A woman giving her name as Mrs. Richard Walker, of East Liverpool, was arrested here Monday evening and placed in the city jail to sober up. She started down Front street and raised such a disturbance that the residents of that vicinity notified the mayor, and Officer Canaday arrested her. Before Mayor Fogo yesterday afternoon she pleaded guilty to the charge of being drunk and disorderly and was fined $8.60, which she paid.

New Team on Rural Route.

Rural Mail Carrier Edward Bunting has received a fine team of sorrel horses from Carrollton. He paid $325 for it. The horses were shipped to Wellsville by express. Heretofore, Mr. Bunting has been compelled to use a light road wagon. This new team will have no trouble in pulling the regular mail wagon, as the roads are somewhat improved.

Merging of Sheet Metal Workers.

Milwaukee, May 6.—The joint committee of the International Association of Sheet Metal Workers and the American Alliance of Sheet Metal Workers, which has been in session several days deliberating over the question of merging the two bodies, has completed its work. The report consists largely of a revision of the constitution and must be ratified by the international convention, now in session, before the merger can be effected. The indications point to ratification by the convention, as the report of the joint committee is unanimous.

FIREMEN QUIT

Five Employed at Chester Mill Were Dissatisfied With Wages.

Five of the six firemen at the tin mill quit last night night. The men made a demand for an increase of wages, which the company refused. The firemen were receiving $2.04 a day of 12 hours and asked for a decrease in the working hours or an increase to $2.25 per day for 12 hours. The running of the mill was not interrupted with, as men were soon secured to take the place of the men who quit.

The work of firing at the Chester mill is considered much easier by the management than like work at other mills, and with the modern improvements in the boilers and grates the labor of firing is reduced to a minimum. The pay of the firemen at the Chester mill also compares favorably with other mills of the American Tin Plate company.

In Readiness to Pave.

A large force of men is getting Carolina avenue between Second and Third streets in shape for paving. The curbing in this block has been completed and Contractor Freshwater expects to have this part of the work finished this week. The curb setters have commenced at Fifth street, and after finishing the paving between Second and Third streets will commence at Fifth street and work to Mark's run. Three carloads of paving brick was received today and is being distributed.

Bridge Receivership.

The Citizens' Trust & Guaranty company, of Parkersburg, as receivers of the East Liverpool bridge, has been succeeded by the Union Trust & Deposit company, of the same city. The change went into effect May 1. The new receivers are practically the same concern, but on account of a law passed at the last session of the legislature, that a surety company is not allowed to do a trust company business, the transfer has been made.

Agreeably Entertained.

The Ladies' Aid society of the Methodist Episcopal church of Chester met yesterday afternoon at the home of Mrs. J. P. Rowen, corner of First and Fairview streets. There was a large attendance and several new members were received. The ladies were delightfully entertained with musical selections, and the hostess served dainty refreshments.

Oil Operations.

The well on the D. C. Glass farm near Fairview, which was drilled in by Treat & Crawford, came in a duster. No more wells will be sunk on the Glass farm at present. The Glass Drilling company is moving its machine to the Whitehill farm, near Kendall, Pa., to drill two wells for D. A. Cameron, of Marietta.

Official Reporters.

Postmaster W. C. Johnston received a communication from the bureau of agriculture at Washington, requesting that the postmaster furnish the names of two farmers in Grant district to furnish monthly reports of the condition of crops. He recommended A. M. Fowler and R. M. Cunningham.

Rectory to be Finished by July.

The mason work on the Catholic rectory has been completed and work on the new frame building has been started. Work on the building will be carried on quickly, and it is thought the building will be ready for occupancy about June 1.

CHESTER NOTES.

Mr. and Mrs. Gomer Wern, of Fairview, visited friends in Chester today.

Tollkeeper John F. Spivey found a pocket book on the bridge yesterday afternoon containing valuable papers and a small amount of change. The owner has not yet claimed the property.

W. E. Mercer has gone to Salineville on business and will be gone for a few days.

James Cameron and William Spivey, of Fairview, were in Chester on business today.

Jesse Allison is very ill with rheumatism at his home near the Allison school house.

Superintendent James McKinnon of the Rock Springs line, has received a large coop of thoroughbred Black Minorca chickens from Youngstown, and intends engaging in the poultry business as a side line.

Rev. G. M. Donehoo, of Charleston, W. Va., will fill the pulpit of the Presbyterian church next Sunday afternoon at 3 o'clock. Rev. Mr. Donehoo is an eloquent minister and a large congregation is expected.

The avowed purpose of the new board of public service to keep the city clean is one that will strike a popular chord. It is a movement that if carried out will add to the beauty of the city and to the comfort and convenience of the citizens. Moreover, it will improve health conditions and help to enhance the value of property. It will be costly, but it will pay, simply as a business proposition. Keeping the city clean means something more than merely sweeping the streets. It means that stable refuse and other accumulations shall not be suffered to rest in alleys and back yards until the air becomes foul with their noisome odor. It means that stagnant water shall be drained off and that garbage and tin cans shall not litter vacant lots. It means especial attention to the carting away and destruction of garbage, and that no receptacle containing garbage shall be allowed to stand, even for an hour, awaiting removal, unless tightly closed. It means that the streets and alleys shall not be cluttered with waste paper and that streets and sidewalks shall not be used for the storage of empty boxes, barrels or waste material that the occupant of the adjacent building has no room for on his premises. It means careful attention to sewer openings to see that they are not clogged up, and a strict enforcement of all sanitary regulations. It is a big task which the board of public service has set for itself, but by no means one that it is impossible to accomplish. Of course the board of health, the street superintendent and citizens generally will have to cooperate, or there will be only partial success. The results aimed at are well worth the necessary effort, and we believe there will be a general disposition on the part of the public to assist in the task of cleaning up the city and of keeping it clean. The city has ordinances enough to ensure perfect cleanliness, if ordinances would do it, but they amount to nothing without work. Work will relieve the city of a long-standing disgrace and help to make life better worth living.

The board of public service has issued an order that no one can find any fault with. It is all right that the street railway be allowed to take up such portions of the pavement as are necessary to improve its track, but it should be required to replace the paving in as good shape as it found it. There has been too much improper repairing in the past, and the sooner an end is put to slipshod methods the better for the city.

It makes no difference to the world and none at all to him now whether the late J. O. Brown, of Pittsburg, committed suicide or died a natural death. Unless the expectation is to prove that he was murdered, the disinterment of his body and the holding of a coroner's inquest looks like a very ill-advised action.

King Edward's pilgrimage to Rome and Paris shows that he wishes England to be friendly with France and Italy. "Splendid isolation" is not an agreeable position for Great Britain to occupy in these days of Russian aggression and of intrigue in the Balkans.

Kentucky's lawless element seems to have the upper hand again. This state of things will continue as long as the people continue to rely upon the shotgun rather than the law to right their wrongs.

No American president has ever had a third term. There will be no exception in the case of Grover Cleveland.

It is said Mrs. Cleveland does not want her husband to be a presidential candidate again. Of course, if the report is correct, the matter is settled.

St. Louis is trying hard to place its boodlers where they need not be conspicuous at the World's fair.

The rest of Europe appears less anxious than it did a few days ago to go hunting the Russian bear.

OBITUARY

Jonathan Hughes.

Salem, May 6.—(Special)—Jonathan Hughes, one of the oldest and best known potters in this section formerly of East Liverpool, died at his home here last night at 10 o'clock after a very short illness with paralysis. The funeral will be held at the house tomorrow afternoon, followed by interment in Quaker cemetery.

He leaves a wife and 11 children. For a number of years he has been employed in the Oliver China company's works here and he worked in various potteries in eastern Ohio.

Cornelius Kennedy.

Cornelius Kennedy, aged 55 years, died this morning shortly after 2 o'clock at his home, Center alley. He had been an invalid for two years and death came as a relief to his long suffering. Funeral arrangements have not yet been completed. A wife and nine children survive, all residents of this city. He was a member of the A. O. H. and C. M. B. A.

Samuel Nold.

Lisbon, May 6.—(Special)—Samuel Nold, whose home was a few miles north of Lisbon, died Sunday morning at Pasedena, Cal. Mr. and Mrs. Nold went to California for their health to remain indefinitely. He was upwards of 60 years old. The body will be brought to the family home accompanied by Mrs. Nold and son, E. M. Nold. Funeral services will be held next Monday at 12:30 o'clock.

BUSINESS SUSPENSION GENERAL

Strike in Omaha Is Serious—Saloons Closed at Midnight to Prevent Trouble.

Omaha, May 6.—That the strike in this city is considered by the city officials to be a most serious one was clearly shown in an order issued by Chief of Police Donahue to his men to close all saloons in the city at midnight and to keep them closed until the present excitement subsides or until otherwise ordered.

The employers of teamsters notified the chief that they would resume business Wednesday morning and demanded protection, stating that they would hold the city responsible for any violence done their men.

While no serious disturbances have occurred there have been several minor cases of trouble. A dozen wagons were held up and their drivers forced to return with loaded wagons. No freight has been moved; hotels have been unable to get supplies and suspension of business has been almost general. A number of restaurants have signed the scale demanded, but none of the larger concerns have conceded a single point.

Harvard Senior Missing.

Cambridge, Mass., May 6.—William Whitwell, a Harvard senior, has been missing from college since Feb. 27. He left hurriedly without taking any effects, due to receipt of word that his father, Dr. Whitwell, of New York, was dangerously ill at home. Young Whitwell did not reach home. His father has since died. Mrs. Whitwell entertains the hope that her son is all right. Whitwell was 6 feet 2 inches in height and weighed nearly 200 pounds. A report was current among Harvard undergraduates that a note was left by Whitwell saying that he was tired of life.

Newspaper Sold at Auction.

Augusta, Ga., May 6.—The Augusta Chronicle, one of the oldest newspapers in the south, was sold at public auction. The paper was bid in by Thomas W. Loyless, editorial writer on the Atlanta Constitution, for $40,800. Henry H. Cabaniss, of Atlanta, one of the most widely known newspaper men of the south, is also interested in the purchase and will go to Augusta to assume the active management of the paper.

Another Applicant for Divorce.

New York, May 6.—Mrs. Lilly Torrey Kemp appeared for a separation from her husband, George Kemp, brother of Arthur T. Kemp, whose wife, formerly Miss Nielson, has just begun divorce proceedings in Newport. It is understood that the application will not be contested. Mrs. George Kemp was formerly Miss Wagstaff, of Kansas. The marriage took place in 1895.

AT THE THEATER

Wilson Barrett's celebrated drama, "The Sign of the Cross," will be the attraction at the Grand opera house next Monday night. The play is laid in Rome during a time of which even history shudders to relate. Nero was emperor; Rome was the most degenerate place on the globe, a veritable Sodom and Gomorra. With such a background the beautiful story of the suffering and martyrdom of the early Christians, who were tortured and given to the beasts in the arena because of their faith, is told in a graphic and impressive manner. Two carloads of scenery.

The love of a Russian prince for a serf forms the focal point of a story of intrigue, strife, and heroism, told in dramatic form in the Russo-Siberian melodrama, "For Her Sake," which comes to the Grand tomorrow night. It is said to be one of the strongest Siberian plays of the recent years, and the comedy element is said to be especially novel and consistent. There are scenes in peasants' huts, in a magnificently appointed hall room, in the interior of a Siberian mine and other characteristic features.

Toright Alberta Gallatin as Rosalind in "As You Like It" will be seen at the Grand. This will be the treat of the season to the theater-goers of this city. Don't stay away and have your friend tell you it was the best show of the season, but go and see the greatest Shakesperean play on the road. The scenic embellishments are said to be an exact reproduction of the famous $20,000 production which Julia Arthur used in New York. Don't miss it.

SCORE OF LIVES LOST AT SEA

Steamship Saginaw Sunk by Collision With Hamilton During Dense Fog.

Norfolk, Va., May 6.—A collision at sea that cost the lives of 20 or more people and the sinking of the Clyde steamship Saginaw by the Old Dominion Steamship company's liner Hamilton, occurred between Winter Quarter lightship and Fenwick island lightship, on the Virginia coast.

The fog whistles of both vessels were distinctly heard by each other for several minutes before the collision occurred. The fog was so thick that objects a ship's length away were invisible and when the two crafts love in sight of each other, bow on, there was but a moment's interim before they met.

According to the Clyde line officials the names of only 18 passengers are known, and it is admitted by Second Officer Morris that 15 colored women, all of whom are now dead, were in a swamped lifeboat.

Monitor on Trial Trip.

San Francisco, May 6.—The monitor Wyoming went out of the Golden Gate on her official trial trip. She probably will remain at sea 48 hours or more.

Big Sum for Navy.

Tokio, Japan, May 6.—The projected naval program proposes an expenditure of $5,750,000 per year for 10 years.

Municipal Election in Baltimore.

Baltimore, May 6.—The result of the municipal election as to the mayoralty candidates is in doubt. Of the 308 precincts in the city 303 have been counted and they give a plurality of 382 for Robert M. McLane, Democratic candidate, over Frank M. Wachter, Republican. George R. Heffner, Republican, has been elected city comptroller. The Republicans will have a majority in the second branch of the city council and the Democrats a majority in the first branch. At the municipal election in 1899 the Democrats carried the city by 8,600.

Killed With a Wrench.

Wheeling, W. Va., May 6.—James McGowan was assaulted in the engine rom of the Benwood mill with a heavy wrench, wielded with such force that his teeth were knocked out and his skull crushed. Death was almost instantaneous. Robert Ritchie, who had threatened to avenge a whipping given by McGowan to Ritchie's friend, crossed the river to Bellaire after the murder, and when arrested admitted having had a quarrel with McGowan. He is in jail at Moundsville.

Ohio Bank Robbed.

WELLSVILLE

A BUSY SESSION OF NEW COUNCIL

Committees Appointed by the President to Look After Various City Interests.

The city council resumed the adjourned meeting of Monday evening last evening and transacted considerable important business. Only Mr. Bissett was absent. Clerk-elect J. W. McQueen was sworn in. The following committees were appointed by President Crubaugh:

Finance—Shoub, chairman; O'Grady and Blackburn.

Ordinance — O'Grady, chairman; Blackburn and McDonald.

Street—Bissett, chairman; Joseph and Anderson.

By a motion of Mr. O'Grady, President Crubaugh will act as a member of each committee.

Solicitor Boyd stated that the auditing of the clerk's and treasurer's books had been completed by Messrs. Hanley and Adams.

President Crubaugh appointed Shoub, Blackburn and O'Grady as a committee to investigate the report. President Crubaugh was also made a member of this committee.

The resolution for the paving of Lisbon street from Little Yellow creek bridge west to the corporation line was read, and after much discussion, placed on its second reading and passed. It was then placed on its third and final reading, but was lost, O'Grady and Blackburn voting against it. Mr. Shoub stated that the farmers who use this road agreed to haul the necessary brick for paving if the work be done. He also said 90 out of every 100 people in that vicinity are anxious for the improvement. Mayor Fogo was also in favor of the improvement and cited several other roads which really needed the same work. He said: "The expense of improving roads which are inlets to the city is money well spent."

The old council at a meeting some time ago, ordered Solicitor Boyd to commence condemnation proceedings against William Bright and John Elliott for property on Sewer street, which the city wants for the widening of the street. Mr. Elliott refuses to set any price and the price asked by Mr. Bright is considered about four times too high. The present council, with City Engineer Leith, will look over the land and report at the next meeting.

The ordinance pertaining to the vacation of the alley between the properties of A. P. Dennis and W. E. Butler was placed on its first reading. A committee will investigate.

City Solicitor Boyd brought up the dumping of rubbish on Front street between Third and Fourth streets. No action was taken.

A communication was read from Constable-elect J. H. Morehead, stating that he would not fill that office. P. E. Spires, the present constable, has a petition for reappointment, and the matter was left over until the next meeting.

A communication from Irwin Geiss, was read asking that the members of council meet at Merrill's photograph gallery to have their picture taken for his industrial write-up of the city.

An estimate on one month's expenses of the board of public service was read and council was asked to appropriate the amount. The following are the expenses: Engineer's expenses, $952; janitor's salary, $45; Electric lighting (old), $150; electric lighting (new), not known; members' salaries, $100.

The bill of H. A. Herbert for labor on streets, $342.60, and P. H. White & Son's bill for supplies, $3.05, were ordered paid.

No appropriation will be made for the estimated expenses until the board of public service come before council and explain exactly where all these expenses come from.

The mayor, clerk and auditor were authorized to borrow sufficient money to pay the following bills with a deduction of $195, which is now in the fund: H. A. Herbert, $342.60; P. H. White & Son, $3.05; J. H. Hanley and C. W. Adams, $70; Wellsville Light company, $414.96; William Byers, 15; Dr. F. K. Hutchison, $48.32.

At a late meeting of the old council a resolution was passed to revoke the license of Sewer Contractor George Clark, on a complaint made by J. W. Riley, who stated that it was necessary for him to relay a sewer recently which Mr. Clark had laid last summer. The old council ordered that Mr. Riley be refunded the money, about $35, and Mr. Clark's bondsmen be held responsible. Mr. Clark came before the council last evening and explained why there was a necessity for having the sewer relaid. The action taken by the old council was repealed and Mr. Clark will hereafter be permitted to contract sewer laying. Just how the matter of getting back this $35 which has already been paid to Mr. Riley was not settled.

The meeting adjourned until Wednesday, May 13, when all the appointments will be made.

CONSTABLE WON'T SERVE

And An Appointment Will Have to Be Made—Public Service Board Makes An Estimate of Expenditures. Other Matters Discussed.

JANITOR REFUSED TO GIVE UP KEYS

Newly Appointed Wellsville City Employe Finds It Impossible To Go To Work.

The board of public service held another meeting this morning. Among other matters of business transacted they appointed William T. Green to the janitorship of the city building and as a result there was quite a scene in the mayor's office a few minutes later. Green applied to the present janitor, William Elliott, for the keys, and the latter refused to produce them.

Green then went to the board, but its advice availed nothing, Elliott still refusing to turn over the keys. He now thinks he has plenty of backing, the mayor having instructed him to continue his work as heretofore. Just what the outcome will be is not known, but the matter is to be taken up at the special meeting to be called this week.

There were other interesting matters presented to the board. City Engineer Leith and Street Commissioner Culp have both been ousted from their positions as a result of a disagreement between council and the board of public service and it must be settled at the meeting.

PITCHED FROM A CLIFF INTO THE WATER

Charles Yates Had a Fall of Thirty Feet That Rendered Him Unconscious.

Charles Yates, of Yellow Creek, was the victim of a very painful accident yesterday afternoon. While fishing with several friends in the creek he fell over a cliff into the water, striking head first. His friends ran to his assistance and dragged him from the water unconscious. He was taken to his home nearby and after the applying of restoratives regained consciousness. Dr. Fraser, of Wellsville, was called and dressed the injuries. The injured man was badly cut about the head and shoulders. Several stitches were necessary to be taken in the gash in the head.

Yates said the accident was due to pure awkwardness, as he was not watching where he was going and was carrying his pole in such an awkward manner. Dr. Fraser stated that he was surprised that the man was not instantly killed, as he fell a distance of nearly 30 feet. The injuries will not prove fatal, but the patient will no doubt be laid up for some time.

Mrs. Walker Arrested And Fined.

A woman giving her name as Mrs. Richard Walker, of East Liverpool, was arrested here Monday evening and placed in the city jail to sober up. She started down Front street and raised such a disturbance that the residents of that vicinity notified the mayor, and Officer Canaday arrested her. Before Mayor Fogo yesterday afternoon she pleaded guilty to the charge of being drunk and disorderly and was fined $8.60, which she paid.

New Team on Rural Route.

Rural Mail Carrier Edward Bunting has received a fine team of sorrel horses from Carrollton. He paid $325 for it. The horses were shipped to Wellsville by express. Heretofore, Mr. Bunting has been compelled to use a light road wagon. This new team will have no trouble in pulling the regular mail wagon, as the roads are somewhat improved.

Merging of Sheet Metal Workers.

Milwaukee, May 6.—The joint committee of the International Association of Sheet Metal Workers and the American Alliance of Sheet Metal Workers, which has been in session several days deliberating over the question of merging the two bodies, has completed its work. The report consists largely of a revision of the constitution and must be ratified by the international convention, now in session, before the merger can be effected. The indications point to ratification by the convention, as the report of the joint committee is unanimous.

Strenuous Calls.

"Oh, come, Carl! You know we must make these calls."

"Can't do it, Clara. Have to work."

"Heavens! Don't you call that work?"—Puck.

FIREMEN QUIT

Five Employed at Chester Mill Were Dissatisfied With Wages.

Five of the six firemen at the tin mill quit last night night. The men made a demand for an increase of wages, which the company refused. The firemen were receiving $2.04 a day of 12 hours and asked for a decrease in the working hours or an increase to $2.25 per day for 12 hours. The running of the mill was not interrupted with, as men were soon secured to take the place of the men who quit.

The work of firing at the Chester mill is considered much easier by the management than like work at other mills, and with the modern improvements in the boilers and grates the labor of firing is reduced to a minimum. The pay of the firemen at the Chester mill also compares favorably with other mills of the American Tin Plate company.

In Readiness to Pave.

A large force of men is getting Carolina avenue between Second and Third streets in shape for paving. The curbing in this block has been completed and Contractor Freshwater expects to have this part of the work finished this week. The curb setters have commenced at Fifth street, and after finishing the paving between Second and Third streets will commence at Fifth street and work to Mark's run. Three carloads of paving brick was received today and is being distributed.

Bridge Receivership.

The Citizens' Trust & Guaranty company, of Parkersburg, as receivers of the East Liverpool bridge, has been succeeded by the Union Trust & Deposit company, of the same city. The change went into effect May 1. The new receivers are practically the same concern, but on account of a law passed at the last session of the legislature, that a surety company is not allowed to do a trust company business, the transfer has been made.

Agreeably Entertained.

The Ladies' Aid society of the Methodist Episcopal church of Chester met yesterday afternoon at the home of Mrs. J. P. Rowen, corner of First and Fairview streets. There was a large attendance and several new members were received. The ladies were delightfully entertained with musical selections, and the hostess served dainty refreshments.

Oil Operations.

The well on the D. C. Glass farm near Fairview, which was drilled in by Treat & Crawford, came in a duster. No more wells will be sunk on the Glass farm at present. The Glass Drilling company is moving its machine to the White hill farm, near Kendall, Pa., to drill two wells for D. A. Cameron, of Marietta.

Official Reporters.

Postmaster W. C. Johnston received a communication from the bureau of agriculture at Washington, requesting that the postmaster furnish the names of two farmers in Grant district to furnish monthly reports of the condition of crops. He recommended A. M. Fowler and R. M. Cunningham.

Rectory to be Finished by July.

The mason work on the Catholic rectory has been completed and work on the new frame building has been started. Work on the building will be carried on quickly, and it is thought the building will be ready for occupancy about June 1.

CHESTER NOTES.

Mr. and Mrs. Gomer Wern, of Fairview, visited friends in Chester today.

Tollkeeper John F. Spivey found a pocket book on the bridge yesterday afternoon containing valuable papers and a small amount of change. The owner has not yet claimed the property.

W. E. Mercer has gone to Salineville on business and will be gone for a few days.

James Cameron and William Spivey, of Fairview, were in Chester on business today.

Jesse Allison is very ill with rheumatism at his home near the Allison school house.

Superintendent James McKinnon of the Rock Springs line, has received a large coop of thoroughbred Black Minorca chickens from Youngstown, and intends engaging in the poultry business as a side line.

Rev. G. M. Donehoo, of Charleston, W. Va., will fill the pulpit of the Presbyterian church next Sunday afternoon at 3 o'clock. Rev. Mr. Donehoo is an eloquent minister and a large congregation is expected.

REALM OF SPORTS

GIBSON TO PLAY WITH Y. M. C. A.

He Will Star at Short, to the Satisfaction of the Fans—Murphy to Remain.

Manager Billy McNutt, of the Y. M. C. A. base ball team, announces his intention of giving home talent a trial at short stop. He has tried two foreign men and though Maag did fairly well he was not altogether satisfactory, and Walton, the second trial, was the worst that has had nerve enough to face a crowd in the West End park. The third man to have a chance is Gibson, the little fellow that played several games with the first team last season. It is the opinion of the fans who have seen him work that he will make good and that in a very short time he will be approved by all.

Manager McNutt says that Gibson has the making of a short stop in him and a little development will bring him around in first-class order. Gibson is possibly too backward. He has no confidence and does not think he will fill the bill, but his friends think and know better and will give him a fair trial. He will not be expected to be the whole thing in the first game and will not be released if he falls down for awhile. Last year he played a much better game than either of the two foreign players that have been in the position this year. He is also a good batter and there is no reason why he will not do the team credit.

In two weeks' time it is very probable that Murphy will be the only out-of-town player in the team. He is undoubtedly here for good and, there are none that are not glad of it. For filling any vacancy on a team he has no superior. It is conceded that he is the fastest fielder and one of the surest batters on the team, and it is said that he is anything but slow in the pitcher's box. In that position he will be given a trial on Saturday. He has all kinds of speed and curves, too. Manager McNutt has slated Barker to pitch tomorrow's game and Winters on Friday.

MORE TEAMS ORGANIZED

Two Aggregations Formed in Belmont Club And They Are About Ready for Play.

East Liverpool will undoubtedly be better supplied with base ball teams this year than with railroads. The latest to spring into existence comes from the Belmont club. The boys of this social organization have formed two clubs and are now ready to meet any amateur team in the country, the Southside Rangers not excepted. The teams are classified as the first team and the second team.

The captain of the latter could not be located today, and only the lineup of the first team could be obtained. It is as follows: Samuel Firth, catcher; H. Russell, pitcher; Bub Minehart, short; G. Stewart, first; R. L. Chambers, second; W. T. Robinson, third; F. Y. A. Owens, right; Will S. F. Mountford, center; Dock D. Ferguson, left; William S. W. Blythe and Bert Davis, assistant to William Farmer, the water boy. "Bubbie" Minehart will captain the team. Bert Harker will likely be the strongest member of the first team. He had considerable experience while at school and will make a hot short stop.

There Was No Game.

The game to have been played in the West End park yesterday afternoon was called off, but not until quite a crowd had assembled to witness the contest. Why there was no game two reasons are given. The East Liverpool Athletics state that it was because Jamestown was afraid of defeat, fearing that if the second team beat them they would draw no crowd at the three games with the Y. M. C. A. team. The visitors said it was because they had no pitcher. They got one this morning and it is supposed that he was here yesterday. They play at Rochester this afternoon.

A LARGE CONTRACT

What B. C. Ansley Wants Every Person in East Liverpool To Do.

When B. C. Ansley, the enterprising druggist, first offered a 50 cent package of Dr. Howard's specific for the cure of constipation and dyspepsia at half price, and guaranteed to return the money if it did not cure, he thought it probable from his experience with other medicines for these diseases, that he would have a good many packages returned. But although he has sold hundreds of bottles, not one has been brought back.

B. C. Ansley wants every person in East Liverpool who has constipation, headaches, or liver trouble to come to his store or send him 25 cents by mail and get 60 doses of the best medicine ever made at half the regular price, with his personal guarantee to refund the money if it does not cure.

To those suffering with dizziness, headache, poor digestion, constipation and straining, Dr. Howard's specific offers quick relief. It is an invaluable boon to all who feel uncomfortable after eating, and is today the popular dinner pill in all the large cities.

Mr. Ansley is giving the people of East Liverpool a great opportunity to obtain a reliable remedy at small cost if it cures and at no expense at all if it does not cure.

Marines Ready to Play.

The Marines, of East Liverpool, are out with a challenge to the teams of Lisbon, Salineville, East Palestine, New Castle and McDonald. The lineup of the Marines is as follows: T. Watkin, catcher; Shengler and Chadwick, pitchers; Mayes, first; Beach, second; Reed, third; McBane, left; W. Rowe, center; Wucherer, right. The Marines have been greatly strengthened and will prove formidable antagonists to any of the teams to which they have issued challenges.

Little Fishing Legal.

Attention has been called to the fact that sunfish and blue gills are included in the law which prohibits the catching of black bass during the month of May. The game wardens of the state are anxious that the public be posted upon this fact so that there will be no violations of the law from ignorance. About the only thing that can be caught during this month are suckers, catfish and chubs.

Grounds for New Brighton.

The Athletics, of New Brighton, Pa., formerly the Indians, have secured the Pierce-Crouch park for their home games. All of the old players of last season have been retained and two new men, Carr and Campbell, have been added to the team. The team has several open dates, including July 4 and Decoration day, and would like to arrange games with any first-class team. Address Manager Louis Bertchold, Fifth avenue, New Brighton.

Reark Will Play.

Chick Reark will play middle field for the locals in the first game with Jamestown tomorrow afternoon. The announcement will be gladly welcomed by the fans. They know what Chick can do. He is there both in his position and at the bat and it always seems like there is more life in a game when he figures in it. Emmerling will catch, Barker will pitch, Wallace at first, Harker at second, Davis at third, Gibson at short, Murphy in left, and Reilly in right.

Bowling Contest.

The East Liverpool bowling team will do battle with the Keystones of Beaver Falls on the Imperial alleys tomorrow evening. No doubt a large crowd will witness the series, which is to be of three games, as each team has won a series and the rivalry is strong. The lineup of the local team is as follows: Craig, H. Clark, E. Clark, Carnahan and Rigby.

SPORTING MISCELLANY.

The Canton base ball club is reported disbanded.

Corbett has left New York for San Francisco to get in trim to meet Jeffries.

The Columbus Driving Park association hope to give an automobile race meeting in that city in June.

Jack Root, the Chicago light heavyweight, conqueror of Kid McCoy, will, after a brief rest, go after a return match with George Gardner, the Lowell light heavyweight.

The Niles team will open the season on Wednesday, May 20. New Castle's best club will be the attraction. On the Saturday following Niles will meet a strong team from Akron.

Jack Doyle has been called the "Wandering Jew" of base ball. Since he graduated from the Columbus team he has played in the following major league cities: New York twice, Baltimore, Washington and Chicago, in the National league, and Washington in the American. He is doing stunts with Brooklyn this year.

A Little Early Riser

now and then, at bedtime, will cure constipation, biliousness and liver troubles. DeWitt's Little Early Risers are the famous little pills that cure by arousing the secretions, moving the bowels gently, yet effectually, and giving such tone and strength to the glands of the stomach and liver that the cause of the trouble is removed entirely, and if their use is continued for a few days, there will be no return of the complaint. Sold by Alvin H. Bulger.

SALINEVILLE

Salineville, May 6.—Benjamin Evans, one of the leading grocerymen, went to Chicago last week to attend the commencement at Lake Forest university, where his son Louis was graduated from the dental department.

Miss Mary Hutson, of Fox township, Carroll county, who has been seriously ill for some time, was removed to a Cleveland hospital for treatment on the suggestion of Dr. Bigger, of that city, who was here to see her last week.

Laughlin McBane, of Pine Hill, is on the sick list. His son, the cashier of the Citizens' Banking company, was called home a few days ago to his bedside.

W. A. Thompson was in town in attendance at a meeting of the board of directors of the banking company.

Mrs. J. C. Haverfield, of Cadiz, after a ten days' visit with friends and relatives in the village, has returned to her home.

Mrs. Frank B. Sawval, of Greenville, Pa., was the guest of her parents, Mr. and Mrs. H. A. Thompson, over Sunday.

George Allman and Ben Terry, of Wattsville, Carroll county, were here lately.

Bert George went to Scroggsfield recently to visit home folks.

Rural free delivery is not very satisfactory to farmers and others in portions of Columbiana county.

John Meredith has another attack of inflammatory rheumatism.

An electrical storm passed over Salineville Sunday with a heavy rain through the day.

A little life may be sacrificed to a sudden attack of croup, if you don't have Dr. Thomas' Eclectric Oil on hand for the emergency.

TWO DEVELOPMENTS

Postoffice Investigation Still Continued, but Nothing of Importance Made Public.

TULLOCH'S EVIDENCE WANTED

Ex-Representative Loud in Conference With Postmaster General. Present Inquiry Contemplated for a Long Time.

Washington, May 6.—There were two important developments in the postoffice investigation, first the dispatch of a letter calling for the evidence in the possession of S. W. Tulloch, the former cashier of the Washington city postoffice, to substantiate his charges against the administration of the department several years ago, and, second the announcement that the present investigation was agreed on early last winter.

The replies of Mr. Bristow, Postmaster Merritt, of this city, and presumably of ex-Postmaster General Charles Emory Smith have been received, but Mr. Payne stated that all the replies called for had not yet been submitted.

Ex-Representative Loud, of California, for many years chairman of the house committee on postoffices and post roads, and probably a delegate of the United States to the international postal congress to be held at Rome, Italy, next spring, was in conference with the postmaster general concerning the investigation. The postmaster general announced to the newspaper men that the present investigation was contemplated as long ago as last December and that the work along the lines now being pursued by Mr. Bristow was then decided on. Mr. Payne said this was provided for in an item in the last appropriation act for contingent expenses of the office of the postmaster general.

The postmaster general said that the item, although it has escaped attention heretofore, was agreed on between himself and Mr. Loud for the express purpose of investigating the postal service after the adjournment of congress. Mr. Payne said that he and Mr. Loud had had frequent conferences on the subject and had agreed that an investigation should be made to determine whether changes in methods were needed, such as safeguarding contracts and purchases, etc. Mr. Payne said that it was proposed to see if any "crookedness" existed in the department. It was a big undertaking, he said, to go out over the country and take up the investigation and the method pursued was adopted as most likely to subserve the interests of the service. He said that at that time it was not believed there was any dishonesty.

C. & P. IMPROVEMENTS ABOUT SALINEVILLE

That Town Will Be Headquarters for the Double Tracking Work on the Main Line.

Salineville, May 6.—(Special.)—The C. & P. railroad near Salineville will be the scene of much hustle the coming summer, says a representative of the firm that has the contract for the double tracking between Yellow creek and Summitville. J. P. Gill, superintendent of the constructing gang, has opened his main office here in the Hartley building near the depot. Carpenters have been busy putting the large room in shape for the superintendent and his clerks. Several cars of tools have arrived and are awaiting the arrival of a force of men to unload them. The superintendent attempted to get men here, but failed, as not an idle man could be found here Monday.

Work will be commenced at a point about one mile above this city at a point near Rockville. The superintendent expects to be in his office here a large part of the time, though he will also have offices at Summitville and Irondale, but expects to make the point of distributing from Salineville. Very heavy work will be necessary above this town, as the contractors will have solid rock to commence with and the same will be met with often on the grade between here and Summitville. The superintendent stated that work in earnest will be inaugurated the latter part of the week. The rights of way have all been taken up, and the proposed route will differ somewhat from the old line.

CHRONIC SORES

Signs of Polluted Blood.

There is nothing so repulsive looking and disgusting as an old sore. You worry over it till the brain grows weary and work with it until the patience is exhausted, and the very sight of the old festering, sickly looking place makes you irritable, despondent and desperate.

A chronic sore is the very best evidence that your blood is in an unhealthy and impoverished condition, that your constitution is breaking down under the effects of some serious disorder. The taking of strong medicines, like mercury or potash, will sometimes so pollute and vitiate the blood and impair the general system that the merest scratch or bruise results in obstinate non-healing sores of the most offensive character.

Often an inherited taint breaks out in frightful eating sores upon the limbs or face in old age or middle life. Whenever a sore refuses to heal the blood is always at fault, and, while antiseptic washes, salves, soaps and powders can do much to keep down the inflammation and cleanse the sore, it will never heal permanently till the blood itself has been purified and the deadly germs and poisons destroyed, and with S. S. S. this can be accomplished—the polluted blood is purified and invigorated, and when rich, pure blood is again circulating freely throughout the body the flesh around the old sore begins to take on a natural color, the discharge of matter ceases and the place heals over.

S. S. S. is both a blood purifier and tonic that puts your blood in order and at the same time tones up the system and builds up the general health. If you have a chronic sore write us. No charge for medical advice.

20TH YEAR. NO. 107. EAST LIVERPOOL, O., WEDNESDAY, MAY 6, 1903. TWO CENTS

BROTHERHOOD MEN ARE CONSERVATIVE

The Fact Conclusively Shown in Defeat of Resolutions Calculated to Work Harm to the Organization.

A BIG BATCH OF WORK TO DISPOSE OF

BY O. H. BOOTON,
Staff Correspondent.

Wheeling, May 6.—Two of the three resolutions reported back to the N. B. of O. P. convention from the committees were defeated at the session yesterday afternoon. But one of the three had the indorsement of the committee and this one was accepted by the delegates.

There can be no better evidence of the conservativeness of the convention than the result of the deliberations yesterday afternoon One of the measures presented might have worked great harm to the organization had it been accepted, but the delegates were wary and sent it to an unmarked grave. This was the resolution for the establishment of an insurance feature.

The committee on the state of the order was the only one ready to report at the session this afternoon. The others were deep in work all of yesterday and far into the night. Many resolutions have been introduced and the committees started to work upon them at noon. They had scarcely time for dinner and after the adjournment of the afternoon session were still at their desks.

The committee on the state of the order had fewer resolutions to consider than the other committees and consequently was the first to report. Wages, scales, the uniform list and other important matters were in the hands of the three other committees and were not considered at yesterday's session.

Noon today is the last hour for the introduction of resolutions unless by consent of two-thirds of the delegates, and several measures which have been kept in the background must then be placed before the delegates. The number of resolutions are fewer than last year, but among them are several of such an important nature that many hours will be consumed in their disposition. It looks now as though the convention will be continued after the end of the week. This prediction is made in spite of the fact that the committees have sacrificed many pleasures in order to expedite the work and the business-like sessions of the body. With two days of the convention gone the great bulk of the business remains to be considered and passed upon.

The first resolution defeated yesterday afternoon was the one introduced and fathered by local No. 40, of Trenton, indorsing the Potters' Journal as a true advocate of union principles and thus entitled to the support and patronage of the Brotherhood. A keen opposition to the measure was at once developed. It is stated that the question was not a new one, and that previous conventions have had it to consider. The reason advanced by the delegates opposing the resolution was that the paper does not carry the label of the allied printing trades and until this could be explained, indorsing it as a union organ was not to be considered. The matter was of moment to only the eastern delegates, as those in the west seldom see that newspaper.

A resolution that boded no good to the organization was one that was presented by local No. 26, of Kokomo, providing for an insurance feature. The measure was not full as to detail. There was no provision as to whether the insurance was to be compulsory or optional and such matters as rates, premiums and conditions would have been determined after the adoption of the measure. The delegates are to be commended on turning down a measure so void of any defined aim or end as its adoption would no doubt have worked great harm to the organization in years to come. The plan has been tried by other organizations and has not been a success.

Local No. 4, of East Liverpool, was successful in its first resolution to come before the body. This resolution provides that the Brotherhood stamp may be used by union plants, irrespective of the uniform scale. The Brotherhood stamp was adopted several years ago but has never appeared on ware from any plant in the United States. There has been a law prohibiting its use unless the ware was made under the uniform list, but this condition has been changed by No. 4's resolution. The Brotherhood stamp will, in consequence, be seen on ware for the first time.

While the uniform scale is effective in nearly every branch of the trade in the west, the few exceptions have prevented the use of the label. For instance there is no uniform scale in force among the decorators and although these operatives may have received more than the uniform list calls for, the label could not be used.

Several of the East Liverpool plants, it is stated, and all the Sebrings' in-

THE RESOLUTIONS UNDER DISCUSSION

UNIFORM SCALE FOR GILDERS AND GROUNDLAYERS.

A Movement to Present Retiring President Hughes a Testimonial Is Very Popular.

Wheeling, May 6.—(Special)—The morning session commenced promutly at 9 o'clock and after roll call the reports of committees were heard. The attendance of the delegates is remarkable for a convention of this size, scarcely one being absent from the sessions.

The morning session was devoted to the discussion of resolutions.

The first matter reported on by the committee was a resolution granting to the several locals the right to adjust certain questions which frequently arise, for themselves, instead of referring it to the arbitration board.

A resolution presented by local union No. 12 asked that an apprenticeship clause be placed in the scale governing that trade. There is no rule to follow in this branch at present, and there are instances of where batters-out and mould runners have been employed but a short time by jiggermen until they take up a situation as jiggerman to the detriment of the entire trade. The resolution was thought to be too broad in its provisions, and would hinder the advancement of the jiggermen's helpers, since anyone would be permitted to enter upon an apprenticeship, regardless of his lack of knowledge of the trade. The resolution was referred back.

The most important resolution yet introduced was that adopting a uniform scale for the gilders, liners and groundlayers. The move does not involve an advance in the present rate of wages, but insures uniformity. It was adopted. The measure was brought to the attention of the convention by local union No. 19, of East Liverpool.

The old question of holding biennial sessions of the convention, was up once more in the shape of a resolution, but was defeated.

No. 35, kilnmen, of Trenton, wanted the reinstatement fee for members of local unions raised from $5 to $10. The resolution was not concurred in.

The delegates have entered enthusiastically upon a movement to buy a testimonial gift to be presented to President A. S. Hughes, upon his retirement. No definite plans have been adopted with reference to the design or the manner of raising the fund for its purchase, but it is expected that will have taken on definite form within a day or two.

Tonight the delegates will be entertained with a smoker to be given by the Trades and Labor assembly. The address of welcome will be made by Joseph H. Lyons, and Harry Hailes will respond. This will be followed by addresses by T. J. Duffy, L. M. Brown, Michael Mahoney and J. Hecker. The music will be provided by Appenzeller's orchestra.

STATE CONVENTION KNIGHTS OF COLUMBUS

Officers Elected and Lima Chosen For the Next Convention.

Dayton, May 6.—(Special)—The state council of the Knights of Columbus adjourned, to hold its next convention in Lima. Officers were elected as follows:

State deputy, M. B. McCarthy, Toledo; secretary, P. J. McCarthy, Youngstown; treasurer, F. A. Douche, Steubenville; warden, R. J. Bour, Canton; delegates to national convention at New Haven, P. J. Brady, Cleveland, M. B. McCarthy, Toledo; P. A. Gavin, Toronto; A. O. Dwyer, Toledo.

To Repair Pennsylvania Avenue.

Acting under instructions from the board of public service, Commissioner Frank Dickey this morning sent a force of men to the East End with orders to make repairs on Pennsylvania avenue. The thoroughfare is in bad condition, and the paving is becoming more irregular with each day's usage. It is the intention of the commissioner to go ahead with the work with as much haste as possible.

CONTEST BEGUN OF CREEDON WILL

Undue Influence and Coercion Alleged to Have Been Brought to Bear.

$1,500 IS IN DISPUTE

Lisbon, May 6.—(Special)—The contested will case from East Liverpool in which Jere Creedon, Joanna Weingartner and Thomas Creedon are plaintiffs against Mary McKay, Dennis Creedon and Richard McSweeney, the latter as executor of the estate of Mary Creedon, deceased, came on for a hearing in court today. The plaintiffs ask that the paper purporting to be Mary Creedon's will be submitted to the jury with the evidence and that it be set aside.

In their petition the plaintiffs claim that Mary Creedon died at her home in East Liverpool July 28, 1901 and that Jere Creedon, Joanna Weingartner, Thomas Creedon, Mary McKay and Dennis Creedon are all the only heirs at law of the deceased. It is alleged that on August 28, 1901 a paper writing represented to be Mrs. Creedon's will was presented the probate court and admitted to record September 10, 1901, whereupon Richard McSweeney qualified as executor. By the terms of the will Jere Creedon and Mary McKay were made the sole heirs.

The petition charges that the paper is not the last will of Mrs. Creedon, alleging that at the time it was drawn up she was critically ill and that her delirium incapacitated her from making a proper distribution of her property. It is further charged that she was coerced by undue influence and false representations. The amount involved is about $1,500.

A large number of witnesses are here to testify. Brookes & Thompson are attorneys for the plaintiff and Judge P. M. Smith and Charles Boyd represent the defendants.

NO BIDDERS, NO SALE

Sheriff Came to Sell Advertised Property, But Did Not Succeed.

Sheriff Leonard was in town yesterday to make a sheriff's sale, but he did not make it. Forty-seven lots in Garner & Hodson's addition, north of Gardendale, had been advertised for sale for the second time. But one man was present at the "sale" besides the sheriff and he was not a bidder. The appraisement was considered too high, and the property will have to be reappraised and advertised again.

The property was that of George Garner et al, foreclosed by H. W. Hendrickson. The appraisement was $2,950.

A Lisbon Wedding.

Lisbon, May 6.—(Special.)—Frank J. Patterson, a well known funeral director here, and Miss Verna Bye, daughter of Samuel Bye, daughter of Samuel Bye, former county commissioner, were married at the home of the bride's parents at noon today. Rev. J. P. Anderson officiated and the ceremony was witnessed only by a few relatives of the couple. Mr. and Mrs. Patterson left this afternoon on a trip to Cleveland and other lake towns. They will be at home here June 1.

A DESERTED WIFE HAS ENTERED SUIT

Wants Husband Punished For Neglect and Cruelty Toward His Family.

FIYE CHILDREN TO SUPPORT

And the Mother Says the Whole Burden Falls Upon Her—A Peculiarly Sad Case Brought to Light By a Suit.

Charging cruelty, desertion and non-support, Mrs. Allen Malkin, of Minerva street, appeared at the office of Squire Daniel McLane at an early hour this morning and had a warrant issued for the arrest of her husband. The warrant was placed in the hands of Constable Copestick and the man was taken in charge shortly before noon. He pleaded guilty and will have a hearing at 3 p. m.

Mrs. Malkin's case is a most deplorable one. She states that for months she has been compelled to care for her five minor children, the youngest of which is 8 months old, and the oldest barely 14 years of age. She attributes the action of her husband to drink, stating that when he was free from the clutches of the demon he was an admirable husband, but while under the influence of liquor he mistreated her and the children and spent all the money he made for drink, leaving the family to get the necessaries of life the best they could.

Unlike most deserted wives Mrs. Malkin does not weep and spend her time in mourning. She realizes the uselessness of such actions and seems reconciled to her fate. Her announced wish is that the husband be made answer in court for his gross neglect of the little children. That is all she wants done. She does not care how severe the penalty that is to be imposed. With admirable nerve she faces the cold world and says that she will fight a winning battle.

The worrying feature of her predicament at the present time is an order given yesterday by the woman owning the house in which she lives, commanding her to pay the month's rent or get out. She has no money and fears that it will be impossible to get it in the time specified by the owner of the house.

COSTLY WALLS CONSTRUCTED

WORK DONE ON TRENTVALE STREET WORTH $6,000.

It Is Claimed the Trouble Has Not Yet Been Fully Remedied.

McLaughlin & Gill, who have been engaged for some time in the work of erecting a concrete retaining wall on Trentvale street, will complete the task today. When the work is done the city will have expended in the neighborhood of $6,000 in the construction of walls, and those interested believe it is about time some permanent relief was forthcoming.

Contractors who have viewed the Trentvale paving, and are thoroughly familiar with work of this character, state the cause of the trouble has not even now been removed. They say the paving was not constructed properly in the first place. The surface of the street is perfectly level, and all of the water from the side of the hill is washed onto the road and no means provided for draining it off. At one time the council instructed the city engineer to have ditches placed at regular intervals across the road, but the work was never done. Experts say the erection of the walls just completed will afford no permanent relief as long as the water is permitted to lie on the street and soak through behind the wall.

The Veterans Invited.

Lisbon, May 6.—(Special)—An old fashioned Grand Army bean bake has been decided upon by local veterans as one of the features of the centennial celebration for Grand Army day. All veteran soldiers and sailors in the county will be invited.

Licensed to Marry.

Lisbon, May 6.—(Special.)—John Jones and Miss Melba Thompson, of East Liverpool, have been licensed to marry. Rev. Dr. M. B. Pratt will perform the ceremony.

NEW MEMBERS ADDED TO SONS OF VETERANS

Arrangements Completed for Marietta Trip—Reinstatement of Lisbon Camp.

The local camp Sons of Veterans held an interesting meeting last night, and three new recruits were taken into full membership. Final arrangements were made for the trip to the division encampment at Marietta next week. It was found necessary to rearrange the representation of the camp in the state meeting, and an additional delegates was elected.

About 15 members of the organization will go to Lisbon tomorrow evening, where the camp of that city will be reinstated. The Lisbon lodge has been disbanded for several years, and though the charter has been surrendered, the camp still owned considerable property. The new list includes about 40 names, and the division officers have arranged to give the new organization the name by which it was previously known, that of J. B. Morgan camp, No. 76. Criss McConnell has been commissioned as mustering officer.

FRIENDS HUSTLING FOR ABSENT ONES

Convention at Wheeling Does Not Interfere With Progress of Voting.

CONTEST GROWS LIVELY

During the absence of a number of the candidates in the News Review's voting contest at the Wheeling convention of the National Brotherhood of Operative Potters their friends in East Liverpool and the other pottery districts have renewed their efforts in behalf of the several favorites.

The votes are coming in daily with such a rush that the result can be changed in several of the contestants in 24 hours' time. Voters are urged to forward coupons without delay in order that they may have the assurance that the votes will be counted within the time limit. Series C expires May 15, and must be in before that time or they will be of no value.

The following candidates have received 100 votes or more:

SENTENCED FOR TWO YEARS

Marcus Mowrey, of Leetonia, Goes to Prison for Shooting Uriah Nold.

Lisbon, May 6.—(Special.)—When court convened yesterday afternoon Judge Hole overruled a motion for a new trial in the case of Marcus Mowrey, of Leetonia, who was convicted recently of having shot Uriah Nold, of Leetonia, with intent to wound, and the prisoner was sentenced to serve two years in the penitentiary.

WILL REPORT MAY 12

Investigation of East Liverpool Primaries By a Committee Is Completed.

The committee to investigate the East Liverpool Republican primary elections concluded its sessions this afternoon and its members departed for Salem and Lisbon. They would say nothing of the result of their investigations, but will make a report to the Republican county convention at Lisbon, May 12.

The Jail Almost Empty.

Lisbon, May 6.—(Special.)—Nick Murray, of East Liverpool, and Fred Dixon, of Salem, completed jail sentences yesterday and were released. This leaves but two prisoners in the jail, Marcus L. Mowrey, of Leetonia, who will soon be taken to the penitentiary, and Edward Duncan, charged with horsestealing at Highlandtown.

LOWER TRIBUNALS UPHELD BY SUPREME COURT OF OHIO IN CASE OF OSCAR BIRCH

Dispute in a St. Clair Township School District Finally Disposed of—Other Cases of Interest.

From a Staff Correspondent.

Columbus, May 6.—The supreme court has handed down a decision in the case of Ohio on relation of Oscar Birch against Frank Clapsaddle, Newton F. Moore and J. M. Kennedy, members of the board of sub-directors of school district No. 2 of St. Clair township, Columbiana county, which has been in the courts since 1901. The lower courts which found for the sub-directors are upheld. The action is familiar to Columbiana county people and was bitterly contested. Birch brought suit in common pleas court for a writ of mandamus to compel the directors to elect a teacher. Both the common pleas and circuit courts decided against him.

The directors engaged Thomas Croft to teach in the district school for the first term of the school year, beginning September 1, 1900, which was for four months, and at the expiration of the time they selected him for the second term, which was for three months. While teacher Croft chastised one of Birch's children, who was a pupil which stirred up trouble. The township board sided with Birch and refused to confirm Croft, which angered the sub-directors, and they sent the board word they would neither engage a teacher nor have anything to do with the school. Birch then asked the common pleas court for a writ of mandamus to compel them to choose a teacher.

While the matter was pending in court the directors and township board got together and as a result it was agreed upon that a teacher should be employed. While this should have ended the controversy Birch would not let the matter rest and went on with preparations to fight the case to a finish. As stated he lost in both the common pleas and circuit courts, and in the decision of the supreme court final defeat is administered to him.

The circuit court held that the sub-directors did their duty and the supreme court sustains this view. The costs fall on Birch.

The supreme court affirmed the judgment of the lower court in the case of William E. Smith against Christ Verwholt, error to circuit court court of Jefferson county. A company represented by Smith while operating for coal got beyond its own line, encroaching on a farm owned by Verwholt. The latter sued for damages and was awarded judgment for $1,000. The company must pay this. Judge Smith, of Wellsville, represented the company.

The muddle occasioned by defective school laws may be further complicated. Chief Justice Birket, of the supreme court, has granted leave to file a suit to oust the two new school members recently elected to serve on the Steubenville board. Attorney General Sheets has allowed the use of his name in the action, and it will now be fought out on its merits. The suit is brought at the instance of the seven old members of the board who followed the opinion of the attorney general and held over. Judge Richards, of the Jefferson county common pleas court, ordered the election board to place the names of the two candidates who were afterwards elected on the ballot. They had no opposition. It is said that if these two members were legally elected, the question of who shall retire to make room for them will give further trouble.

The attorney general will probably bring suit to test the constitutionality of the law allowing mayors, council or tax commissions to appoint city equalization boards. The object is to learn the exact status, so that the officials involved will know how to proceed.

WALKING THEMSELVES ALMOST TO DEATH

Policemen Are Busy Mne Just Now. No Loafing About the City Hall.

Since the police were given their orders Monday by Chief of Police Wyman the following conversations have been heard passing over the telephone:

"Hello, Central. Give me the city hall." "Is that you, Mr. Wyman. No. Well, when he comes, ask him what on earth is the matter with the policeman on this beat. He is walking himself about to death. I'll bet he has been around this block at least 20 times during the past hour, and I used to only see him two or three times a day."

"Hello Central! Give me the city hall. Say, is there an officer there? You say they go on duty at 12 o'clock, and are all out patrolling their beats? Out on their beats, and it is only 1:15! That beats anything I ever heard of."

COOD WELL STRUCK

Local Investors in Knoxville Field Much Encouraged By Reports from There.

The first well of the Tioga Oil company, operating in the Knoxville field, came in yesterday, and is estimated to be worth about seven barrels a day. The members of the company are all from this city and are highly elated at the strike.

James Kane, an expert oil man of Jewett, did the shooting, and R. L. Edmonston, H. E. Grosshans, Councilman Hugh Johnston, J. M. Manor, W. H. Riley and W. Calhoun went to the well yesterday to witness the operation.

The company has decided to put down another well at once and it was located yesterday. Drilling will be begun without delay.

City Proposes to Fight.

Salem, May 6.—(Special)—The new city council at a meeting last evening instructed the city solicitor to fight to the bitter end the case in which the federal court has enjoined the city from reducing the price of gas.

A LITTLE LATE ABOUT SUING FOR BOUNTY MONEY

Man in Knox Township Claims He is Entitled to $100 for Civil War Service.

Lisbon, May 6.—(Special)—Jeremiah P. McGill, a Civil war veteran of Knox township, has brought mandamus proceedings against the trustees of that township, asking court to compel the payment of a $100 bounty with interest. He says he first enlisted at Mr. Carmel, Clermont county, O., July 31, 1861, as a private in company E, 39th O. V. I., was mustered in the same day and assigned to Fuller's brigade under Colonel John W. Fuller.

While serving in the field he was mustered out December 23, 1863, and re-enlisted as a veteran volunteer credited to Knox township, this county. He says he has never received any local bounty.

Two Cases Passed.

Lisbon, May 6.—(Special.)—The case of E. W. Hill, of East Liverpool, against W. H. Adams, which was assigned for hearing yesterday afternoon, was passed for settlement. The East Liverpool case of Frederick W. Miller against Arthur W. Thomas was passed until Friday.

Over-Work Weakens Your Kidneys.

Unhealthy Kidneys Make Impure Blood.

All the blood in your body passes through your kidneys once every three minutes.

The kidneys are your blood purifiers, they filter out the waste or impurities in the blood.

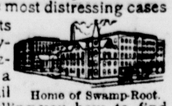

If they are sick or out of order, they fail to do their work.

Pains, aches and rheumatism come from excess of uric acid in the blood, due to neglected kidney trouble.

Kidney trouble causes quick or unsteady heart beats, and makes one feel as though they had heart trouble, because the heart is over-working in pumping thick, kidney-poisoned blood through veins and arteries.

It used to be considered that only urinary troubles were to be traced to the kidneys, but now modern science proves that nearly all constitutional diseases have their beginning in kidney trouble.

If you are sick you can make no mistake by first doctoring your kidneys. The mild and the extraordinary effect of Dr. Kilmer's **Swamp-Root,** the great kidney remedy is soon realized. It stands the highest for its wonderful cures of the most distressing cases and is sold on its merits by all druggists in fifty-cent and one-dollar sizes. You may have a sample bottle by mail free, also pamphlet telling you how to find out if you have kidney or bladder trouble. Mention this paper when writing Dr. Kilmer & Co., Binghamton, N. Y.

Coroner's Verdict Says Agatha Reichlin Was Murdered by Person Unknown.

NO EVIDENCE TO HOLD WALSER

Makes Address to Mayor in Own Behalf—Thanks Officials for Courtesies Extended—Brother of Murdered Woman First to Shake Hands.

Lorain, O., May 6.—At the end of a rather complete investigation at Elyria into the cause of the death of Agatha Reichlin, Coroner French gave as his conclusion the verdict: "That Agatha Reichlin came to her death from wounds inflicted by a stone in the hands of a person unknown."

Father Ferdinand Walser, arrested last Saturday morning in connection with the murder of Agatha Reichlin, was brought to this city from the county jail at Elyria and discharged from the charge of murder. Mayor King went through the formality of reading the warrant for Walser's arrest, and his attorney, E. G. Johnson, entered a plea of not guilty. Prosecuting Attorney Stroup, addressing his honor, said in substance:

"After having listened to the evidence presented at the inquest, I can see that there is not sufficient evidence to hold the defendant. The action taken on the part of the officers in arresting Father Walser has been in accordance with their duty. A terrible crime has been committed and if the suspicion of guilt had been placed against any other person I can assure you he would have been treated as the defendant has."

Mayor King then stated that "as the prosecuting attorney had remarked there was not sufficient evidence to hold the accused, we have nothing to do but discharge him from custody. The crime that was committed on the first day of May was the most atrocious crime ever committed in the city of Lorain. When Father Walser was arrested Saturday public feeling against him ran high in the community and on account of the excited condition of the public the prosecutor and myself thought the arrest of the priest necessary for his protection, that he might be safe from any attack that the excited populace might make upon him. Who killed Agatha Reichlin no one knows but the murderer himself and his God. No one is more pleased than I am that there is no evidence to warrant the detention of the accused. I hope whoever committed the crime may yet be punished. The city officers will not feel their duty done, but will continue the inquiry until the murder of Agatha Reichlin may be properly avenged."

Father Walser arose and with moistened eyes addressed Mayor King as follows:

"You cannot say a word against me; you have hurt me a great deal. Agatha Reichlin is the last person I would have killed; I can't kill anybody. I couldn't kill a chicken. I thank the officials for their courtesies extended to me, especially would I thank Sheriff Salisbury, as he alone treated me as a noble gentleman could have done. I thank all Catholics in general, and the people of St. Mary's and St. Joseph's churches in particular. I wish to express my heartfelt thanks for liberation from the dreadful charge which hung over me for the past four days."

Notwithstanding the bringing of Father Walser here from Elyria was very quetly done, a large crowd gathered in the mayor's office during the progress of the hearing. Father Reichlin, brother of the murdered girl, listened attentively to the proceedings, and upon adjournment of court was the first to approach Rev. Walser with a hearty handshake, after which the handshaking became general and the freed priest was the recipient of congratulations on all hands, after which he left for the hospital to pass the night.

Arrested for Murder in Mexico.

Davenport, Ia., May 6.—J. H. Greenwall was arrested by United States Marshal Christian at the request of the Mexican government for the alleged murder of J. L. Stanfeld, his partner in a mining venture in Temalipas, Mex., in April, 1902. Greenwall denies his guilt and has retained counsel. The case will be the first extradition proceeding under the new treaty with Mexico. Greenwall came here four months ago and was working at a glucose plant as a machinist when arrested.

American Fishermen Captured.

Buffalo, May 6.—The Canadian revenue cutter Petrel swooped down upon a party of six American fishermen, who, it is alleged, were drawing nets within the shore limit in Canadian waters. The fishermen were in a 60-foot gasoline launch and two smaller boats. Two of the men escaped by rowing in close to the shore, where the revenue cutter could not follow them. The launch and the other boat containing four men were captured and taken to Port Colborne.

HAND OF GRIM REAPER STAYED

Death Delayed by St. Louis Man to Pay His Insurance Premium.

St. Louis, May 6.—From his dying bed Frank S. Powell arose, went down town, paid the premium on his $5,000 life insurance policy and returned home without the knowledge of his wife or any one in the family.

That night he died. The fact that he had left the house did not become known until negotiations toward settling up the policy were begun.

When told the agent's story Mrs. Powell recalled that her husband had asked her to go down town for something he desired and to tell other members of the family that he was not to be disturbed while she was away. On her arrival home she found her husband in bed. He said nothing about having left the house and did not mention his life insurance.

"It is the strangest case I ever encountered," said Charles W. Morgan, who conducted the settlement of the policy for the widow. "The evidence would seem conclusive that it would have been impossible. Yet the agent received the premium on the policy from Powell, whom he knew well. He recalls that Powell looked pale, almost ghostly, and had nothing to say. I am almost tempted to believe that if there is any such thing, Powell projected his astral body into the presence of the agent and paid him in the coin of spirit land. It makes my flesh creep to think about it."

PROBABLY PREVENTED TRAGEDY

Prompt Action of Conductor Forestalls Opening of Hargis-Cockrell Feud.

Lexington, Ky., May 6.—By locking Tom Cockrell in the negro compartment of the smoking car the conductor of a Louisville and Nashville eastbound train prevented a meeting between the sole survivor of the Cockrells—a young man not far in his twenties—and Alex Hargis. Cockrell killed Ben Hargis about one year ago, when the Hargis-Cockrell feud was especially bitter, and James Cockrell, the town marshal, who was assassinated from the court house at Jackson last July, was his brother. Hargis is one of the three surviving brothers who give name to one of the factions. He boarded the train at Winchester, bound for Jackson, where the assassination of J. B. Marcum had reopened the feud Monday.

Cockrell, who is a voluntary exile from Breathitt county, boarded the train at Richwood, climbing on the front steps of the forward car. In his hand he carried a 44-caliber Colts revolver. Realizing instantly that a meeting would probably mean a tragedy, the conductor locked Cockrell in the negro department at Walker creek, a small flag station. Cockrell sprang from the window of this coach, leaped behind the depot and secured rest for his pistol, covering the line of windows in the coaches. Hargis was not in sight as the train passed on.

Trade Tied Up by Strike.

Montreal, May 6.—The longshoremen's strike is tieing up the trade of the country and no settlement of the difficulty is in sight. The rush of shipping to the port since the opening of navigation has been unprecedented and the harbor is congested with business which would tax facilities under normal conditions. There are 24 cargo-laden steamers in port and eight of these are lying idle. One thousand non-union men are at work on the other vessels, but their work is offset by the teamsters' strike. The Grand Trunk railway notified freight agents to accept no freight for Montreal, either domestic or for export. The Canadian Pacific will only accept freight at owners' risk. Government troops will replace the volunteer corps guarding the harbor front.

NEW MEXICO HONORED

Santa Fe and Albuquerque Visited by President Roosevelt and Party.

ADDRESSED SCHOOL CHILDREN

Visit Made to Oldest Church in Union. Becomes the Godfather of Rough Rider's Son—Secretary Loeb Joins President.

Santa Fe, N. M., May 6.—President Roosevelt spent three hours and 20 minutes in this city, whose historic buildings and monuments seemed to have much interest for him. At the capitol he made an address, speaking for 20 minutes to an audience of fully 10,000 people. President Roosevelt said it was a great pleasure to him to come to New Mexico, from which territory more than half of the members of his regiment came.

"I know the people of New Mexico," he said, "and I am fond of them. How can I help being fond of the people with whom I have worked?"

The president said the benefits of forest preservation and irrigation to be enjoyed by this section will do most toward bringing New Mexico to statehood and making it one of the great states of the west.

A brief reception was held in the capitol, after which a drive was taken over the gaily decorated streets, which were lined thickly with a cheering multitude.

A stop was made at San Miguel church, the oldest church edifice in the United States, and at the cathedral, where the vicar general, Anthony Fourching, baptized the son of George W. Armijo, a sergeant in the rough riders, President Roosevelt being the godfather. The child was named Theodore Roosevelt. After this pleasing incident the president addressed 2,500 school children. The roofs of the historic old palace and of other buildings surrounding the plaza were thronged.

The drive was continued to Fort Marcy. Here Mayor Sparke presented the president with an illuminated volume of the city's history. Luncheon was served at the residence of Governor M. A. Otero, in front of which was a triumphal arch. On this stood a girl dressed as a goddess of liberty, strewing flowers upon the president. As the president re-entered his carriage an original ode was sung by the school children and the president stood up in his carriage and waved his hat lustily.

A visit was made to the New Mexico Historical society's museum, after which the party returned to the depot, the train leaving at 12:20 p. m.

A large detail of rough riders in uniform served as a guard of honor here and a number of these accompanied the president to Albuquerque. The Cleveland, O., Grays, who happened to arrive on an excursion, took part in the exercises.

Private Secretary Loeb has joined the president. Governor M. A. Otero and other territorial officials accompanied the president to Albuquerque.

Greeted by Rough Riders.

Albuquerque, N. M., May 6.—The president closed the most picturesque day of his western trip with a stop of two hours in Albuquerque. He spoke for a few minutes to a crowd of 5,000 people.

The president was greeted by another big delegation of members of his rough riders' regiment, and he repeatedly referred to his pleasure in meeting them and in visiting the country from which the greater part of the regiment was recruited. At 5 o'clock the president continued his trip to the west, with the grand canyon of the Colorado as the objective point.

Union Laundrymen Protest.

Chicago, May 6.—St. Louis laundrymen have dealt a blow to the cause of the Chicago laundry owners by refusing to handle any more of the work sent to them while the strike of the laundry workers continues. For the last three or four days some of the largest laundries in the city have been sending carload shipments of linen to St. Louis and through the aid of the laundries of that city have been enabled to fill contracts. The union employes in St. Louis raised a protest and decided unanimously that they would refuse to handle Chicago work. Proprietors promised to accept no more work from Chicago.

Consulates Guarded by Troops.

Salonica, May 6.—In the engagement between Turkish troops and revolutionists at Okrina on May 2, 70 revolutionists were killed and 21 were injured, while the Turks had 100 killed and 10 officers and six men wounded. After an interview with the governor general the British and Italian consuls expressed themselves as satisfied with the precautionary measures taken. All foreign consulates and banking establishments are guarded by troops, while the streets are patrolled constantly.

Prominent Man Fatally Shot.

Muncie, Ind., May 6.—William Patterson, a member of one of the prominent families of this city and a brother-in-law of George F. McCulloch, president of the Union Traction company, was shot and fatally wounded Monday night. The tragedy is shrouded in mystery and the police are guarding the house.

CONCENTRATION OF INTERESTS

Advised by Herr Moeller as Only Efficient Weapon to Meet American Competition.

Berlin, May 6.—Herr Moeller, the Prussian commerce minister, speaking before the Madgeburg chamber of commerce, asserted that Germany needs greater concentration as being the only efficient weapon left with which to meet American competition. He added:

"The nation that does not follow the tendency of the times toward concentration of industries will be left behind. We cannot hold our own in the world's markets without specialization and concentration. One of Mr. Morgan's associates said to me some time ago that the distrust which the United States Steel corporation caused was not justified. They were not such simpletons as to try to take advantage of the consumers, although they were able to do so. Their objects were a division of labor territorially, to produce only where production was the cheapest, and to get rid of middlemen. The struggle against middlemen will continue with us, as in the United States."

DEAD OF THE DAY.

F. H. MacKlin.

London, May 6.—F. H. MacKlin, the actor, is dead. He once made a tour of the United States with Sir Henry Irving's company.

Mrs. Sarah Mosler.

New York, May 6.—Mrs. Sarah Mosler, wife of Henry Mosler, a well-known artist, died of heart failure, aged 53 years. Mrs. Mosler was Miss Cahn, of Cincinnati.

Robert L. Dulaney.

Marshall, Ill., May 6.—Robert L. Dulaney, president of the Dulaney National bank and a director of the Vandalia Railroad company, is dead. Mr. Dulaney was widely known in financial circles.

Colonel G. W. Alexander.

Reading, May 6.—Colonel George W. Alexander, senior member of Alexander & Co., one of the largest fur hat manufacturers in this district, and lieutenant colonel of the Forty-seventh Pennsylvania regiment during the Civil war, is dead.

Orasmus Cole.

Milwaukee, May 6.—Orasmus Cole, former chief justice of the Wisconsin supreme court, died at the residence of his son, Sidney H. Cole, from general debility, aged 84 years. Mr. Cole served in the thirty-first congress as a Whig and was a member of the constitutional convention. He served on the state supreme bench from 1855 to 1892, when he retired.

Proposes Reduction in Insular Budget.

Copenhagen, May 6.—F. F. Nordline, president of the royal Danish commission which recently was sent out to investigate the conditions on the island of St. Thomas, has returned. Mr. Nordline says the commission will propose an extensive reduction in the insular budget, by which he is confident a favorable balance of expenditure is obtainable.

Knights of Columbus Elect Officers.

Dayton, O., May 6.—The state convention of the Knights of Columbus was held here. Lima was chosen as the place for the next meeting. The following officers were elected: State deputy, M. B. McCarthy, Toledo; secretary, P. J. McCarthy, Youngstown; treasurer, F. A. Beuchle, Steubenville; advocate, W. H. Dore, Tiffin; warden, R. J. Bour, Canton.

Women Who Suffer From All Manner of Uterine and Ovarian Troubles, Weak, Nervous, Bloodless, Melancholly Women Find a Positive Cure in

Dr. A. W. CHASE NERVE PILLS

A Medicine That Goes to the Root of the Trouble and Cures to Stay Cured by Giving to the Weakened Sluggish Organs the Energy, Vigor and Tone Necessary to Successfully Perform Their Several Duties.

A NERVE TONIC NEVER EQUALED

THIS SHAPE'D BOX—NO OTHER

Every day sees an army of worn out women dragging themselves to work or forcing themselves to attend to their household duties—women whose whole trouble lies in an over strain or over-exertion at some time in the past—women who stay in this condition and think themselves beyond repair, because they know nothing of the wonderful power of the Dr. A. W. Chase Nerve Pills to give them back their health, strength and vitality, by their ability to resupply the lost nerve energy, to build up the system, to manufacture good rich blood; and give increased weight by making the digestion strong and vigorous.

Mrs. Ella Smith, of No. 48 Miller street, Newark, N. Y., says: "Last summer I was so weak I staggered when I walked. I was very nervous, easily excited, could not get rest nights, blood thin, the appetite poor, hands trembly—I was indeed in a low stage of health. About this time I got a box of Dr. A. W. Chase's Nerve Pills and though everything else had failed, these pills put me on my feet in good health, and that quickly, too. It was not long before I was eating and sleeping well—the nervousness and trembling gone—the blood rich and my strength back. They are a grand medicine and as a consequence I am again vigorous and strong in every way."

Mrs. George Hall, of 389 West Market St., East Liverpool, Ohio, says: "I was bilious—my head ached hard and constantly—there was a general feeling of weakness and depression. I was asked to try Dr. A. W. Chase's Nerve Pills and did so, getting them at Larkins' drug store. The result was very good indeed, as the biliousness was overcome—the headaches cured and bodily and nerve strength furnished. Dr. A. W. Chase's Ointment I can vouch for in burns as a fine application."

Beware of Imitations—Signature and portrait of Dr. A. W. Chase on each box of the genuine. For sale by dealers, 50c a box, or Dr. A. W. Chase Medicine company, 257 Washington street, Buffalo, N. Y.

WITH THE WORKMEN IN THE CLAY PLANTS

GIBSON GIRL IN PORCELAIN.

Charles Dana Gibson is in receipt of the largest income of any illustrator in America, and probably in the world, his illustrations being among the best modern sketches. The Gibson Girl, the lovely and exquisite creature of his dreams—this dashing, healthy, entrancing American woman—is acclaimed the world around. Now she has been burnt into porcelain. She smiles upon you at the breakfast table, she graces the wall of the dining room. Her beautiful face beams entrancingly from the mantel of the study shelf. New York shops are showing the new fad. It has caught fast the fancy of the public, and deservingly. The plates are exquisitely beautiful. The pictures are exactly reproduced from Mr. Gibson's originals—they show even the pen strokes, every touch of the artist, every detail. Around the edge of the plate is a big border in old English blue which our grandmothers delighted in, lending a grace of color and a softening beauty to the artist's work. As the decoration is all underglaze, it is permanent.

WOOD FOR SECRETARY.

In spite of the reports coming from the convention now in session in Wheeling to the effect that there is no slate, it has been stated in this city that in at least one local there is a movement on foot to land a member in the position of secretary of the N. B. of O. P. It will be remembered that for several years past the local has had its eye on the presidency of the national organization, and it was thought when President Hughes retired the members of this local would have a candidate in the field. It would seem, however, that they have decided upon the secretaryship, and the candidate selected is John T. Wood, the present national treasurer. Mr. Wood has held the position of treasurer for several years, and conducted the office with credit to himself and to the local from which he was elected. It is said the members of No. 9 will make a hard fight for their man and if he fails to be elected it will not be the fault of his trade.

VASE MADE 400 B. C.

During the excavations near Lampaki, on the Dardenelles, a beautiful vase 54 centimetres high, was found. It was made of burned clay, encrusted on the interior with gold one and a half centimetres thick. There are three golden handles and splendid reliefs representing hunting scenes, exquisitely worked. They are said to represent reliefs on the sarcophagus of Alexander the Great. The date of the vase is estimated at about B. C. 400. The hermitage in St. Petersburg possesses a similar vase, but not so fine a one. The present vase was found in a stone case and the blue and gold colors of the figures look absolutely fresh. The vase contained human ashes, bones and pearls.

A FAMOUS COLLECTION.

The extraordinary collection of antiques gathered by the late Dr. William H. Crim, of Baltimore, Md., was sold at auction recently. Dr. Crim devoted his life gathering old furniture, old china and objects of art, with which his house was crowded from cellar to attic. He ransacked the old homesteads of Maryland and Virginia, and haunted the auction rooms for spoils, and it is safe to say that no such accumulation of good examples of the colonial and later periods existed anywhere. The collection of rare old china was enormous, embracing 2,000 pieces, and the cut glass and Sheffield plate were in great profusion.

GOES TO CAMERON.

Herbert Harrison, one of the best known pressers in this city and a member of local union No. 4, will leave tomorrow for Cameron, W. Va., where he has taken a position. Mr. Harrison has been employed by the Laughlin China company for several years, and is considered one of the best mechanics in the East Liverpool pottery district. He will move his family to Cameron.

AS A BENEFIT.

A fine decorated toilet set is being chanced off for the benefit of Ed. Pritchard, a member of the kiln crew at the Smith & Phillips pottery. Mr. Pritchard is a member of kilnmen's local No. 9 and has been off duty for several months with an injury to his right hand.

George W. Davis, at the head of the Reeves-Veeder company, Schenectady, N. Y., conducting a department store, has changed its name to the Reeves-Luffman company.

large department store concern of G. W. Davis & Co., Rochester, N. Y., and Allegheny, Pa., is dead.

S. Tenney, dealer in furniture and crockery, at Peterboro, N. H., has been succeeded by the Smith-Tenney company, a corporation with a paid up capital stock of $30,000.

Parkhurst & Jones Worcester, Mass., have sold their 5 and 10 cent store to C. E. Nelson and C. S. Woolworth & Co. They have also sold their business at Gloversville, N. Y., to the latter concern.

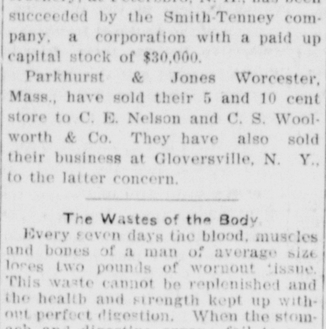

The Wastes of the Body

Every seven days the blood, muscles and bones of a man of average size loses two pounds of wornout tissue. This waste cannot be replenished and the health and strength kept up without perfect digestion. When the stomach and digestive organs fail to perform their functions, the strength lets down, health gives way, and disease sets up. Kodol Dyspepsia Cure enables the stomach and digestive organs to digest and assimilate all of the wholesome food that may be eaten into the kind of blood that rebuilds the tissues and protects the health and strength of the mind and body. Kodol cures indigestion, dyspepsia and all stomach troubles. It is an ideal spring tonic. Sold by Alvin H. Bulger.

Came Back to Jail.

Steubenville, May 6.—Archie Robinson walked into the court house and gave himself up to the authorities, stating that he wanted to return to jail to complete his sentence. Robinson, who is only a boy, is one of the two prisoners who dug a hole in the wall of the jail early on the morning of January 2 and escaped.

THE RAILROAD AND THE CITY

Attitude of Public Service Board a Matter of Interest in the Dispute.

A MANUFACTURER SPEAKS

Declaring the Railroad Facilities Are Abominable And Retard Business. Thinks Some of the Demands Made Upon the Railroad Unreasonable.

Speculation is being indulged in by a great many people who are interested in the Pennsylvania company's attempt to double track through the city as to what the attitude of the board of public service will be in the matter. It will be remembered that the railroad committee of the old council was firm in the demands that were made. Not only was it determined to exact a large number of concessions in exchange for permission to cross the various streets, but it was also proposed to have the work completed within a year.

When the last conference was held with the railroad officials it was not known whether or not it would be possible to give the city an answer before the expiration of the term of office of the old council. It would seem, since no word has been received from them, that they failed to reach a decision in time, and have allowed the several questions to go over for the consideration of the board of public service.

An effort was made to obtain an expression from the members of the board, but they refused to talk. It is presumed that they regard the proposition as being of too grave a character to permit of any hasty action, and have decided to deliberate upon it for some time in order that it may be dealt with in an intelligent and business-like manner.

There were in the neighborhood of 15 distinct demands in the list prepared by the old railroad committee, and many of them, while innocent looking and apparently trivial to the average citizen, would mean much to the railroad company. Supt. W. H. Scriven and Attorney Carey made this fact clear to the council when they met with that body last week, and it has caused several of the members to give the question more thorough consideration than ever before. Many business men and manufacturers, all of whom are deeply interested in the matter of securing more and better railroad facilities for East Liverpool, have perhaps more at stake than any other class of individuals in the community. These men have looked at the problem from every point of view, and their expressions, voiced only after mature thought, are interesting and varied.

A prominent manufacturer, owning a controlling interest in one of the largest manufacturing establishments in the hill district, was interviewed this morning on the subject, and said:

"I have been watching this railroad question pretty closely, and I might say I have a motive for so doing, since my firm is one of the most extensive shippers in the city. The present railroad facilities of the East Liverpool are abominable, and some remedy ought to be forthcoming at once. One concern is not running as full as it might had we all the cars we wanted, and much annoyance is constantly being encountered through cars of materials being delayed in transit. The system is almost unbearable, but the question with me is, could the condition be relieved by hampering the progress now being made and placing more obstacles in the way of the railroad company?

"My idea is to give and take. I would never be in favor of giving up an inch of the city's property to the railroad company, but I do think some of the demands made by the railroad committee of the old council are absurd. What right has the city to dictate to the company where they shall build a station? And what in the name of reason have we to do with the fixing of a fare between this city and Pittsburg? It is my opinion that the railroad company should be encouraged in every way possible in order that the improvements now under way may be completed in the least time. What we need is more adequate facilities for handling the incoming and outgoing freight."

Don't fool with a cold; no one can tell what the end may be. Pneumonia, catarrh, chronic bronchitis and consumption invariably result from neglected colds. Nothing can be compared with Chamberlain's Cough Remedy as a quick cure for colds and influenza, and by its use these diseases may be avoided. For sale by Alvin H. Bulger.

PRACTICAL TEMPERANCE

The most confirmed drunkards have been and are being reclaimed and fully cured by the Oppenheimer Treatment. Our claims are based on ten years' experience in the successful treatment of cases of alcoholism of all kinds.

Patient sleeps normally in three or five days. His system is restored to its normal condition after a few days' treatment, and all craving for whiskey or alcoholic stimulant is absolutely removed. His general health is positively improved. No hypodermics are employed. The patient's occupation is not interfered with. Residence at the Institute is optional in cases of alcoholism.

Drug addictions are treated with equal success.

HOME AFFAIRS.

Brief Notes of a Personal Nature And of Matters About Town.

Arranging for Encampment—McCoy Circle, Ladies of the G. A. R. will hold a meeting tomorrow evening at 8 o'clock at G. A. R. hall, to make arrangements for going to Marietta.

An Enjoyable Affair—Peabody lodge, Knights of Pythias, held a most enjoyable social session and smoker at its rooms in the Oyster building last evening. As entertainers the hosts proved themselves in the very first class.

Sewing for Missions—Beginning at 10 o'clock this morning the missionary society of St. Stephen's church held a session in the parish house for the purpose of sewing for the missionaries in the foreign fields. They will conclude the session at 5 o'clock this evening.

An Unknown Arrested—Officer Pat Woods arrested an unknown man in the hallway of the Porter block at an early hour this morning and placed him in jail with a charge of drunkenness against him. To the charge he pleaded guilty this morning and Mayor Weaver assessed a fine, which he paid.

Caught a Big Carp—A local fisherman states that the time for catching big fish is at hand and that the banks along the Ohio will now be lined with lovers of the sport. He caught a 15 pound carp this morning at the mouth of the Lig sewer and caught quite a number of them about the same size yesterday.

Work for Foreign Missions—The regular monthly mission league of St. John's Evangelical church will be held in the lecture room this evening at 7:30 o'clock. The subject is "Mission Work in Africa." The league now numbers 76 members and is steadily increasing. The work is almost exclusively for foreign missions.

AGNER-BUXTON WEDDING TODAY

IMPRESSIVE CEREMONY UNITES POPULAR YOUNG COUPLE.

The Lutheran Church the Scene of An Event of Much Local Interest.

One of the most beautiful and auspicious weddings of the season occurred today at high noon in St. John's Evangelical Lutheran church, when Miss Mathilde Esther Agner, daughter of Mr. and Mrs. John Agner, and Frank Wilmont Buxton, son of Mr. and Mrs. George Buxton, were united in holy matrimony by the solemn and impressive Lutheran ring ceremony.

The church was beautifully decorated in various tropical plants and 150 persons witnessed the ceremony performed by Rev. J. G. Reinartz, pastor of the church.

The bridal party consisted of the ushers: Messrs. Christian Kindsvatter, Henry Horst, Luther Gilbert and Charley Davis.

Following the ushers came the bride and her bridesmaid, Miss Minnie Agner, sister of the bride, who wore a pretty costume of mousseline de soie in pink and and carried a bunch of pink roses.

The bride wore a beautiful and becoming gown of white Persian lawn, en traine, with trimmings of Valenciennes lace and accessories of Liberty satin, and a large boquet of white bride's roses. Last in the bridal party came the groom and best man, Harry Buxton.

The bridal party entered the church and proceeded through the center aisle to the strains of the 'wedding march as played by a sister of the bride, Mrs. Henry Schreiber. During the ceremony the entire party stood amid the plants, which were so arranged as to form an archway.

A reception followed at the home of the bride, 292 Fourth street. The colors were green and white, and a profusion of white roses and carnations with ferns and palms made the residence most beautiful.

The bride received many valuable presents in silver, cut glass and linen, which more fully proves the high esteem in which she is held by her many friends.

The groom is a prominent young business man.

Mr. and Mrs. Buxton left today for a short wedding trip in the east.

A mammoth traveling gown of brown basket cloth with Persian trimmings and pendants was worn by the bride on the wedding trip. After returning the coupe will be at home to their friends at 296 Fourth street.

Among the out-of-town guests were: Mr. and Mrs. Adam Troutman, of Butler, Pa.; Mr. and Mrs. Will Coles, of Toronto; Mr. and Mrs. Will Deidrick, of Salineville, and Charles Deidrick, of Salineville.

The Elks' Ball.

The last of the tri-weekly dances given by the Elks was held in their beautiful parlors last evening and it was largely attended by the members of the lodge and their wives and lady friends. It is not likely that dancing will be resumed until cooler weather in the fall.

Class in Physical Culture.

enacted into law. More time will be devoted to the correction of evils than to any other subject.

The troubles of the packers will be brought to the convention and measures for their relief will be proposed. The men who now have contracts in the packing sheds have been dropped from the local and it is only a question of time until they will be declared non-union. The men in this branch of the trade have suffered by their loyalty to the Brotherhood, but better times are in store for them.

Another resolution that will no doubt carry is from No. 1, providing that all operatives must have working cards. A more sensible resolution could not have been devolved. Its

thy one and should be taken in hand.

In the east the per cent of the men outside of the organization is larger but steady gains are being made and if Vice President Hutchins accomplishes as much this year as he did last the east will be on a par with the west.

The eastern delegates read with considerable amusement the interview in a Trenton newspaper from Charles Howell Cook, a prominent manufacturer. The eastern boss potters will be loath to accept the uniform scale, even if not revised, as taking all lines, the cost of manufacture will be increased. They will then be on a parity with the manufacturers of the west, who will not shed any tears over the fact. The delegates do not wonder that Mr. Cook speaks of the poor condition of trade and the increase in English imports.

No feature of the entertainment provided for the delegates will be more thoroughly enjoyed than last night's theatre party at the Grand. A specialty company was the attraction and one of the turns was of particular interest owing to the wholesale destruction of plates and other ware. The delegates were highly pleased with the performance.

Tonight there will be a smoker in the room of the Trades and Labor Assembly, the committees in charge of the affair having completed the details last night. Thursday night the banquet in Pythian Castle will be given.

There has been no change in the political aspect. Duffy, so far, is unopposed for the presidency and the friends of the three candidates for secretary are claiming the victory.

A Tea Legend.

One ancient legend says that the virtues of tea were learned by accident by a Chinese monarch, King Shen Nung, "the divine husbandman," who flourished forty centuries ago and who in boiling water over a fire made from the tea branches on which the latter still hung allowed some of the latter to fall into the pot.

The Polyglot Menu.

La Mouff—It is quite an innovation for that cafe proprietor to have his menu in English, French and Latin.

La Moyne—It's economy. When an English dish is left over, he gives it a French name and if it is still around on the third day he changes it to Latin.—Philadelphia Record.

A Safe Time to Cross.

"Well, well," said the old lady living inland, when she heard that her favorite grandson was going to Europe, "it's been a dry summer, and the sea won't be so deep as common."

Fat People and Perspiration.

Fat people are less able to resist the attacks of disease or the shock of injuries and operations than the moderately thin. In ordinary everyday life they are at a decided disadvantage. Their respiratory muscles cannot so easily act. Their heart is often handicapped by the deposit on it, and the least exertion throws them into a perspiration. This last fact is curiously misunderstood. It is almost universally looked upon as an actual "melting" of the subcutaneous fat and is considered to be nature's method of getting rid of the superfluity.

But this is not correct, for in spite of its greasy appearance sweat only contains a trace of fatty matter, rarely more than .01 per cent, and this comes of course from the cells of the sudoriparous glands and primarily from certain constituents in the blood. A person whose limbs and body are covered with adipose tissue is in the position of a man carrying a heavy burden and too warmly clothed.—London Hospital.

Don't Be Too Exact.

Don't be forever setting people right. There is a household fiend with a memory for dates and details who can never sit still and hear papa say that he went down town on Monday at 8 without correcting the statement with the remark that the hour was half past. If mamma happens to allude to Cousin Jenny's visit as having occurred last Thursday, this waspiike impersonation of accuracy interposes with the statement that it was Friday, not Thursday, which brought Cousin Jane.

A dozen times a day exasperating frictions are caused by needless corrections of this sort, referring to matters where exactness is not really imperative, the affairs in question being unimportant and no violation of truth being for an instant intended.

Never

Have we experienced such tremendous Carpet selling as we have done this Spring. About the middle of April we found we were going to run short. Then began a hustle for Carpets, and things looked blue for us, as the mills had nothing, all the jobbers had cleaned up and the only thing left for us was to buy next fall's patterns, on which the mills are now working. This coming in now, every day brings rolls of New Patterns. Of course we had to pay more money for them, as Carpets are going to be higher in the fall.

But We're Going to Sell Them at This Spring's Prices.

We don't have to send for your carpet. We'll cut it while you wait.

WITNESSED SAD ACCIDENT

Train on Which Rev. J. N. Swan Was Riding Struck And Killed a Man.

Rev. J. N. Swan has returned from a visit to his son, Rev. C. W. Swan, who was recently installed in the pulpit of the First Presbyterian church of Shreve. While on his way home Rev. Mr. Swan witnessed a most distressing accident. The train on which he was riding before coming into Canton, and running at a high rate of speed, ran into a wagon and team of horses, killing the driver of the wagon and one of the horses and completely demolishing the wagon.

The unfortunate man was carried on the cow catcher of the engine almost half a mile before the train was brought to a stop. A number of the passengers were completely unnerved by the horrible accident.

Fire Plug Repaired.

The new fire plug which was placed on Mulberry street yesterday, on inspection was found to be leaking in the valveseat and it was found necessary for the force of men to return and take the plug apart and put in new packing. The work of putting it in shape was finished this morning, and the fire station was notified that it is ready for use. The plug is set in an excellent location and will be of great service when its use is necessary.

Special Services.

Preaching services will be held in the Second Presbyterian church this evening, Thursday and Friday nights. The services tonight and Thursday will be in charge of Rev. N. M. Crowe and the meeting Friday night will be conducted by Rev. J. P. Leyenburger, of Toronto.

Back from the Hospital.

Mrs. Clem Duncan, of St. George street, returned home yesterday from a Pittsburg hospital, where she had been the past two weeks. Mrs. Duncan underwent an operation which was successful and she returns in a much improved condition.

THE NEW WOMAN.

Mrs. Emma Mitchell, 520 Louisiana street, Indianapolis, Ind., writes:

"For the past five years I have rarely been without pain, but Peruna has changed all this, and in a very short time. I think I had taken only two bottles before I began to recuperate very quickly, and seven bottles made me well. I do not have headache or backache any more, and have some interest in life."—Emma Mitchell.

The coming of what is known as the "new woman" in our country is not greeted by everyone as if she were a great blessing. But there is another new woman whom everybody is glad to see. Every day some invalid woman is exclaiming, "I have been made a new woman by Dr. Hartman's home treatment." It is only necessary to send name, address, symptoms, duration of sickness and treatment already received to Dr. Hartman, Columbus, Ohio, and directions for one month's treatment will be promptly forwarded.

If you do not derive prompt and satisfactory results from the use of Peruna, write at once to Dr. Hartman, giving a full statement of your case and he will be pleased to give you his valuable advice gratis.

THIN FOLKS MADE FAT

Good, healthy flesh can only be gained by the use of proper food, together with natural action of the digestive organs. Nine people out of ten, in order to weigh as much as they ought and be perfectly healthy, should use Mi-o-na, the great flesh-forming food and digestive regulator. Weigh yourself before commencing to use these little tablets and see how your weight increases from week to week.

Mi-o-na does not contain a particle of pepsin, the basis of the ordinary dyspepsia remedy, and which never made a cure of dyspepsia. Mi-o-na has valuable flesh-forming properties, tones up and strengthens the digestive organs, helps digest the food eaten, and absolutely and permanently cures the worst forms of dyspepsia.

If you are not perfectly satisfied with the results from Mi-o-na, Will Reed will return your money without any questions. What other medicine is sold on this plan?

WAY TO GET AHEAD OF THE HIRED GIRL

YOUNGSTOWN PEOPLE WILL TRY THE COOPERATIVE PLAN.

Ten Families Figure on Living Well And Economically Without Servants' Aid.

Youngstown, May 6.—The first move towards the fighting of the local hired girl trust will be made by some ten families in Bryson street who will form a cooperative housekeeping establishment which has for its aim the doing away with hired help.

The plans have been perfected to some degree by the women, who have had one meeting for that purpose and who will meet again Monday evening. At this meeting all the plans will be completed and the housekeeping will at once begin.

As the plans are now, the association will use the dining room and such other rooms as are necessary in the house of C. F. Walker, in Bryson street. The meals will be served there to the families. Each will keep the houses now occupied for living purposes and the women of the house may find time to devote to the keeping of it without the bother of getting meals.

Help will be hired to take charge of the cooking and one week in ten, each woman will have the charge overseeing the work. It is proposed to apportion the cost at the end of each week. It is figured out that this will be exceedingly small besides being a great saving to the women of the house and doing away with the necessity of having hired girls.

The plan will be modeled after that of a very successful one which is in operation in Warren and which has been in existence for some time past.

Nearly all the families which will become part of the society have experienced the trouble of finding help. The fact that it is almost impossible to secure in Youngstown and when it is, that wages of an enormous amount must be paid, has influenced them in making the present venture.

A Prisoner In Her House.

Mrs. W. H. Lavha, of 1001 Agnes avenue, Kansas City, Mo., has for several years been troubled with severe hoarseness and at times a hard cough, which she says, "Would keep me in doors for days. I was prescribed for by physicians with no noticeable results. A friend gave me a part of a bottle of Chamberlain's Cough Remedy with instructions to closely follow the directions and I wish to state that after the first day I could notice a decided change for the better, and at this time after using it for two weeks, have no hesitation in saying I realize that I am entirely cured. From this time on Chamberlain's Cough Remedy will be in my house constantly." This remedy is for sale by Alvin H. Bulger.

FEDERAL UNION TO BE FORMED

Intention to Have Such An Organization Here in a Short Time.

A CHARTER LIST OF 200

Is Expected And the Union Will Be Under the American Federation of Labor—Advantages Which Are Expected from It.

Though East Liverpool has earned for itself the reputation of being one of the most thoroughly organized towns in the United States according to its population, the men interested in trades unions have not to the present been able to interest a sufficient number of laborers in their own welfare to form a federal union. It is the intention of the organizers of the American Federation of Labor with what aid they can obtain from trades already organized, to form a union of this character within the next few weeks.

The fact that the laborers have not been organized has been a great hindrance to the teamsters in their present difficulty, and it is certain that the members of this craft will lend all the encouragement in their power to the movement. The latter trade has just about wound up a short strike in which a nine-hour day was asked, together with a 25-cent raise in wages on the day. They formerly received the same wages that was given the laborers, $1.75 per day or 10 hours. Now that the teamsters have succeeded so well the laborers will be encouraged to try for better conditions on their own account.

This comes as a natural consequence upon the granting of the demands of the teamsters, as the two occupations are very closely allied. When the team drivers complete their day of nine hours on street improvements or grading contracts of any kind it will be impossible for the pick and shovel men to continue.

Those at the head of the movement state there will be no difficulty whatever in securing 200 on a charter list, and the men themselves have already become interested to such a degree that they will take hold of the work without delay. The Italian problem will probably cause the promoters of the scheme no little annoyance, as there are a large number of laborers of that nationality now employed in the city. They will not be admitted to membership, at least none who have not become naturalized citizens.

The organization will be known as a federal union, and will be chartered under the American Federation of Labor. Its members will be recognized by the central labor union of the city and will be entitled to all the privileges and benefits accorded to other trades unions.

Spring and its usual quota of spring ailments is here. Coughs, colds, bronchitis, lung troubles, uncertain appetite, etc., are prevalent everywhere. Hagee's Cordial of Cod Liver Oil is the ideal spring tonic. It purifies the blood and creates vigorous vitality. Contains no grease.

POROUS PLASTERS

Are a universal remedy for Pains in the Back (so frequent in the case of women). They give instantaneous relief. Wherever there is a pain apply a Plaster.

DIRECTIONS FOR USE

For pains in the region of the **Kidneys**, or for a **Weak Back**, the plaster should be applied as shown above. Wherever there is pain apply Allcock's Plaster.

For **Rheumatism** or **Pains in Shoulders, Elbows** or elsewhere, or for **Sprains, Stiffness**, etc., and for **Aching Feet**, cut plaster size and shape required and apply to part affected as shown above.

For **Sore Throat, Coughs, Bronchitis**, for **Weak Lungs** and for painful and sensitive parts of the abdomen, apply as indicated.

Rheumatism, Colds, Coughs
Weak Chest, Weak Back
Lumbago, Sciatica, &c., &c.

If you want the best results, the quickest and cleanest cure, use Allcock's Plasters. They are far superior to belladonna, which is the extract of deadly night shade, a virulent poison, and never should be used except by direction of a physician. Allcock's Plasters contain no poisons. They cure by absorption. Absolutely curative, perfectly harmless.

Read letter from Prof. Henry A. Mott, the eminent chemist.

"My investigation of ALLCOCK'S POROUS PLASTER shows it to contain valuable and essential ingredients not found in any other plaster, and I find it **superior to and more efficient** than any other plaster."

BLOOD DISEASE CURED.

If you ever contracted any Blood or Private Disease, you are never safe until the virus or poison has been eradicated from the system. Don't be satisfied with a "patch up" by some family doctor. Our **New Method is Guaranteed to Cure or No Pay. No Names Used without Written consent.**

Cured When all Else Failed

"Could I live my early life over, this testimonial would not be necessary, though I was no more sinful than thousands of other young men. Early indiscretions, later excesses, exposure to contagious diseases all helped to break down my system. When I commenced to realize my condition I was almost frantic. Doctor after doctor treated me but only gave me relief—not a cure. Hot Springs helped me, but did not cure me. The symptoms always returned. Mercury and Potash drove the poison into my system instead of driving it out. I bless the day your New Method Treatment was recommended to me. I investigated who you were first, and finding you had over 25 years' experience and responsible financially. I gave you my case under a guarantee. You cured me permanently, and in six years there has not been a sore, pain, ulcer or any other symptom of the blood disease."

News and Notes About The Potteries

VALUABLE AND CURIOUS.

The News Review recently reproduced an article printed in the New York Sun respecting a movement put on foot recently by the old English Adams family to locate a number of stray pieces of Adams ware imported many years ago. In the collection owned by Mrs. T. O. Timmons, of this city, was found a piece of the old ware in a perfect state of preservation. The article is an old fashioned turkey dish and has an interesting history. In 1845, 68 years ago, Mrs. Timmons' parents resided in Canal Dover, O., and on the occasion of her mother's birthday the dish was presented to her by the father. It was numbered among the family collection for many years, finally descending to Mrs. Timmons, in whose possession it has since remained.

The single piece of ware has now become a curiosity, and is very valuable because of its rarity. Percy W. C. Adams, a descendant of the old manufacturer, now in control of the pottery run under that name in Staffordshire, England, was responsible for the advertisement printed in the Sun. It was his aim to obtain some trace of all the old ware at present in existence; to catalogue it and have the entire collection illustrated. The piece of ware owned by Mrs. Timmons is thought to be one of the oldest in the United States and is prized very highly by that lady. It is of peculiar design, 12x16 inches in size and the decorations are in brown. The engravings show a Spanish convent, surrounded by a beautiful landscape. The quality of decoration is underglaze and all is clearly—almost perfectly—preserved. The impression of the name "Adams" is stamped deeply in the body in an old English letter.

DISPUTE OVER DECORATIONS.

A controversy arose several days ago in the decorating department of the Wallace & Chetwynd pottery over the price to be paid for a certain decoration. The fillers-in were the ones affected and several attempts were made during the past few days to settle the dispute with Foreman Frank Irwin, but they failed and this morning 11 girls refused to continue work until the price asked was granted. The pattern over which the dispute arose required four colors to complete, and the firm fixed the price at four cents. This the girls held was not enough, since the best they could do in a day was 10 sets, which would net them less than $1.40. The fillers-in proposed that the firm make the pattern easier by doing away with one of the colors, which they argued would not injure the decoration in the least.

If the proposition were agreed to the girls could make out at the four-cent rate, but if the pattern was left as it is they would insist upon having five cents for the work. A committee called at the News Review office today and explained their side of the controversy. They stated that the point was not raised by them until they had made a thorough investigation. Two of the colors used in the decoration are orange and yellow. A test had been made, and it had been found that after coming out of the kiln no difference could be distinguished between the two by omitting the one color—the effect, they say, was even better with but three. It is likely the dispute will be settled within a short time.

DESTROYED WARE.

Some two years ago the Patterson Pottery company lost a kiln of ware valued at $600. The loss was caused by some one opening the kiln doors during the process of firing, resulting in the loss of the ware. The pottery company charged that one Daniel Robinson was guilty. Since that time Daniel has not frequented Wellsville, but came back a few days ago. A warrant was issued and he was arrested and released on $200 bond furnished by his mother.

JOBBERS BUSY.

New York jobbers report a good business in American crockery. Both English crockery and china have been in good request and large sales are reported. French wares retain their popularity to such an extent that the factories abroad can count on running full time for the rest of the season. Orders for German goods have been coming in quite freely and business in this line is considered quite up to the standard.

Paving Contract Let.

Lisbon, May 7.—(Special)—A special meeting of the Lisbon council let the contract for the paving of the northwest corner of the public square to J. H. French, of Salem, at $1.65 per square yard, including curbing, the contractor to furnish everything. French was the only bidder. Work starts at once.

GIVES RELIEF QUICKLY

Regular Use of Hyomei Cures Most Stubborn Case of Catarrh.

No other medicine gives such prompt relief as Hyomei in the treatment of catarrh.

The first breath of this remedy soothes and heals the irritated and smarting air passages, and the regular use for a few days or weeks will cure the most stubborn case. Some of the reports from those who have been cured of catarrh by Hyomei read like miracles.

John S. Gray, of Richmond Hills, Pa., writes: "I am 82 years old and have been a sufferer with catarrh in the head for 25 or 30 years. I have doctored with many specialists and they all told me that the disease was incurable on account of my age. After using Hyomei a short time I was greatly benefited and now can say that I am entirely cured. It has now been six months since I stopped using the remedy and I still remain cured."

In nearly every town and village of the country can be found those who have been cured of catarrh by Hyomei. In East Liverpool there are probably over a thousand people whose health has been restored by this remarkable treatment.

Will Reed has sold package after package and every one has been with his personal guarantee to refund the money if it did not cure. Only two outfits have been returned and in each instance the money was paid back without question.

You run no risk whatever in buying Hyomei and your word decides the question as to whether you pay for the remedy or not.

Can you afford to suffer longer with catarrh when you can buy a guaranteed treatment on this plan?

Funeral of William Baxley.

Heavy

Dull Feeling After Dinner.

Tortures of Death From Headache.

Dr. Miles' Anti-Pain Pills Relieve and Cure.

"Nearly every day I suffered from severe attacks of headache. They usually began with a heavy, dull feeling soon after dinner. During these spells my head felt as though there was a tight bandage around it, my temples throbbed, I became sick at my stomach, and suffered almost the tortures of death. For two years past I have been taking Dr. Miles' Anti-Pain Pills, and have found sure and immediate relief always. By taking one in time the headache is prevented every time." —MRS. M. E. NOBLE, Garfield, Wash.

"Dr. Miles' Anti-Pain Pills are all right. I can recommend them very highly to anyone who needs a remedy for headache, neuralgia, or pain of any kind. My health is not very good, and I am subject to frequent attacks of severe headache, but since I began taking Dr. Miles' Anti-Pain Pills I do not suffer from them as I used to. They never fail to give relief in a few minutes, and if taken promptly upon the approach of a headache will prevent an attack from coming on."—MRS. WM. PEDRICK, Gloversville, N. Y.

"Dr. Miles' Pain Pills grow in favor with me every day; for, whereas, I used to have sick headache once a week, sure, can say that I do not have it any more at all. I never had anything cure me of sick headache before."—CLAUDE TUCKER, Wallace, N. Y.

A SUCCESSFUL ELECTRIC ENGINE

The Baltimore & Ohio Has Found a Device to Use an Induced Current Economically.

The Baltimore & Ohio railroad will receive during the next two weeks the first of two 150-ton electric motors, for service in the Baltimore tunnel. These motors are the heaviest ever built, and, with the three nine-ton motors now in use, will enable the company to haul all freight and passenger trains from Camden station to the top of the grade without the locomotive rendering any assistance.

The locomtive is made up of two independent duplicate sections coupled together, each section being equipped with four GE-65 motors and style M control, so arranged that either section can be operated independently, or from any one section two or more sections can be controlled. The capacity of the locomotive can at any time be increased by adding duplicate sections as desired.

Two sections of the locomotive, weighing together 150 tons, are designed to handle a loaded train weighing, complete with steam locomotive, but exclusive of electric locomotive, 1,500 tons, over the belt line grade from Camden station through the tunnel to the summit, a distance of 3.44 miles, approximately a mixmum speed of 10 miles an hour on the .8 per cent grade, and nine miles per hour on the 1½ per cent grade, when operating at 625 volts.

Under practical operation conditions the motors have sufficient capacity to maintain this service hourly, running loaded up the grade and returning light. In starting the motors have sufficient capacity to slip the wheels, or at not too frequent intervals the motors are large enough to handle as heavy a train as the weight of the drivers will allow.

In design the locomotive is exceedingly simple, and accessibe with a minimum number of wearing parts. It is believed that with this construction the maintenance account of the locomotive will be very low.

Cured His Mother of Rheumatism.

"My mother has been a sufferer for many years with rheumatism," says W. H. Howard, of Husband, Pa. "At times she was unable to move at all, while at all times walking was painful. I presented her with a bottle of Chamberlain's Pain Balm and after a few applications she decided it was the most wonderful pain reliever she had ever tried, in fact, she is never without it now and is at all times able to walk. An occasional application of Pain Balm keeps away the pain that she was formerly troubled with." For sale by Alvin & Bulger.

The avowed purpose of the new board of public service to keep the city clean is one that will strike a popular chord. It is a movement that if carried out will add to the beauty of the city and to the comfort and convenience of the citizens. Moreover, it will improve health conditions and help to enhance the value of property. It will be costly, but it will pay, simply as a business proposition. Keeping the city clean means something more than merely sweeping the streets. It means that stable refuse and other accumulations shall not be suffered to rest in alleys and back yards until the air becomes foul with their noisome odor. It means that stagnant water shall be drained off and that garbage and tin cans shall not litter vacant lots. It means especial attention to the carting away and destruction of garbage, and that no receptacle containing garbage shall be allowed to stand, even for an hour, awaiting removal, unless tightly closed. It means that the streets and alleys shall not be cluttered with waste paper and that streets and sidewalks shall not be used for the storage of empty boxes, barrels or waste material that the occupant of the adjacent building has no room for on his premises. It means careful attention to sewer openings to see that they are not clogged up, and a strict enforcement of all sanitary regulations. It is a big task which the board of public service has set for itself, but by no means one that it is impossible to accomplish. Of course the board of health, the street superintendent and citizens generally will have to coperate, or there will be only partial success. The results aimed at are well worth the necessary effort, and we believe there will be a general disposition on the part of the public to assist in the task of cleaning up the city and of keeping it clean. The city has ordinances enough to ensure perfect cleanliness, if ordinances would do it, but they amount to nothing without work. Work will relieve the city of a long-standing disgrace and help to make life better worth living.

The board of public service has issued an order that no one can find any fault with. It is all right that the street railway be allowed to take up such portions of the pavement as are necessary to improve its track, but it should be required to replace the paving in as good shape as it found it. There has been too much improper repairing in the past, and the sooner an end is put to slipshod methods the better for the city.

It makes no difference to the world and none at all to him now whether the late J. O. Brown, of Pittsburg, committed suicide or died a natural death. Unless the expectation is to prove that he was murdered, the disinterment of his body and the holding of a coroner's inquest looks like a very ill-advised action.

King Edward's pilgrimage to Rome and Paris shows that he wishes England to be friendly with France and Italy. "Splendid isolation" is not an agreeable position for Great Britain to occupy in these days of Russian aggression and of intrigue in the Balkans.

Kentucky's lawless element seems to have the upper hand again. This state of things will continue as long as the people continue to rely upon the shotgun rather than the law to right their wrongs.

No American president has ever had a third term. There will be no exception in the case of Grover Cleveland.

It is said Mrs. Cleveland does not want her husband to be a presidential candidate again. Of course, if the report is correct, the matter is settled.

St. Louis is trying hard to place its boodlers where they need not be conspicuous at the World's fair.

The rest of Europe appears less anxious than it did a few days ago to go hunting the Russian bear.

OBITUARY

Jonathan Hughes.

Sebring, May 6.—(Special)—Jonathan Hughes, one of the oldest and best known potters in this section, formerly of East Liverpool, died at his home here last night at 10 o'clock after a very short illness with paralysis. The funeral will be held at the house tomorrow afternoon, followed by interment in Quaker cemetery.

He leaves a wife and 11 children. For a number of years he has been employed in the Oliver China company's works here and he worked in various potteries in eastern Ohio.

Cornelius Kennedy.

Cornelius Kennedy, aged 55 years, died this morning shortly after 2 o'clock at his home, Center alley. He had been an invalid for two years and death came as a relief to his long suffering. Funeral arrangements have not yet been completed. A wife and nine children survive, all residents of this city. He was a member of the A. O. H. and C. M. B. A.

Samuel Nold.

BUSINESS SUSPENSION GENERAL

Strike in Omaha Is Serious—Saloons Closed at Midnight to Prevent Trouble.

Omaha, May 6.—That the strike in this city is considered by the city officials to be a most serious one was clearly shown in an order issued by Chief of Police Donahue to his men to close all saloons in the city at midnight and to keep them closed until the present excitement subsides or until otherwise ordered.

The employers of teamsters notified the chief that they would resume business Wednesday morning and demanded protection, stating that they would hold the city responsible for any violence done their men.

While no serious disturbances have occurred there have been several minor cases of trouble. A dozen wagons were held up and their drivers forced to return with loaded wagons. No freight has been moved; hotels have been unable to get supplies and suspension of business has been almost general. A number of restaurants have signed the scale demanded, but none of the larger concerns have conceded a single point.

Harvard Senior Missing.

Cambridge, Mass., May 6.—William Whitwell, a Harvard senior, has been missing from college since Feb. 27. He left hurriedly without taking any effects, due to receipt of word that his father, Dr. Whitwell, of New York, was dangerously ill at home. Young Whitwell did not reach home. His father has since died. Mrs. Whitwell entertains the hope that her son is all right. Whitwell was 6 feet 2 inches in height and weighed nearly 200 pounds. A report was current among Harvard undergraduates that a note was left by Whitwell saying that he was tired of life.

Newspaper Sold at Auction.

Augusta, Ga., May 6.—The Augusta Chronicle, one of the oldest newspapers in the south, was sold at public auction. The paper was bid in by Thomas W. Loyless, editorial writer on the Atlanta Constitution, for $40,000. Henry H. Cabaniss, of Atlanta, one of the most widely known newspaper men of the south, is also interested in the purchase and will go to Augusta to assume the active management of the paper.

Another Applicant for Divorce.

New York, May 6.—Mrs. Lilly Torrey Kemp appeared for a separation from her husband, George Kemp, brother of Arthur T. Kemp, whose wife, formerly Miss Nielson, has just begun divorce proceedings in Newport. It is understood that the application will not be contested. Mrs. George Kemp was formerly Miss Wagstaff, of Kansas. The marriage took place in 1895.

The Holland Brush is made of metal, beautifully nickle-plated, the body and teeth of same being hollow, admitting of boiling water, and will dry a lady's hair, after washing in a very few minutes after passing the brush through the hair as you would an ordinary comb or brush, leaving the hair soft and fluffy. In the old way it takes hours to do the same and always with the danger of contracting a cold. It is indispensable where there are children. The Holland Brush will last a life time.

AT THE THEATER

Wilson Barrett's celebrated drama, "The Sign of the Cross," will be the attraction at the Grand opera house next Monday night. The play is laid in Rome during a time of which even history shudders to relate. Nero was emperor; Rome was the most degenerate place on the globe, a veritable Sodom and Gomorra. With such a background the beautiful story of the suffering and martyrdom of the early Christians, who were tortured and given to the beasts in the arena because of their faith, is told in a graphic and impressive manner. Two carloads of scenery.

The love of a Russian prince for a serf forms the focal point of a story of intrigue, strife, and heroism, told in dramatic form in the Russo-Siberian melodrama, "For Her Sake," which comes to the Grand tomorrow night. It is said to be one of the strongest Siberian plays of the recent years, and the comedy element is said to be especially novel and consistent. There are scenes in peasants' huts, in a magnificently appointed ball room, in the interior of a Siberian mine and other characteristic features.

Tonight Alberta Gallatin as Rosalind in "As You Like It" will be seen at the Grand. This will be the treat of the season to the theater-goers of this city. Don't stay away and have your friend tell you it was the best show of the season, but go and see the greatest Shakesperean play on the road. The scenic embellishments are said to be an exact reproduction of the famous $20,000 production which Julia Arthur used in New York. Don't miss it.

A decision has just been rendered by the supreme court of Pennsylvania which directly affects the practitioners of Christian Science. The right of the Christian Scientists to do business as a legalized corporation in the state was in fact denied by the court, on the ground that it is violative of the general policy of the state pertaining to the treatment or cure of disease. The adverse decision is based on the contention that the state law prescribes the qualifications of those who shall be allowed to attempt the cure or healing of disease.

Great Britain has now proclaimed a Monroe doctrine of her own as relates to her Persian gulf possessions. The same principle has long applied in effect, wherever England has extended her sphere of influence, but this is the first time the doctrine has been expounded by a British minister, almost in the identical words of Monroe.

And now it is said that the president will call an extra session of congress in the fall. The business of congress and the country has grown until a member of the national legislature must work quite as hard to earn his salary as any ordinary mortal.

According to plans which are now maturing, East Liverpool is soon to have another bridge, which will connect the city with the projected new town of Newell. This means another expansion of this city into West Virginia. East Liverpool's prosperity is benefiting her neighbors as well as her own people.

OBITUARY

George Poe.

George Poe, aged 55, of East Fourth street, janitor of the Christian church, died at his home about 1 o'clock this morning. Mr. Poe came to this city several years ago from the vicinity of Georgetown, Pa. He had not been in good health for the past year, but his condition was at no time considered serious. Yesterday he suffered a stroke of paralysis and did not rally. He was a civil war veteran, a member of the G. A. R., and is survived by a wife and several children.

Dr. John M. Kuhn.

Dr. John M. Kuhn, formerly a prominent physician of Hanoverton and Salem, died Tuesday at Tarkio, Mo., aged 92 years. He was born in Allegheny and studied at Washington & Jefferson college, Franklin college, New Athens, O., and Jefferson Medical college, Philadelphia. He was a prominent early abolitionist and one of the engineers on the "Underground Railway." He is survived by four children.

Monument Unveiled.

Portland, May 7.—A monument erected to the memory of Josiah H. Drummond, who was a past grand master of the general grand chapter and general grand council of the United States and honorary member of the supreme council of the northern jurisdiction of Masons of the United States, was unveiled by the grand lodge of Maine at Evergreen cemetery. Subscriptions for the monument were received from many parts of the world.

Death of Prominent Pittsburger.

Pittsburg, May 7.—James Madison Bailey, for many years one of the most prominent business men of Pittsburg, died at his residence in Allegheny, in his 70th year. Death was due directly to pneumonia. Mr. Bailey was born in Pittsburg in 1833.

POLICE CHIEF GIVES ORDERS

Continued from First Page.

Still another law that the officers have been instructed to enforce:

"It shall be unlawful for persons having no occupation or business at such places to gather or congregate upon or occupy sidewalks, street corners, sidewalks in front of any dwelling or place of business or in front of any place of worship or amusement within the city limits."

AT THE THEATER

"The Sign of the Cross," Wilson Barrett's world-renowned religious and historical drama, which has created a profound impression among the priests and clergymen of this country, as well as in England and on the continent, will be seen for the first time in this city at the Grand opera house

next Monday, May 11. "The Sign of the Cross" may well be called an era-making drama, because it was the first play to receive the unsolicited commendation of eminent divines and of the large class of persons found in every city known as non-theatergoers. It seems to awaken sentiments akin to those excited in the soul of a Christian by the famous "Passion Play."

There is a certain magic in the very name Siberia, and when it figures in a play the theater-goer is assured at least of thrilling situations and picturesque scenical effects. "For Her Sake," at the Grand tonight, hinges on the love of a prince for a serf girl who has been brought up from childhood in the home of the prince's mother and educated as her daughter. The two, thus associating together, become greatly attached and the mother, discovering this fact, endeavors to separate the young lovers. She succeeds in having them both sentenced to the Siberian mines, aided by the rascally machinations of one of the czar's secret police.

Alberta Gallatin in the Shakesperean comedy, "As You Like It," made a decided hit with a fair-sized audience at the Grand last evening. Though the play had been witnessed many times by the majority of those present, its production last evening was enjoyed more than ever and only words of praise were uttered for the leading lady and her able assistants. It was indeed one of the best of the season.

H. O. Allison, representing the Potters' Herald, returned from Wheeling today, where he went early in the week in the interest of his publication.

Charles Kent and William Wood, both well known potters, left this morning for Los Angeles, Cal., where they will make their future home. They will be joined by their wives in a few weeks.

Thomas Atkinson, one of the motormen, who left East Liverpool for California to try the business in that section of the country, has written his friend, Thomas Reed, that he will be home next Sunday. He thinks well of the west, but likes the Crockery City better.

Thomas Rowe has returned to this city after a very successful theatrical seson. Mr. Rowe was the leader of the Josh Spruceby band and contributed largely to the phenomenal success scored by that attraction during the past season. Mr. Rowe will spend the summer in this city.

Laborers Reported Starving.

Kingston, Jamaica, May 7.—A number of Jamaican laborers who were taken to Ecuador by the J. P. McDonald company, the American contractors engaged in the construction of the Guayaquil-Quito railroad, to work on the line, are reported to be starving at Guayaquil. They have petitioned the Jamaican government to send them home and the governor of Jamaica has authorized the British minister to Ecuador to send the men back at the expense of the colony.

Paper Plant Burned.

Middleport, N. Y., May 7.—The Hartlan Paper company's plant was destroyed by fire. Two employes of the firm were cut off from the exits by the flames and were forced to jump from a window into the mill pond. Both were rescued. The loss is estimated at $50,000.

Gift for New Church Edifice.

Concord, N. H., May 7.—The gift of $100,000 for a new Christian Science church edifice, in addition to a previous gift of a site in the heart of this city, was announced from Mrs. Mary Baker Eddy, head of the Christian Science church.

ELOCUTIONISTS CONTESTED FOR PRIZES

An Interesting Entertainment in the Epworth League Course at Lisbon.

Lisbon, May 7.—(Special)—A large crowd filled the M. E. church last evening to hear the elocutionary contest and musicale, the second number of the Epworth League course. There were six contestants for elocutionary honors, Miss Helen Wellington, of Lisbon, winning the first prize, $10 in gold, and Mrs. J. D. Ferrall, of Leetonia, the second, $5 in gold.

The remaining contestants, Miss Floy Stansbury, of East Rochester; Miss Lida Andrews, of Wellsville; Miss Dora Inman, of Columbiana, and Mrs. Harry Neigh, of Salem, were each presented a handsome volume as a souvenir. The judges were Judge U. C. DeFord, of Lisbon; Rev. D. A. Domer, of East Palestine, and Prof. E. D. Williams, of Canfield.

A number from out of town were present. The program was interspersed with excellent music. The third number of the course will be a lecture this evening by Rev. Ward Beecher Pickard, D. D., of Cleveland, on "The House That Jack Built."

SCORE OF LIVES LOST AT SEA

Steamship Saginaw Sunk by Collision With Hamilton During Dense Fog.

Norfolk, Va., May 6.—A collision at sea that cost the lives of 20 or more people and the sinking of the Clyde steamship Saginaw by the Old Dominion Steamship company's liner Hamilton, occurred between Winter Quarter lightship and Fenwick island lightship, on the Virginia coast.

The fog whistles of both vessels were distinctly heard by each other for several minutes before the collision occurred. The fog was so thick that objects a ship's length away were invisible and when the two crafts bove in sight of each other, bow on, there was but a moment's interim before they met.

According to the Clyde line officials the names of only 18 passengers are known, and it is admitted by Second Officer Morris that 15 colored women, all of whom are now dead, were in a swamped lifeboat.

Big Sum for Navy.

Tokio, Japan, May 6.—The projected naval program proposes an expenditure of $5,750,000 per year for 10 years.

Municipal Election in Baltimore.

Baltimore, May 6.—The result of the municipal election as to the mayoralty candidates is in doubt. Of the 308 precincts in the city 303 have been counted and they give a plurality of 382 for Robert M. McLane, Democratic candidate, over Frank M. Wachter, Republican. George R Heffner, Republican, has been elected city comptroller. The Republicans will have a majority in the second branch of the city council and the Democrats a majority in the first branch. At the municipal election in 1899 the Democrats carried the city by 8,600.

Killed With a Wrench.

Wheeling, W. Va., May 6.—James McGowan was assaulted in the engine rom of the Benwood mill with a heavy wrench, wielded with such force that his teeth were knocked out and his skull crushed. Death was almost instantaneous. Robert Ritchie, who had threatened to avenge a whipping given by McGowan to Ritchie's friend, crossed the river to Bellaire after the murder, and when arrested admitted having had a quarrel with McGowan. He is in jail at Moundsville.

Ohio Bank Robbed.

Ohio City, O., May 6.—A gang of half dozen masked men drilled the safe in the Farmers' bank and secured the contents, including a large sum of money and many valuable papers. The robbers bound and gagged a citizen who appeared on the scene while they were at work.

A BUSY SESSION OF NEW COUNCIL

Committees Appointed by the President to Look After Various City Interests.

CONSTABLE WON'T SERVE

And An Appointment Will Have to Be Made—Public Service Board Makes An Estimate of Expenditures. Other Matters Discussed.

The city council resumed the adjourned meeting of Monday evening last evening and transacted considerable important business. Only Mr. Bissett was absent. Clerk-elect J. W. McQueen was sworn in. The following committees were appointed by President Crubaugh:

Finance—Shoub, chairman; O'Grady and Blackburn.

Ordinance — O'Grady, chairman; Blackburn and McDonald.

Street—Bissett, chairman; Joseph and Anderson.

By a motion of Mr. O'Grady, President Crubaugh will act as a member of each committee.

Solicitor Boyd stated that the auditing of the clerk's and treasurer's books had been completed by Messrs. Hanley and Adams.

President Crubaugh appointed Shoub, Blackburn and O'Grady as a committee to investigate the report. President Crubaugh was also made a member of this committee.

The resolution for the paving of Lisbon street from Little Yellow creek bridge west to the corporation line was read, and after much discussion, placed on its second reading and passed. It was then placed on its third and final reading, but was lost, O'Grady and Blackburn voting against it. Mr. Shoub stated that the farmers who use this road agreed to haul the necessary brick for paving if the work be done. He also said 90 out of every 100 people in that vicinity are anxious for the improvement. Mayor Fogo was also in favor of the improvement and cited several other roads which really needed the same work. He said: "The expense of improving roads which are inlets to the city is money well spent."

The old council at a meeting some time ago, ordered Solicitor Boyd to commence condemnation proceedings against William Bright and John Elliott for property on Sewer street, which the city wants for the widening of the street. Mr. Elliott refuses to set any price and the price asked by Mr. Bright is considered about four times too high. The present council, with City Engineer Leith, will look over the land and report at the next meeting.

The ordinance pertaining to the vacation of the alley between the properties of A. P. Dennis and W. E. Butler was placed on its first reading. A committee will investigate.

City Solicitor Boyd brought up the dumping of rubbish on Front street between Third and Fourth streets. No action was taken.

A communication was read from Constable-elect J. H. Morehead, stating that he would not fill that office. P. E. Spires, the present constable, has a petition for re-appointment, and the matter was left over until the next meeting.

A communication from Irwin Geiss, was read asking that the members of council meet at Merrill's photograph gallery to have their picture taken for his industrial write-up of the city.

An estimate on one month's expenses of the board of public service was read and council was asked to appropriate the amount. The following are the expenses: Engineer's expenses, $952; janitor's salary, $45; Electric lighting (old), $150; electric lighting (new), not known; members' salaries, $100.

The bill of H. A. Herbert for labor on streets, $342.60, and P. H. White & Son's bill for supplies, $3.05, were ordered paid.

No appropriation will be made for the estimated expenses until the board of public service come before council and explain exactly where all these expenses come from.

The mayor, clerk and auditor were authorized to borrow sufficient money to pay the following bills with a deduction of $195, which is now in the fund: H. A. Herbert, $342.60; P. H. White & Son, $3.05; J. H. Hanley and C. W. Adams, $50; Wellsville Light company, $414.96; William Byers, 15; Dr. F. K. Hutchison, $48.32.

At a late meeting of the old council a resolution was passed to revoke the license of Sewer Contractor George Clark, on a complaint made by J. W. Riley, who stated that it was necessary for him to relay a sewer recently which Mr. Clark had laid last summer. The old council ordered that Mr. Riley be refunded the money, about $35, and Mr. Clark's bondsmen be held responsible. Mr. Clark came before the council last evening and explained why there was a necessity for having the sewer relaid. The action taken by the old council was repealed and Mr. Clark will hereafter be permitted to contract sewer laying. Just how the matter of getting back this $35 which has already been paid to Mr. Riley was not settled.

The meeting adjourned until Wednesday, May 13, when all the appointments will be made.

JANITOR REFUSED TO GIVE UP KEYS

Newly Appointed Wellsville City Employe Finds It Impossible To Go To Work.

The board of public service held another meeting this morning. Among other matters of business transacted they appointed William T. Green to the janitorship of the city building and as a result there was quite a scene in the mayor's office a few minutes later. Green applied to the present janitor, William Elliott, for the keys, and the latter refused to produce them.

Green then went to the board, but its advice availed nothing, Elliott still refusing to turn over the keys. He now thinks he has plenty of backing, the mayor having instructed him to continue his work as heretofore. Just what the outcome will be is not known, but the matter is to be taken up at the special meeting to be called this week.

There were other interesting matters presented to the board. City Engineer Leith and Street Commissioner Culp have both been ousted from their positions as a result of a disagreement between council and the board of public service and it must be settled at the meeting.

PITCHED FROM A CLIFF INTO THE WATER

Charles Yates Had a Fall of Thirty Feet That Rendered Him Unconscious.

Charles Yates, of Yellow Creek, was the victim of a very painful accident yesterday afternoon. While fishing with several friends in the creek he fell over a cliff into the water, striking head first. His friends ran to his assistance and dragged him from the water unconscious. He was taken to his home nearby and after the applying of restoratives regained consciousness. Dr. Fraser, of Wellsville, was called and dressed the injuries. The injured man was badly cut about the head and shoulders. Several stitches were necessary to be taken in the gash in the head.

Yates said the accident was due to pure awkwardness, as he was not watching where he was going and was carrying his pole in such an awkward manner. Dr. Fraser stated that he was surprised that the man was not instantly killed, as he fell a distance of nearly 30 feet. The injuries will not prove fatal, but the patient will no doubt be laid up for some time.

Mrs. Walker Arrested And Fined.

A woman giving her name as Mrs. Richard Walker, of East Liverpool, was arrested here Monday evening and placed in the city jail to sober up. She started down Front street and raised such a disturbance that the residents of that vicinity notified the mayor, and Officer Canaday arrested her. Before Mayor Fogo yesterday afternoon she pleaded guilty to the charge of being drunk and disorderly and was fined $8.60, which she paid.

New Team on Rural Route.

Rural Mail Carrier Edward Bunting has received a fine team of sorrel horses from Carrollton. He paid $325 for it. The horses were shipped to Wellsville by express. Heretofore, Mr. Bunting has been compelled to use a light road wagon. This new team will have no trouble in pulling the regular mail wagon, as the roads are somewhat improved.

Merging of Sheet Metal Workers.

Milwaukee, May 6.—The joint committee of the International Association of Sheet Metal Workers and the American Alliance of Sheet Metal Workers, which has been in session several days deliberating over the question of merging the two bodies, has completed its work. The report consists largely of a revision of the constitution and must be ratified by the international convention, now in session, before the merger can be effected. The indications point to ratification by the convention, as the report of the joint committee is unanimous.

FIREMEN QUIT

Five Employed at Chester Mill Were Dissatisfied With Wages.

Five of the six firemen at the tin mill quit last night night. The men made a demand for an increase of wages, which the company refused. The firemen were receiving $2.04 a day of 12 hours and asked for a decrease in the working hours or an increase to $2.25 per day for 12 hours. The running of the mill was not interrupted with, as men were soon secured to take the place of the men who quit.

The work of firing at the Chester mill is considered much easier by the management than like work at other mills, and with the modern improvements in the boilers and grates the labor of firing is reduced to a minimum. The pay of the firemen at the Chester mill also compares favorably with other mills of the American Tin Plate company.

In Readiness to Pave.

A large force of men is getting Carolina avenue between Second and Third streets in shape for paving. The curbing in this block has been completed and Contractor Freshwater expects to have this part of the work finished this week. The curb setters have commenced at Fifth street, and after finishing the paving between Second and Third streets will commence at Fifth street and work to Mark's run. Three carloads of paving brick was received today and is being distributed.

Bridge Receivership.

The Citizens' Trust & Guaranty company, of Parkersburg, as receivers of the East Liverpool bridge, has been succeeded by the Union Trust & Deposit company, of the same city. The change went into effect May 1. The new receivers are practically the same concern, but on account of a law passed at the last session of the legislature, that a surety company is not allowed to do a trust company business, the transfer has been made.

Agreeably Entertained.

The Ladies' Aid society of the Methodist Episcopal church of Chester met yesterday afternoon at thehome of Mrs. J. P. Rowen, corner of First and Fairview streets. There was a large attendance and several new members were received. The ladies were delightfully entertained with musical selections, and the hostess served dainty refreshments.

Oil Operations.

The well on the D. C. Glass farm near Fairview, which was drilled in by Treat & Crawford, came in a duster. No more wells will be sunk on the Glass farm at present. The Glass Drilling company is moving its machine to the Whitehill farm, near Kendall, Pa., to drill two wells for D. A. Cameron, of Marietta.

Official Reporters.

Postmaster W. C. Johnston received a communication from the bureau of agriculture at Washington, requesting that the postmaster furnish the names of two farmers in Grant district to furnish monthly reports of the condition of crops. He recommended A. M. Fowler and R. M. Cunningham.

Rectory to be Finished by July.

The mason work on the Catholic rectory has been completed and work on the new frame building has been started. Work on the building will be carried on quickly, and it is thought the building will be ready for occupancy about June 1.

CHESTER NOTES.

Mr. and Mrs. Gomer Wern, of Fairview, visited friends in Chester today.

Tollkeeper John F. Spivey found a pocket book on the bridge yesterday afternoon containing valuable papers and a small amount of change. The owner has not yet claimed the property.

W. E. Mercer has gone to Salineville on business and will be gone for a few days.

James Cameron and William Spivey, of Fairview, were in Chester on business today.

Jesse Allison is very ill with rheumatism at his home near the Allison school house.

Superintendent James McKinnon, of the Rock Springs line, has received a large coop of thoroughbred Black Minorca chickens from Youngstown, and intends engaging in the poultry business as a side line.

Rev. G. M. Donehoo, of Charleston, W. Va., will fill the pulpit of the Presbyterian church next Sunday afternoon at 3 o'clock. Rev. Mr. Donehoo is an eloquent minister and a large congregation is expected.

"He Won't Die

Of consumption" is a remark often made of a fleshy man. The remark expresses the popular recognition of the fact that the sign of consumption is emaciation, loss of flesh. On the other hand, a gain in flesh is a sure sign that wasting diseases are being cured.

Emaciated people with obstinate coughs, bleeding lungs, night-sweats and weakness, have been perfectly cured by the use of Dr. Pierce's Golden Medical Discovery. The several steps of the cure were recorded in ounces and pounds of increasing weight. When there is gain in flesh the wasting disease is being surely cured.

Mr Will H Whitmire, of Arkton Rockingham Co. Va writes: "Our son contracted a deep cold about the first of July, 1900, and had a terrible cough. We called a doctor and he pronounced it irritation of the bronchial tubes, with asthmatic trouble, and he informed me that my son was liable to die at any time. He told me that if we could keep the bronchial tubes open, he *might* cure him; but after treating him several weeks and my son growing worse all the time, I concluded to try Dr. Pierce's Golden Medical Discovery and Pleasant Pellets. I had seen several almost miraculous cures brought about by the use of these medicines, and of course I had wonderful faith in them. He used three bottles of 'Golden Medical Discovery' at home and one vial of the 'Pellets,' and was then well enough to go to West Virginia, taking a supply with him. I am just in receipt of a letter from him from which I quote: *'I am well and hardy and getting very fleshy.'*"

How To Tell A Swindle.

If a man tells you he can make 25 per ct. out of your money for you and don't tell you how, set it down as a swindle. If he offers you something for nothing, set it down as a swindle. If he tells you he can cure you of disease, and don't tell you how, set it down as a swindle. If you will exercise your own judgment, your own reason—just use a little **common sense** at all times, it is the safest guide. We tell you Life Plant cures Rheumatism, Eczama, Catarrh, Asthma, Scrofula and all **blood diseases,** and we tell you why. It does it because it purifies the **blood,** drives out the impurities and thus removes the **cause** of disease. There is no other way. Now that's common sense. The blood is the Life. Keep the blood pure, full of life, and the whole system will be renewed with new energy. Read this. It tells what Life Plant will do. It's from your neighbor:

Mr. J. C. Lukens, of Tippecanoe, Ohio, says: I have been greatly relieved of Nervousness, Stomach and Kidney trouble by the use of Life Plant. As a family medicine to keep the blood in order and tone up the system and prevent sickness, I think it stands at the head of the list.

REALM OF SPORTS

A STRONG LINEUP

Formed from the Ranks of the Belmont Club to Do Battle With the First Team.

The lineup of the first team of the Belmont club is as follows: Bowdler, catcher; Gamble, pitcher; Bertram Harker, short; Orr, first; Lowden, second; Peake, third; Sutton, left; Swaney, middle; Farrall; right; Dixon and Spivey, water boys.

This team, though not as long in the business as the second team, is made up of stronger material and expects to wipe the earth with the stronger organization. With Barker in the game all are assured that the boys will carry out their intentions. Orr and Bowdler are a great pair and will help much in carrying the team to victory. The remainder are all pennant winners, and the second team has already expressed fright.

A Gift to Dick Harley.

A number of the East Liverpool admirers of Richard Harley, of the Chicago base ball team, went to Pittsburg yesterday to see him play. During the game a handsome souvenir was presented him in the shape of a mug, specially designed and handsomely decorated, one of the handsomest art pottery gifts imaginable. Russell H. Heddleston presented it in behalf of Harley's East Liverpool friends.

SPORTING MISCELLANY.

In St. Louis they refer to Pitcher McFarland as "Chappy Chawles." He is one of the most dudish men in the league.

Sheriff McKinney has been requested to stop the playing of Sunday ball at Mahaffey Park, two and one-half miles from Canton, adjoining Meyer's Lake.

At the meeting of the board of appeals of the American Trotting association George C. Curl, of Dayton, O., and George S. Howell, of Springfield, O., were expelled from all tracks of the association for running the bay mare Louise M.

The McDonald base ball team will open the season this afternoon with the Steubenville team. Sweeney and Behling, the battery of last year's McDonald team, will do the work in this game, while Heinberger and Walker will represent the Steubenville nine.

Don Luis Terazas, the new governor of the state of Chihuahua, not only will refuse consent for prize fights to be held in his state, but also will endeavor to suppress all forms of gambling. His stand necessarily puts an end to the movement to hold prize fights in Juarez.

THE AUTOMOBILE IMPROVES THE ROADS

Horseless Carriages Don't Wear Out Highways, But Better Them.

Partisans of the automobile have often commented upon the obvious fact that if mechanical vehicles were to supplant horses in cities the trouble and expense of keeping the streets clean would be greatly reduced. That is a very evident and important point in favor of self-propelled carriages.

Another difference between horse vehicles and automobiles, which is very important, is not so much in evidence in the arguments of devotees of the machines which are contesting with the horse for supremacy on the highways. This is the fact that automobiles not only need good roads, but do little or nothing to injure them, when once created. Pavements would wear long and keep in good condition with little attention if only horseless vehicles, equipped with big rubber tires, rolled over them.

On roads macadamized or otherwise well built, the use of automobiles during most of the year would simply make the surface better and smoother. It would be like the work of big steam rollers, with rubber to soften their pressure. Hard, narrow tires, on the wheels of vehicles pulled by horses with sharp iron shoes, cut roads up more in a month than an equal amount of use by automobiles could in six times as long.

For economic reasons this important point of difference is bound to be more noticed, in the near future, than it has been as yet in the development of the horseless carriage.

Experts in the automobile business estimate the year's output of machines at 28,000 for the factories in the United States. It is believed that between three thousand and four thousand automobiles made in Europe will be imported and sold here. That will carry the number of machines marketed in this country up to more than 31,000.

The average selling price of these horseless vehicles can hardly be less than $1,000. Many bring from $2,500 to $5,000, and a few cost more than the largest of these sums. If the average is $1,000 the total cost of the automobiles sold in the United States will be more than $30,000,000. That would buy 500,000 bicycles, at the prices paid when cyling was at its height in America.—Cleveland Leader.

New Lake Boat Launched.

Port Huron, Mich., May 7.—The new steel twin-screw passenger steamer East Land, which, it is believed, will be one of the fastest boats on the Great Lakes, was successfully launched. The boat was christened by Mrs. J. C. Pereue, wife of Captain Pereue who will sail the new craft.

ANOTHER PUZZLE FOUND IN THE CODE

DISPUTE ARISES AS TO PRESIDENT OF COUNCIL.

Some Say He Cannot Be Considered a Member of That Body—Reasons Given.

The president of the new council is not a member of that body in the sense that the members from wards and at large are, and the question has been raised if in any regard he may be considered a member. For instance, it takes six members to constitute a quorum and it has been suggested that he might be counted to make the requisite number in the event that there were only five regular members present.

The provision of the code is that the president "shall preside at all meetings of council, but shall have no vote therein except in a case of a tie." This section, it is held, merely makes him a presiding officer, and in no sense a member, and arguing from analogy, it is pointed out that the vice president is never counted to constitute a quorum of the United States senate nor is the lieutenant-governor counted to complete a quorum of the state senate. Others, however, point out a distinction in that the vice president and lieutenant governor are not elected primarily to preside over their respective bodies, but that this duty is merely an incident of their office.

Considering, then, that nothing can be proved in the matter from analogy, since the cases are not similar, or rather identical, recourse is had to another section of the code which tells how council shall be constituted. This is found in section 116, and it provides that council shall be "composed of not less than seven members, four of whom shall be elected by the electors of the city at large." It is, therefore, contended that as the president is neither elected by wards nor yet is he one of three or more elected at large, he is not a member. Others, though, contend that, while not linked with others, he is yet elected as are some members of council and his distinctive title makes him a member for some purposes.

The broad provision that he shall have a vote in case of a tie would seem to give him a right to vote on any subject matter where the members are equally divided. This, however, is clearly not the case, as in a number of instances, if it is considered that he is not a member, it is positively stated that a measure shall carry only on "the concurrence of a majority of all members elected thereto." In section 122 of the code it is provided that "the action of council shall be by ordinance or resolution" and, further, that "no ordinance shall be passed by council without the concurrence of a majority of all members elected thereto." It would thus seem that, by specially mentioning ordinances, this section limits the right of the president to vote in case of a tie only when resolutions are before council, and, therefore, clearly indicates that the president is not one of the "members elected" to council.

Miss Alice M. Smith, of So. Minneapolis, Minn., tells how woman's monthly suffering is permanently relieved by Lydia E. Pinkham's Vegetable Compound.

"I have never before given my endorsement for any medicine, but **Lydia E. Pinkham's Vegetable Compound** has added so much to my life and happiness that I feel like making an exception in this case. For two years every month I would have two days of severe pain and could find no relief, but one day while visiting a friend I ran across **Lydia E. Pinkham's Vegetable Compound,**—she had used it with the best results and advised me to try it. I found that it worked wonders with me; I now experience no pain, and only had to use a few bottles to bring about this wonderful change."—MISS ALICE M. RAILROAD BUILDING IN PERSIA

No Chance for Americans, as Russia Controls Concessions for Number of Years.

Washington, May 7.—In the Persian series of diplomatic exchanges, which will appear in the forthcoming volume of foreign relations, is the following collection to the state department from Lloyd G. Criscom, who at the time of its writing was United States minister to Persia:

"I have the honor to inform you that in view of the many inquiries received at this legation in regard to the possibilities of obtaining concessions for the construction and operation of railroads in Persia, I have recently put the question to the grand vizier and was informed by him that an agreement exists between the Persian and Russian governments whereby no railroads shall be constructed in Persia excepting by Russians or the Russian government for a period of 10 years from the accession of the present shah. This agreement has seven years (now six) still to run, wherefore it will be impossible for any of our citizens to obtain a valid railroad concession until the termination of this period."

Prisoner Suicides in Cell.

Cleveland, May 7.—Ludwig Sedlazyk, a prisoner in the county jail, charged with the murder of Anna Heffner and the serious wounding of her husband, committed suicide in his cell by hanging. Sedlazyk was indicted for murder in the second degree and his trial began Monday.

WILL GO TO JAIL TO AWAIT TRIAL

ALBERT MALKIN BOUND OVER FOR THE GRAND JURY.

Wife And Her Sister Said He Had Failed to Support His Family for Six Years.

Allen Malkin, arrested yesterday morning by Constable Copestick at the instance of his wife, who charged him with the non-support of their five minor children, was given a hearing before 'Squire Daniel McLane at 3 o'clock in the afternoon and at the conclusion of the testimony of the state he was bound over to court in the sum of $100. He was not able to furnish the bond and will be taken to the county jail this evening.

The arrest of Malkin, the particulars of which were published exclusively in the News Review, was the result of his most cruel and heartless treatment of both his children and wife. Mrs. Malkin and her sister testified before the court that he had failed to support the family for six years; that he had not fed or clothed them. They also stated that when food and clothing were gotten that it was necessary for the wife to earn them or beg them from relatives and kind acquaintances.

Justice McLane was not long in coming to a decision in the case. It was of the kind that would appeal to any one and he did not hesitate in declaring his decision. When he told the prisoner his fate Malkin arose and started out of the office in company with Constable Copestick and upon reaching the door he turned around and said in a very defiant manner: "This won't get you and the kids any bread. You will be sorry for this some time." He made a desperate attempt to get a bondsman, but to no avail.

It was one of the most cruel cases that has ever come before the justice and he stated that he was sorry that he could not come to final conclusions in the matter. Malkin said, when asked if he had any defense to make: "I have just got one thing to say and that is that I don't believe that she as my wife can legally testify against me." It did not take the 'squire long to settle his mind on that point.

WEAK WOMEN.

CONSTIPATION STARTED YOUR SUFFERING, CURE IT AND YOUR AFFLICTION WILL VANISH.

Mull's Grape Tonic Cures Constipation.

When the bowels move irregularly the entire bodily system must suffer. Constipation more frequently occurs among women and it manifests itself in provoking profuse leucorrhea and other serious female diseases. Regular bowels will result in a complete cure when you use Mull's Grape Tonic. Unlike pills and ordinary cathartics, this remedy is a mild, gentle laxative in addition to being a greater flesh-builder, blood-maker and strength-giver than cod liver oil or any other preparation recommended for that purpose. Mull's Grape Tonic will permanently cure the most obstinate case of constipation, and the numerous afflictions that invariably follow in its wake. No matter if it is piles, liver complaint, kidney disorder, vertigo, palpitation of the heart, diarrhea or the self-poisoning which follows when the undigested food remains in the bowels where it putrefies and empties highly diseased germs into the blood, such as typhoid and malaria, Mull's Grape Tonic will positively cure. Large sample bottle will be sent free to any address on receipt of 10 cents to cover postage, by the Lightning Medicine Co., Rock Island, Ill. Send name of your druggist. All druggists sell Mull's Grape Tonic at 50 cents a bottle.

The avowed purpose of the new board of public service to keep the city clean is one that will strike a popular chord. It is a movement that if carried out will add to the beauty of the city and to the comfort and convenience of the citizens. Moreover, it will improve health conditions and help to enhance the value of property. It will be costly, but it will pay, simply as a business proposition. Keeping the city clean means something more than merely sweeping the streets. It means that stable refuse and other accumulations shall not be suffered to rest in alleys and back yards until the air becomes foul with their noisome odor. It means that stagnant water shall be drained off and that garbage and tin cans shall not litter vacant lots. It means especial attention to the carting away and destruction of garbage, and that no receptacle containing garbage shall be allowed to stand, even for an hour, awaiting removal, unless tightly closed. It means that the streets and alleys shall not be cluttered with waste paper and that streets and sidewalks shall not be used for the storage of empty boxes, barrels or waste material that the occupant of the adjacent building has no room for on his premises. It means careful attention to sewer openings to see that they are not clogged up, and a strict enforcement of all sanitary regulations. It is a big task which the board of public service has set for itself, but by no means one that it is impossible to accomplish. Of course the board of health, the street superintendent and citizens generally will have to cooperate, or there will be only partial success. The results aimed at are well worth the necessary effort, and we believe there will be a general disposition on the part of the public to assist in the task of cleaning up the city and of keeping it clean. The city has ordinances enough to ensure perfect cleanliness, if ordinances would do it, but they amount to nothing without work. Work will relieve the city of a long-standing disgrace and help to make life better worth living.

The board of public service has issued an order that no one can find any fault with. It is all right that the street railway be allowed to take up such portions of the pavement as are necessary to improve its track, but it should be required to replace the paving in as good shape as it found it. There has been too much improper repairing in the past, and the sooner an end is put to slipshod methods the better for the city.

It makes no difference to the world and none at all to him now whether the late J. O. Brown, of Pittsburg, committed suicide or died a natural death. Unless the expectation is to prove that he was murdered, the disinterment of his body and the holding of a coroner's inquest looks like a very ill-advised action.

King Edward's pilgrimage to Rome and Paris shows that he wishes England to be friendly with France and Italy. "Splendid isolation" is not an agreeable position for Great Britain to occupy in these days of Russian aggression and of intrigue in the Balkans.

Kentucky's lawless element seems to have the upper hand again. This state of things will continue as long as the people continue to rely upon the shotgun rather than the law to right their wrongs.

No American president has ever had a third term. There will be no exception in the case of Grover Cleveland.

It is said Mrs. Cleveland does not want her husband to be a presidential candidate again. Of course, if the report is correct, the matter is settled.

St. Louis is trying hard to place its boodlers where they need not be conspicuous at the World's fair.

The rest of Europe appears less anxious than it did a few days ago to go hunting the Russian bear.

OBITUARY

Jonathan Hughes.

Sebring, May 6.—(Special)—Jonathan Hughes, one of the oldest and best known potters in this section formerly of East Liverpool, died at his home here last night at 10 o'clock after a very short illness with paralysis. The funeral will be held at the house tomorrow afternoon, followed by interment in Quaker cemetery.

He leaves a wife and 11 children. For a number of years he has been employed in the Oliver China company's works here and he worked in various potteries in eastern Ohio.

Cornelius Kennedy.

Cornelius Kennedy, aged 55 years, died this morning shortly after 2 o'clock at his home, Center alley. He had been an invalid for two years and death came as a relief to his long suffering. Funeral arrangements have not yet been completed. A wife and nine children survive, all residents of this city. He was a member of the A. O. H. and C. M. B. A.

Samuel Nold.

Lisbon, May 6.—(Special)—Samuel Nold, whose home was a few miles north of Lisbon, died Sunday morning at Pasedena, Cal. Mr. and Mrs. Nold went to California for their health to remain indefinitely. He was upwards of 60 years old. The body will be brought to the family home accompanied by Mrs. Nold and son, E. M. Nold. Funeral services will be held next Monday at 12:30 o'clock.

Fresh Foods for Babies.

Hot weather is coming and infants will suffer. If your doctor prescribes some of the infants' PREPARED FOODS, come here to get them. Every package in our store is fresh and is in the best condition. There isn't an old, shelf-worn or dusty package in our whole store. This may mean everything to the baby. Get the fresh always.

BUSINESS SUSPENSION GENERAL

Strike in Omaha Is Serious—Saloons Closed at Midnight to Prevent Trouble.

Omaha, May 6.—That the strike in this city is considered by the city officials to be a most serious one was clearly shown in an order issued by Chief of Police Donahue to his men to close all saloons in the city at midnight and to keep them closed until the present excitement subsides or until otherwise ordered.

The employers of teamsters notified the chief that they would resume business Wednesday morning and demanded protection, stating that they would hold the city responsible for any violence done their men.

While no serious disturbances have occurred there have been several minor cases of trouble. A dozen wagons were held up and their drivers forced to return with loaded wagons. No freight has been moved; hotels have been unable to get supplies and suspension of business has been almost general. A number of restaurants have signed the scale demanded, but none of the larger concerns have conceded a single point.

Harvard Senior Missing.

Cambridge, Mass., May 6.—William Whitwell, a Harvard senior, has been missing from college since Feb. 27. He left hurriedly without taking any effects, due to receipt of word that his father, Dr. Whitwell, of New York, was dangerously ill at home. Young Whitwell did not reach home. His father has since died. Mrs. Whitwell entertains the hope that her son is all right. Whitwell was 6 feet 2 inches in height and weighed nearly 200 pounds. A report was current among Harvard undergraduates that a note was left by Whitwell saying that he was tired of life.

Newspaper Sold at Auction.

Augusta, Ga., May 6.—The Augusta Chronicle, one of the oldest newspapers in the south, was sold at public auction. The paper was bid in by Thomas W. Loyless, editorial writer on the Atlanta Constitution, for $40,000. Henry H. Cabaniss, of Atlanta, one of the most widely known newspaper men of the south, is also interested in the purchase and will go to Augusta to assume the active management of the paper.

Another Applicant for Divorce.

New York, May 6.—Mrs. Lilly Torrey Kemp appeared for a separation from her husband, George Kemp, brother of Arthur T. Kemp, whose wife, formerly Miss Nielson, has just begun divorce proceedings in Newport. It is understood that the application will not be contested. Mrs. George Kemp was formerly Miss Wagstaff, of Kansas. The marriage took place in 1895.

The New Way

The Holland Brush is made of metal, beautifully nickle-plated, the body and teeth of same being hollow, admitting of boiling water, and will dry a lady's hair, after washing in a very few minutes after passing the brush through the hair as you would an ordinary comb or brush, leaving the hair soft and fluffy. In the old way it takes hours to do the same and always with the danger of contracting a cold. It is indispensable where there are children. The Holland Brush will last a life time.

AT THE THEATER

Wilson Barrett's celebrated drama, "The Sign of the Cross," will be the attraction at the Grand opera house next Monday night. The play is laid in Rome during a time of which even history shudders to relate. Nero was emperor; Rome was the most degenerate place on the globe, a veritable Sodom and Gomorra. With such a background the beautiful story of the suffering and martyrdom of the early Christians, who were tortured and given to the beasts in the arena because of their faith, is told in a graphic and impressive manner. Two carloads of scenery.

The love of a Russian prince for a serf forms the focal point of a story of intrigue, strife, and heroism, told in dramatic form in the Russo-Siberian melodrama, "For Her Sake," which comes to the Grand tomorrow night. It is said to be one of the strongest Siberian plays of the recent years, and the comedy element is said to be especially novel and consistent. There are scenes in peasants' huts, in a magnificently appointed ball room, in the interior of a Siberian mine and other characteristic features.

Tonight Alberta Gallatin as Rosalind in "As You Like It" will be seen at the Grand. This will be the treat of the season to the theater-goers of this city. Don't stay away and have your friend tell you it was the best show of the season, but go and see the greatest Shakesperean play on the road. The scenic embellishments are said to be an exact reproduction of the famous $20,000 production which Julia Arthur used in New York. Don't miss it.

GREAT INTEREST IN UNION CIRCLES

Coming Months Will Be Important to the Members of Trades Council.

THE RAILROAD MEN'S VISIT

Will Be Made Enjoyable—Arrangements for Organization of a Federal Union Completed—Matters of Interest Discussed.

In former years it has been noticed that interest in the affairs of trades unions as they are affected by the central labor body has waned somewhat during the summer months, but this season promises to be an exception to the rule. The regular business session of Trades Council held last evening was unusually interesting, and there is every indication that the next few months will be busy ones for the officers and members of this important organization.

Eight new members were obligated at the meeting last night, and immediately afterward the representatives of the railway conductors' union of Wellsville were admitted in order that they might make an explanation in regard to the excursion which their organization proposes to bring to this city on May 15. The national convention of the union will be held in Pittsburg during that week and the excursion is a side trip planned by the committee of arrangements. Many of the delegates have never visited a pottery, and it is expected the outing will be greatly enjoyed by them. Conductors Jordan and Packard asked the co-operation of the council in looking after the entertainment of the 700 visitors. A committee composed of Frank Martin, William Cope, Fred Pennington, William Pittinger and John Reark will act with the local committee and arrangements will be made to amuse the excursionists during their stay.

A communication from the Louisville local of the Tobacco Workers' International union, stated that a firm in that city manufacturing tobacco had locked out its employes, and would no longer recognize the union. The firm had conducted a union concern until recently and had built up a tremendous patronage with the aid of the union. The local asked the aid of the council in bringing the unfair company to terms, and a committee was appointed to visit the merchants of the city with a view to inducing them to discontinue the sale of the product. The committee is composed of George Eisenhuth, George Mulligan and T. Hickey.

The council was gratified to learn through a communication from the New York stereotypers that the United States Printing company, against which the union has been waging war for several months, had asked for a cessation of hostilities pending a settlement.

A strong resolution was received from the stone masons' union condemning the action of the grocery merchants in antagonizing the co-operative store.

An invitation was received from the men in charge of the Ohio centennial celebration at Chillicothe, asking that the council send a representative there. The communication was laid over.

Under reports of delegates those from the plumbers' union made a brief statement respecting the strike in that trade. The contest was progressing in a satisfactory manner, and to the present the local would simply ask the moral support of the council. Something definite would develop, they thought, within a few days.

A very satisfactory report was made by a delegate from the teamsters' union, showing that with but a very few exceptions all the team owners had signed the new agreement. It was thought that all will have signed up by the end of the present week. It was requested that anyone having teaming done should demand to see the card of the driver before hiring him.

The painters reported the status of their difficulty with the master painters as being unchanged. But one conference had been held and that had come to naught. Their men were all steadily employed, however, and well able to stand a long siege.

F. B. Martindale made a report for the committee having the Slayton meeting in charge. He stated the committee was gratified at the attendance and very well pleased with the manner in which the affair passed off. His committee asked that the council thank those who contributed in any way to the success of the meeting, and thought the body ought to be especially grateful to the members of the two city bands for their aid. Action was taken in accord with the report.

Organizer Kontnier, of the American Federation of Labor, reported that arrangements for the organization of a federal union, to be composed of laborers, had been nearly completed. A meeting had been called for next Saturday night at Red Men's hall, and it was expected that a very large number of eligible workmen would be present.

More Carriers Wanted.

Lisbon, May 7.—(Special.)—An examination for rural mail carriers was to have been held at the postoffice here this morning, but as the examiner did not arrive it will probably be held this evening. Postmaster Moore has great difficulty at times with the rural routes from this office on account of not having at hand men eligible to serve as substitutes.

BULGARIAN LEADER IS KILLED

Martial Law Proclaimed at Salonica. Italian Government Sends Warships.

Salonica, May 7.—An engagement occurred at the village of Vanitza between Turkish troops and a Bulgarian band, in which 60 Bulgarians, including their leader, Deltzeff, were killed, while the Turks had four men killed and three wounded. Thirty houses in Vanitza were burned.

A Bulgarian band led by Petroff has been routed at Krapesta. Seven of the Bulgarians were killed.

A number of dynamite bombs were captured here and martial law was proclaimed in Salonica.

The battleships Sardegna and Francesco Morosini, the cruiser Carlo Alberto and the torpedo cruiser Calatafimi, of the Italian navy, have arrived.

The statement that 9,000 Christian inhabitants of Novi-Bazar, European Turkey, have been massacred by Moslems, published by a news agency in the United States, is regarded as an invention. A large force of Austrian troops is stationed on the borders of the sanjak of Novi-Bazar and no reports of any disturbances in that region have been received.

Banker's Daughter Killed by Robber.

Medford, Mass., May 7.—Miss Nellie Sturtevant, aged 25 years, daughter of Treasurer James S. Sturtevant, of the Medford Co-operative bank, was shot and killed at her home by an unknown man. Mr. Sturtevant reached his home with a satchel well filled with money and checks belonging to the bank. As he stepped upon the piazza of his home a rough-looking stranger appeared around the end of the piazza and, revolver in hand, ordered Mr. Sturtevant to throw up his hands. Miss Sturtevant stepped in front of her father to shield him from harm just as the intruder fired, the bullet entering her body with fatal result. The man then jumped upon a bicycle and rode off rapidly in the direction of Boston.

Shot Wife and Self on Anniversary.

New York, May 7.—George Rust, on the eve of the first anniversary of his wedding, shot his wife and then fired a bullet into his own brain. Rust died shortly afterwards, but it is thought that his wife will recover. Rust is a salesman connected with a lumber house. The marriage was a secret one. The bridegroom was then 24 years old and the bride only 15 years of age. They lived together until six weeks ago, when they separated and went to the homes of their parents. The wife procured a summons for her husband, whom she accused of failing to support her. In the evening she met her husband and the shooting followed after a brief quarrel.

Salaries of Presidential Postmasters.

Washington, May 7.—The twentieth annual readjustment of salaries of presidential postmasters throughout the United States is now in progress. The readjustment involves about 5,000 postmasters. Most of the changes are increases. The appropriation for salaries next year was increased $750,000. There probably will be 80 or 90 fourth-class offices advanced to the presidential grade July 1 and the indications are that 100 third-class presidential postoffices will be raised to the second-class and 10 or 15 second-class offices raised to first-class.

Call Issued for Meeting.

New York, May 7.—A call has been issued for a meeting of the executive committee of the National Civic Federation, to take place in this city on Wednesday, May 13. Senator Hanna is chairman of the committee and Samuel Gompers and Oscar S. Straus are vice chairmen. Among other members of the committee are Grover Cleveland, Cornelius N. Bliss, Archbishop Ireland, Bishop Potter, President Eliot, of Harvard, and the heads of a large number of employing firms and national labor bodies.

Fifteen of Crew Drowned.

Canso, N. S., May 7.—The America., fishing schooner Gloriana, Captain George Stoddart, of Gloucester, Mass., ran ashore during a thick fog on the cliffs at Whale Cove, near White Point ledges, Tuesday night, and 15 of the crew, including the captain, were drowned out of a total of 18.

Women Will Not Vote.

Hartford, Conn., May 7.—The bill granting women the right to vote in this state was rejected in the house of representatives.

NATIONAL CAPITAL NOTES.

Charles W. Dean was appointed postmaster at Mingo Junction, O.

The offerings of 3 and 4 per cent bonds to date under the recent refunding circular of the secretary of the treasury aggregate $61,259,650.

Consul General McWade, at Canton, says bubonic plague is increasing in Canton, Honan, Shuntak, Yeoung Kong and Yuengshan. The famine is increasing in Kwansi and an American missionary reports that the body of a victim had been eaten.

For the third time the signing of The Hague protocol, which was to have occurred at the British embassy, was postponed. The British ambassador is anxious that Mr. Bowen sign separate protocols with each of the three allies, and is still awaiting instructions on this point.

HOME AFFAIRS.

Brief Notes of a Personal Nature And of Matters About Town.

A Son Born—A son has been born to Mr. and Mrs. Andrew Ward, of Lisbon street.

Going to Lisbon—About 15 members of the local camp Sons of Veterans left this afternoon for Lisbon, where a new lodge of the order will be instituted tonight.

Social for Young Men—The young men of St. Stephen's church last evening held a social meeting in the parish house. The evening was profitably spent in social interchange, and the time passed pleasantly. Rev. Edwin Weary conducted the meeting.

McCoy Circle Meeting—The Ladies of the G. A. R., McCoy Circle, will hold an important meeting this evening at 8 o'clock in the G. A. R. hall. After the regular business has been transacted, arrangements will be made for attending the encampment at Marietta.

Given the Minimum—Mayor Weaver had but one offender before him this morning. He was Peter Cassidy, arrested yesterday afternoon by Officer Dawson for being drunk. He pleaded guilty to the charge and paid a fine of $2 and costs, which the mayor says is the minimum fine for such an offense.

The Proposed New Bridge—Government representatives are expected in the city next week to inspect the location of the proposed bridge from the lower end of Fifth street to Newell. The bridge is to be erected by the syndicate of capitalists now owning the Lloyd tract. Papers were filed some time ago with the war department showing the bridge plants.

Mission Work Discussed—The mission league of St. John's Evangelical Lutheran church last evening held the meeting for the month in the church. "Mission Work in Africa" was the much discussed and popular subject for the evening. The topic was made most interesting and the hour spent by the large and enthusiastic membership was thoroughly instructive.

Goes to a Hospital—Roy Guinn, a compositor employed in a local newspaper office, left last evening for Pittsburg, where he will submit to an operation in one of the Pittsburg hospitals. Mr. Guinn was injured in a peculiar manner several weeks ago. He was operating a typesetting machine when his hand was caught in the elevator, mashing one of the fingers severely. The wound was dressed at the time, but gradually grew worse until it was necessary to amputate the member.

Still a Chance for Fruit.

John Birch, who owns a big nursery at Carrollton, received word from his superintendent this morning in regard to the condition of the fruit crop. Many people have insisted that the season's growth was entirely destroyed by the frosts of the past few weeks, but Mr. Birch's informant states there is no danger unless there are more severe frosts yet in store for us.

SCORE OF LIVES LOST AT SEA

Steamship Saginaw Sunk by Collision With Hamilton During Dense Fog.

Norfolk, Va., May 6.—A collision at sea that cost the lives of 20 or more people and the sinking of the Clyde steamship Saginaw by the Old Dominion Steamship company's liner Hamilton, occurred between Winter Quarter lightship and Fenwick island lightship, on the Virginia coast.

The fog whistles of both vessels were distinctly heard by each other for several minutes before the collision occurred. The fog was so thick that objects a ship's length away were invisible and when the two crafts love in sight of each other, bow on, there was but a moment's interim before they met.

According to the Clyde line officials the names of only 18 passengers are known, and it is admitted by Second Officer Morris that 15 colored women, all of whom are now dead, were in a swamped lifeboat.

Monitor on Trial Trip.

San Francisco, May 6.—The monitor Wyoming went out of the Golden Gate on her official trial trip. She probably will remain at sea 48 hours or more.

Big Sum for Navy.

Tokio, Japan, May 6.—The projected naval program proposes an expenditure of $5,750,000 per year for 10 years.

Municipal Election in Baltimore.

Baltimore, May 6.—The result of the municipal election as to the mayoralty candidates is in doubt. Of the 308 precincts in the city 303 have been counted and they give a plurality of 382 for Robert M. McLane, Democratic candidate, over Frank M. Wachter, Republican. George R. Heffner, Republican, has been elected city comptroller. The Republicans will have a majority in the second branch of the city council and the Democrats a majority in the first branch. At the municipal election in 1899 the Democrats carried the city by 8,600.

Killed With a Wrench.

Wheeling, W. Va., May 6.—James McGowan was assaulted in the engine rom of the Benwood mill with a heavy wrench, wielded with such force that his teeth were knocked out and his skull crushed. Death was almost instantaneous. Robert Ritchie, who had threatened to avenge a whipping given by McGowan to Ritchie's friend, crossed the river to Bellaire after the murder, and when arrested admitted having had a quarrel with McGowan. He is in jail at Moundsville.

Ohio Bank Robbed.

A BUSY SESSION OF NEW COUNCIL

Committees Appointed by the President to Look After Various City Interests.

CONSTABLE WON'T SERVE

And An Appointment Will Have to Be Made—Public Service Board Makes An Estimate of Expenditures. Other Matters Discussed.

The city council resumed the adjourned meeting of Monday evening last evening and transacted considerable important business. Only Mr. Bissett was absent. Clerk-elect J. W. McQueen was sworn in. The following committees were appointed by President Crubaugh:

Finance—Shoub, chairman; O'Grady and Blackburn.

Ordinance — O'Grady, chairman; Blackburn and McDonald.

Street—Bissett, chairman; Joseph and Anderson.

By a motion of Mr. O'Grady, President Crubaugh will act as a member of each committee.

Solicitor Boyd stated that the auditing of the clerk's and treasurer's books had been completed by Messrs. Hanley and Adams.

President Crubaugh appointed Shoub, Blackburn and O'Grady as a committee to investigate the report. President Crubaugh was also made a member of this committee.

The resolution for the paving of Lisbon street from Little Yellow creek bridge west to the corporation line was read, and after much discussion placed on its second reading and passed. It was then placed on its third and final reading, but was lost, O'Grady and Blackburn voting against it. Mr. Shoub stated that the farmers who use this road agreed to haul the necessary brick for paving if the work be done. He also said 90 out of every 100 people in that vicinity are anxious for the improvement. Mayor Fogo was also in favor of the improvement and cited several other roads which really needed the same work. He said: "The expense of improving roads which are inlets to the city is money well spent."

The old council at a meeting some time ago, ordered Solicitor Boyd to commence condemnation proceedings against William Bright and John Elliott for property on Sewer street, which the city wants for the widening of the street. Mr. Elliott refuses to set any price and the price asked by Mr. Bright is considered about four times too high. The present council, with City Engineer Leith, will look over the land and report at the next meeting.

The ordinance pertaining to the vacation of the alley between the properties of A. P. Dennis and W. E. Butler was placed on its first reading. A committee will investigate.

City Solicitor Boyd brought up the dumping of rubbish on Front street between Third and Fourth streets. No action was taken.

A communication was read from Constable-elect J. H. Morehead, stating that he would not fill that office. P. E. Spires, the present constable, has a petition for re-appointment, and the matter was left over until the next meeting.

A communication from Irwin Gelfs, was read asking that the members of council meet at Merrill's photograph gallery to have their picture taken for his industrial write-up of the city.

An estimate on one month's expenses of the board of public service was read and council was asked to appropriate the amount. The following are the expenses: Engineer's expenses, $952; janitor's salary, $45; Electric lighting (old), $150; electric lighting (new), not known; members' salaries, $100.

The bill of H. A. Herbert for labor on streets, $342.60, and P. H. White & Son's bill for supplies, $3.05, were ordered paid.

No appropriation will be made for the estimated expenses until the board of public service come before council and explain exactly where all these expenses come from.

The mayor, clerk and auditor were authorized to borrow sufficient money to pay the following bills with a deduction of $195, which is now in the fund: H. A. Herbert, $342.60; P. H. White & Son, $3.05; J. H. Hanley and C. W. Adams, $50; Wellsville Light company, $414.96; William Byers, $15; Dr. F. K. Hutchison, $48.32.

At a late meeting of the old council a resolution was passed to revoke the license of Sewer Contractor George Clark, on a complaint made by J. W. Riley, who stated that it was necessary for him to relay a sewer recently which Mr. Clark had laid last summer. The old council ordered that Mr. Riley be refunded the money, about $35, and Mr. Clark's bondsmen be held responsible. Mr. Clark came before the council last evening and explained why there was a necessity for having the sewer relaid. The action taken by the old council was repealed and Mr. Clark will hereafter be permitted to contract sewer laying. Just how the matter of getting back this $35 which has already been paid to Mr. Riley was not settled.

The meeting adjourned until Wednesday, May 13, when all the appointments will be made.

JANITOR REFUSED TO GIVE UP KEYS

Newly Appointed Wellsville City Employe Finds It Impossible To Go To Work.

The board of public service held another meeting this morning. Among other matters of business transacted they appointed William T. Green to the janitorship of the city building and as a result there was quite a scene in the mayor's office a few minutes later. Green applied to the present janitor, William Elliott, for the keys, and the latter refused to produce them.

Green then went to the board, but its advice availed nothing, Elliott still refusing to turn over the keys. He now thinks he has plenty of backing, the mayor having instructed him to continue his work as heretofore. Just what the outcome will be is not known, but the matter is to be taken up at the special meeting to be called this week.

There were other interesting matters presented to the board. City Engineer Leith and Street Commissioner Culp have both been ousted from their positions as a result of a disagreement between council and the board of public service and it must be settled at the meeting.

PITCHED FROM A CLIFF INTO THE WATER

Charles Yates Had a Fall of Thirty Feet That Rendered Him Unconscious.

Charles Yates, of Yellow Creek, was the victim of a very painful accident yesterday afternoon. While fishing with several friends in the creek he fell over a cliff into the water, striking head first. His friends ran to his assistance and dragged him from the water unconscious. He was taken to his home nearby and after the applying of restoratives regained consciousness. Dr. Fraser, of Wellsville, was called and dressed the injuries. The injured man was badly cut about the head and shoulders. Several stitches were necessary to be taken in the gash in the head.

Yates said the accident was due to pure awkwardness, as he was not watching where he was going and was carrying his pole in such an awkward manner. Dr. Fraser stated that he was surprised that the man was not instantly killed, as he fell a distance of nearly 30 feet. The injuries will not prove fatal, but the patient will no doubt be laid up for some time.

Mrs. Walker Arrested And Fined.

A woman giving her name as Mrs. Richard Walker, of East Liverpool, was arrested here Monday evening and placed in the city jail to sober up. She started down Front street and raised such a disturbance that the residents of that vicinity notified the mayor, and Officer Canaday arrested her. Before Mayor Fogo yesterday afternoon she pleaded guilty to the charge of being drunk and disorderly and was fined $8.60, which she paid.

New Team on Rural Route.

Rural Mail Carrier Edward Bunting has received a fine team of sorrel horses from Carrollton. He paid $325 for it. The horses were shipped to Wellsville by express. Heretofore, Mr. Bunting has been compelled to use a light road wagon. This new team will have no trouble in pulling the regular mail wagon, as the roads are somewhat improved.

Merging of Sheet Metal Workers.

Milwaukee, May 6.—The joint committee of the International Association of Sheet Metal Workers and the American Alliance of Sheet Metal Workers, which has been in session several days deliberating over the question of merging the two bodies, has completed its work. The report consists largely of a revision of the constitution and must be ratified by the international convention, now in session, before the merger can be effected. The indications point to ratification by the convention, as the report of the joint committee is unanimous.

FIREMEN QUIT

Five Employed at Chester Mill Were Dissatisfied With Wages.

Five of the six firemen at the tin mill quit last night night. The men made a demand for an increase of wages, which the company refused. The firemen were receiving $2.04 a day of 12 hours and asked for a decrease in the working hours or an increase to $2.25 per day for 12 hours. The running of the mill was not interrupted with, as men were soon secured to take the place of the men who quit.

The work of firing at the Chester mill is considered much easier by the management than like work at other mills, and with the modern improvements in the boilers and grates the labor of firing is reduced to a minimum. The pay of the firemen at the Chester mill also compares favorably with other mills of the American Tin Plate company.

In Readiness to Pave.

A large force of men is getting Carolina avenue between Second and Third streets in shape for paving. The curbing in this block has been completed and Contractor Freshwater expects to have this part of the work finished this week. The curb setters have commenced at Fifth street, and after finishing the paving between Second and Third streets will commence at Fifth street and work to Mark's run. Three carloads of paving brick was received today and is being distributed.

Bridge Receivership.

The Citizens' Trust & Guaranty company, of Parkersburg, as receivers of the East Liverpool bridge, has been succeeded by the Union Trust & Deposit company, of the same city. The change went into effect May 1. The new receivers are practically the same concern, but on account of a law passed at the last session of the legislature, that a surety company is not allowed to do a trust company business, the transfer has been made.

Agreeably Entertained.

The Ladies' Aid society of the Methodist Episcopal church of Chester met yesterday afternoon at thehome of Mrs. J. P. Rowen, corner of First and Fairview streets. There was a large attendance and several new members were received. The ladies were delightfully entertained with musical selections, and the hostess served dainty refreshments.

Oil Operations.

The well on the D. C. Glass farm near Fairview, which was drilled in by Treat & Crawford, came in a duster. No more wells will be sunk on the Glass farm at present. The Glass Drilling company is moving its machine to the Whitehill farm, near Kendall, Pa., to drill two wells for D. A. Cameron, of Marietta.

Official Reporters.

Postmaster W. C. Johnston received a communication from the bureau of agriculture at Washington, requesting that the postmaster furnish the names of two farmers in Grant district to furnish monthly reports of the condition of crops. He recommended A. M. Fowler and R. M. Cunningham.

Rectory to be Finished by July.

The mason work on the Catholic rectory has been completed and work on the new frame building has been started. Work on the building will be carried on quickly, and it is thought the building will be ready for occupancy about June 1.

CHESTER NOTES.

Mr. and Mrs. Gomer Wern, of Fairview, visited friends in Chester today.

Tollkeeper John F. Spivey found a pocket book on the bridge yesterday afternoon containing valuable papers and a small amount of change. The owner has not yet claimed the property.

W. E. Mercer has gone to Salineville on business and will be gone for a few days.

James Cameron and William Spivey, of Fairview, were in Chester on business today.

Jesse Allison is very ill with rheumatism at his home near the Allison school house.

Superintendent James McKinnon, of the Rock Springs line, has received a large coop of thoroughbred Black Minorca chickens from Youngstown, and intends engaging in the poultry business as a side line.

Rev. G. M. Donehoo, of Charleston, W. Va., will fill the pulpit of the Presbyterian church next Sunday afternoon at 3 o'clock. Rev. Mr. Donehoo is an eloquent minister and a large congregation is expected.

REALM OF SPORTS

GIBSON TO PLAY WITH Y. M. C. A.

He Will Star at Short, to the Satisfaction of the Fans—Murphy to Remain.

Manager Billy McNutt, of the Y. M. C. A. base ball team, announces his intention of giving home talent a trial at short stop. He has tried two foreign men and though Maag did fairly well he was not altogether satisfactory, and Walton, the second trial, was the worst that has had nerve enough to face a crowd in the West End park. The third man to have a chance is Gibson, the little fellow that played several games with the first team last season. It is the opinion of the fans who have seen him work that he will make good and that in a very short time he will be approved by all.

Manager McNutt says that Gibson has the making of a short stop in him and a little development will bring him around in first-class order. Gibson is possibly too backward. He has no confidence and does not think he will fill the bill, but his friends think and know better and will give him a fair trial. He will not be expected to be the whole thing in the first game and will not be released if he falls down for awhile. Last year he played a much better game than either of the two foreign players that have been in the position this year. He is also a good batter and there is no reason why he will not do the team credit.

In two weeks' time it is very probable that Murphy will be the only out-of-town player in the team. He is undoubtedly here for good and, there are none that are not glad of it. For filling any vacancy on a team he has no superior. It is conceded that he is the fastest fielder and one of the surest batters on the team, and it is said that he is anything but slow in the pitcher's box. In that position he will be given a trial on Saturday. He has all kinds of speed and curves, too. Manager McNutt has slated Barker to pitch tomorrow's game and Winters on Friday.

MORE TEAMS ORGANIZED

Two Aggregations Formed in Belmont Club And They Are About Ready for Play.

East Liverpool will undoubtedly be better supplied with base ball teams this year than with railroads. The latest to spring into existence comes from the Belmont club. The boys of this social organization have formed two clubs and are now ready to meet any amateur team in the country, the Southside Rangers not excepted. The teams are classified as the first team and the second team.

The captain of the latter could not be located today, and only the lineup of the first team could be obtained. It is as follows: Samuel Firth, catcher; H. Russell, pitcher; Bub Minehart, short; G. Stewart, first; R. L. Chambers, second; W. T. Robinson, third; F. Y. A. Owens, right; Will S. F. Mountford, center; Dock D. Ferguson, left; William S. W. Blythe and Bert Davis, assistant to William Farmer, the water boy. "Bubbie" Minehart will captain the team. Bert Harker will likely be the strongest member of the first team. He had considerable experience while at school and will make a hot short stop.

There Was No Game.

The game to have been played in the West End park yesterday afternoon was called off, but not until quite a crowd had assembled to witness the contest. Why there was no game two reasons are given. The East Liverpool Athletics state that it was because Jamestown was afraid of defeat, fearing that if the second team beat them they would draw no crowd at the three games with the Y. M. C. A. team. The visitors said it was because they had no pitcher. They got one this morning and it is supposed that he was here yesterday. They play at Rochester this afternoon.

A LARGE CONTRACT

What B. C. Ansley Wants Every Person in East Liverpool To Do.

When B. C. Ansley, the enterprising druggist, first offered a 50 cent package of Dr. Howard's specific for the cure of constipation and dyspepsia at half price, and guaranteed to return the money if it did not cure, he thought it probable from his experience with other medicines for these diseases, that he would have a good many packages returned. But although he has sold hundreds of bottles, not one has been brought back.

B. C. Ansley wants every person in East Liverpool who has constipation, headaches, or liver trouble to come to his store or send him 25 cents by mail and get 60 doses of the best medicine ever made at half the regular price, with his personal guarantee to refund the money if it does not cure.

To those suffering with dizziness, headache, poor digestion, constipation and straining, Dr. Howard's specific offers quick relief. It is an invaluable boon to all who feel uncomfortable after eating, and is today the popular dinner pill in all the large cities.

Mr. Ansley is giving the people of East Liverpool a great opportunity to obtain a reliable remedy at small cost if it cures and at no expense at all if it does not cure.

Marines Ready to Play.

The Marines, of East Liverpool, are out with a challenge to the teams of Lisbon, Salineville, East Palestine, New Castle and McDonald. The lineup of the Marines is as follows: T. Watkin, catcher; Shengler and Chadwick, pitchers; Mayes, first; Beach, second; Reed, third; McBane, left; W. Rowe, center; Wucherer, right. The Marines have been greatly strengthened and will prove formidable antagonists to any of the teams to which they have issued challenges.

Little Fishing Legal.

Attention has been called to the fact that sunfish and blue gills are included in the law which prohibits the catching of black bass during the month of May. The game wardens of the state are anxious that the public be posted upon this fact so that there will be no violations of the law from ignorance. About the only thing that can be caught during this month are suckers, catfish and chubs.

Grounds for New Brighton.

The Athletics, of New Brighton, Pa., formerly the Indians, have secured the Pierce-Crouch park for their home games. All of the old players of last season have been retained and two new men, Carr and Campbell, have been added to the team. The team has several open dates, including July 4 and Decoration day, and would like to arrange games with any first-class team. Address Manager Louis Bertchold, Fifth avenue, New Brighton.

Reark Will Play.

Chick Reark will play middle field for the locals in the first game with Jamestown tomorrow afternoon. The announcement will be gladly welcomed by the fans. They know what Chick can do. He is there both in his position and at the bat and it always seems like there is more life in a game when he figures in it. Emmerling will catch, Barker will pitch, Wallace at first, Harker at second, Davis at third, Gibson at short, Murphy in left, and Reilly in right.

Bowling Contest.

The East Liverpool bowling team will do battle with the Keystones of Beaver Falls on the Imperial alleys tomorrow evening. No doubt a large crowd will witness the series, which is to be of three games, as each team has won a series and the rivalry is strong. The lineup of the local team is as follows: Craig, H. Clark, E. Clark, Carnahan and Rigby.

SPORTING MISCELLANY.

The Canton base ball club is reported disbanded.

Corbett has left New York for San Francisco to get in trim to meet Jeffries.

The Columbus Driving Park association hope to give an automobile race meeting in that city in June.

Jack Root, the Chicago light heavyweight, conqueror of Kid McCoy, will, after a brief rest, go after a return match with George Gardner, the Lowell light heavyweight.

The Niles team will open the season on Wednesday, May 20. New Castle's best club will be the attraction. On the Saturday following Niles will meet a strong team from Akron.

Jack Doyle has been called the "Wandering Jew" of base ball. Since he graduated from the Columbus team he has played in the following major league cities: New York twice, Baltimore, Washington and Chicago, in the National league, and Washington in the American. He is doing stunts with Brooklyn this year.

now and then, at bedtime, will cure constipation, biliousness and liver troubles. DeWitt's Little Early Risers are the famous little pills that cure by arousing the secretions, moving the bowels gently, yet effectually, and giving such tone and strength to the glands of the stomach and liver that the cause of the trouble is removed entirely, and if their use is continued for a few days, there will be no return of the complaint. Sold by Alvin H. Bulger.

SALINEVILLE

Salineville, May 6.—Benjamin Evans, one of the leading grocerymen, went to Chicago last week to attend the commencement at Lake Forest university, where his son Louis was graduated from the dental department.

Miss Mary Hutson, of Fox township, Carroll county, who has been seriously ill for some time, was removed to a Cleveland hospital for treatment on the suggestion of Dr. Bigger, of that city, who was here to see her last week.

Laughlin McBane, of Pine Hill, is on the sick list. His son, the cashier of the Citizens' Banking company, was called home a few days ago to his bedside.

W. A. Thompson was in town in attendance at a meeting of the board of directors of the banking company.

Mrs. J. C. Haverfield, of Cadiz, after a ten days' visit with friends and relatives in the village, has returned to her home.

Mrs. Frank B. Sawval, of Greenville, Pa., was the guest of her parents, Mr. and Mrs. H. A. Thompson, over Sunday.

George Allman and Ben Terry, of Wattsville, Carroll county, were here lately.

Bert George went to Scroggsfield recently to visit home folks.

Rural free delivery is not very satisfactory to farmers and others in portions of Columbiana county.

John Meredith has another attack of inflammatory rheumatism.

An electrical storm passed over Salineville Sunday with a heavy rain through the day.

A little life may be sacrificed to a sudden attack of croup, if you don't have Dr. Thomas' Eclectric Oil on hand for the emergency.

TWO DEVELOPMENTS

Postoffice Investigation Still Continued, but Nothing of Importance Made Public.

TULLOCH'S EVIDENCE WANTED

Ex-Representative Loud in Conference With Postmaster General. Present Inquiry Contemplated for a Long Time.

Washington, May 6.—There were two important developments in the postoffice investigation, first the dispatch of a letter calling for the evidence in the possession of S. W. Tulloch, the former cashier of the Washington city postoffice, to substantiate his charges against the administration of the department several years ago, and, second the announcement that the present investigation was agreed on early last winter.

The replies of Mr. Bristow, Postmaster Merritt, of this city, and presumably of ex-Postmaster General Charles Emory Smith have been received, but Mr. Payne stated that all the replies called for had not yet been submitted.

Ex-Representative Loud, of California, for many years chairman of the house committee on postoffices and post roads, and probably a delegate of the United States to the international postal congress to be held at Rome, Italy, next spring, was in conference with the postmaster general concerning the investigation. The postmaster general announced to the newspaper men that the present investigation was contemplated as long ago as last December and that the work along the lines now being pursued by Mr. Bristow was then decided on. Mr. Payne said this was provided for in an item in the last appropriation act for contingent expenses of the office of the postmaster general.

The postmaster general said that the item, although it has escaped attention heretofore, was agreed on between himself and Mr. Loud for the express purpose of investigating the postal service after the adjournment of congress. Mr. Payne said that he and Mr. Loud had had frequent conferences on the subject and had agreed that an investigation should be made to determine whether changes in methods were needed, such as safeguarding contracts and purchases, etc. Mr. Payne said that it was proposed to see if any "crookedness" existed in the department. It was a big undertaking, he said, to go out over the country and take up the investigation and the method pursued was adopted as most likely to subserve the interests of the service. He said that at that time it was not believed there was any dishonesty.

C. & P. IMPROVEMENTS ABOUT SALINEVILLE

That Town Will Be Headquarters for the Double Tracking Work on the Main Line.

Salineville, May 6.—(Special.)—The C. & P. railroad near Salineville will be the scene of much hustle the coming summer, says a representative of the firm that has the contract for the double tracking between Yellow creek and Summitville. J. P. Gill, superintendent of the constructing gang, has opened his main office here in the Hartley building near the depot. Carpenters have been busy putting the large room in shape for the superintendent and his clerks. Several cars of tools have arrived and are awaiting the arrival of a force of men to unload them. The superintendent attempted to get men here, but failed, as not an idle man could be found here Monday.

Work will be commenced at a point about one mile above this city at a point near Rockville. The superintendent expects to be in his office here a large part of the time, though he will also have offices at Summitville and Irondale, but expects to make the point of distributing from Salineville. Very heavy work will be necessary above this town, as the contractors will have solid rock to commence with and the same will be met with often on the grade between here and Summitville. The superintendent stated that work in earnest will be inaugurated the latter part of the week. The rights of way have all been taken up, and the proposed route will differ somewhat from the old line.

CHRONIC SORES

Signs of Polluted Blood.

There is nothing so repulsive looking and disgusting as an old sore. You worry over it till the brain grows weary and work with it until the patience is exhausted, and the very sight of the old festering, sickly looking place makes you irritable, despondent and desperate.

A chronic sore is the very best evidence that your blood is in an unhealthy and impoverished condition, that your constitution is breaking down under the effects of some serious disorder. The taking of strong medicines, like mercury or potash, will sometimes so pollute and vitiate the blood and impair the general system that the merest scratch or bruise results in obstinate non-healing sores of the most offensive character.

Often an inherited taint breaks out in frightful eating sores upon the limbs or face in old age or middle life. Whenever a sore refuses to heal the blood is always at fault, and, while antiseptic washes, salves, soaps and powders can do much to keep down the inflammation and cleanse the sore, it will never heal permanently till the blood itself has been purified and the deadly germs and poisons destroyed, and with S. S. S. this can be accomplished—the polluted blood is purified and invigorated, and when rich, pure blood is again circulating freely throughout the body the flesh around the old sore begins to take on a natural color, the discharge of matter ceases and the place heals over.

S. S. S. is both a blood purifier and tonic that puts your blood in order and at the same time tones up the system and builds up the general health.

If you have a chronic sore write us. No charge for medical advice.

Over-Work Weakens Your Kidneys.

Unhealthy Kidneys Make Impure Blood.

All the blood in your body passes through your kidneys once every three minutes.

The kidneys are your blood purifiers, they filter out the waste or impurities in the blood.

If they are sick or out of order, they fail to do their work.

Pains, aches and rheumatism come from excess of uric acid in the blood, due to neglected kidney trouble.

Kidney trouble causes quick or unsteady heart beats, and makes one feel as though they had heart trouble, because the heart is over-working in pumping thick, kidney-poisoned blood through veins and arteries.

It used to be considered that only urinary troubles were to be traced to the kidneys, but now modern science proves that nearly all constitutional diseases have their beginning in kidney trouble.

If you are sick you can make no mistake by first doctoring your kidneys. The mild and the extraordinary effect of Dr. Kilmer's **Swamp-Root,** the great kidney remedy is soon realized. It stands the highest for its wonderful cures of the most distressing cases and is sold on its merits by all druggists in fifty-cent and one-dollar sizes. You may have a sample bottle by mail free, also pamphlet telling you how to find out if you have kidney or bladder trouble. Mention this paper when writing Dr. Kilmer & Co., Binghamton, N. Y.

Coroner's Verdict Says Agatha Reichlin Was Murdered by Person Unknown.

NO EVIDENCE TO HOLD WALSER

Makes Address to Mayor in Own Behalf—Thanks Officials for Courtesies Extended—Brother of Murdered Woman First to Shake Hands.

Lorain, O., May 6.—At the end of a rather complete investigation at Elyria into the cause of the death of Agatha Reichlin, Coroner French gave as his conclusion the verdict: "That Agatha Reichlin came to her death from wounds inflicted by a stone in the hands of a person unknown."

Father Ferdinand Walser, arrested last Saturday morning in connection with the murder of Agatha Reichlin, was brought to this city from the county jail at Elyria and discharged from the charge of murder. Mayor King went through the formality of reading the warrant for Walser's arrest, and his attorney, E. G. Johnson, entered a plea of not guilty. Prosecuting Attorney Stroup, addressing his honor, said in substance:

"After having listened to the evidence presented at the inquest, I can see that there is not sufficient evidence to hold the defendant. The action taken on the part of the officers in arresting Father Walser has been in accordance with their duty. A terrible crime has been committed and if the suspicion of guilt had been placed against any other person I can assure you he would have been treated as the defendant has."

Mayor King then stated that "as the prosecuting attorney had remarked there was not sufficient evidence to hold the accused, we have nothing to do but discharge him from custody. The crime that was committed on the first day of May was the most atrocious crime ever committed in the city of Lorain. When Father Walser was arrested Saturday public feeling against him ran high in the community and on account of the excited condition of the public the prosecutor and myself thought the arrest of the priest necessary for his protection, that he might be safe from any attack that the excited populace might make upon him. Who killed Agatha Reichlin no one knows but the murderer himself and his God. No one is more pleased than I am that there is no evidence to warrant the detention of the accused. I hope whoever committed the crime may yet be punished. The city officers will not feel their duty done, but will continue the inquiry until the murder of Agatha Reichlin may be properly avenged."

Father Walser arose and with moistened eyes addressed Mayor King as follows:

"You cannot say a word against me; you have hurt me a great deal. Agatha Reichlin is the last person I would have killed; I can't kill anybody. I couldn't kill a chicken. I thank the officials for their courtesies extended to me, especially would I thank Sheriff Salisbury, as he alone treated me as a noble gentleman could have done. I thank all Catholics in general, and the people of St. Mary's and St. Joseph's churches in particular. I wish to express my heartfelt thanks for liberation from the dreadful charge which hung over me for the past four days."

Notwithstanding the bringing of Father Walser here from Elyria was very quetly done, a large crowd gathered in the mayor's office during the progress of the hearing. Father Reichlin, brother of the murdered girl, listened attentively to the proceedings, and upon adjournment of court was the first to approach Rev. Walser with a hearty handshake, after which the handshaking became general and the freed priest was the recipient of congratulations on all hands, after which he left for the hospital to pass the night.

Arrested for Murder in Mexico.

Davenport, Ia., May 6.—J. H. Green wall was arrested by United States Marshal Christian at the request of the Mexican government for the alleged murder of J. L. Stanfeld, his partner in a mining venture in Temalipas, Mex., in April, 1902. Greenwall denies his guilt and has retained counsel. The case will be the first extradition proceeding under the new treaty with Mexico. Greenwall came here four months ago and was working at a glucose plant as a machinist when arrested.

American Fishermen Captured.

Buffalo, May 6.—The Canadian revenue cutter Petrel swooped down upon a party of six American fishermen, who, it is alleged, were drawing nets within the shore limit in Canadian waters. The fishermen were in a 60-foot gasoline launch and two smaller boats. Two of the men escaped by rowing in close to the shore, where the revenue cutter could not follow them. The launch and the other boat containing four men were captured and taken to Port Colborne.

SCOTT'S EMULSION

makes pale, thin children fat and chubby. Overcomes wasting tendencies and brings back rosy cheeks and bright eyes.

It's surprising how quickly children respond to Scott's Emulsion. It contains just the element of nourishment their little bodies need. They thrive on it.

Even a few drops in the baby's bottle have a noticeable effect for good. Nothing better than Scott's Emulsion for growing children.

HAND OF GRIM REAPER STAYED

Death Delayed by St. Louis Man to Pay His Insurance Premium.

St. Louis, May 6.—From his dying bed Frank S. Powell arose, went down town, paid the premium on his $5,000 life insurance policy and returned home without the knowledge of his wife or any one in the family.

That night he died. The fact that he had left the house did not become known until negotiations toward setling up the policy were begun.

When told the agent's story Mrs. Powell recalled that her husband had asked her to go down town for something he desired and to tell other members of the family that he was not to be disturbed while she was away. On her arrival home she found her husband in bed. He said nothing about having left the house and did not mention his life insurance.

"It is the strangest case I ever encountered," said Charles W. Morgan, who conducted the settlement of the policy for the widow. "The evidence would seem conclusive that it would have been impossible. Yet the agent received the premium on the policy from Powell, whom he knew well. He recalls that Powell looked pale, almost ghostly, and had nothing to say. I am almost tempted to believe that if there is any such thing, Powell projected his astral body into the presence of the agent and paid him in the coin of spirit land. It makes my flesh creep to think about it."

PROBABLY PREVENTED TRAGEDY

Prompt Action of Conductor Forestalls Opening of Hargis-Cockrell Feud.

Lexington, Ky., May 6.—By locking Tom Cockrell in the negro compartment of the smoking car the conductor of a Louisville and Nashville eastbound train prevented a meeting between the sole survivor of the Cockrells—a young man not far in his twenties—and Alex Hargis. Cockrell killed Ben Hargis about one year ago, when the Hargis-Cockrell feud was especially bitter, and James Cockrell, the town marshal, who was assassinated from the court house at Jackson last July, was his brother. Hargis is one of the three surviving brothers who give name to one of the factions. He boarded the train at Winchester, bound for Jackson, where the assassination of J. B. Marcum had reopened the feud Monday.

Cockrell, who is a voluntary exile from Breathitt county, boarded the train at Richwood, climbing on the front steps of the forward car. In his hand he carried a 44-caliber Colts revolver. Realizing instantly that a meeting would probably mean a tragedy, the conductor locked Cockrell in the negro department at Walker creek, a small flag station. Cockrell sprang from the window of this coach, leaped behind the depot and secured rest for his pistol, covering the line of windows in the coaches. Hargis was not in sight as the train passed on.

Trade Tied Up by Strike.

Montreal, May 6.—The longshoremen's strike is tieing up the trade of the country and no settlement of the difficulty is in sight. The rush of shipping to the port since the opening of navigation has been unprecedented and the harbor is congested with business which would tax facilities under normal conditions. There are 24 cargo-laden steamers in port and eight of these are lying idle. One thousand non-union men are at work on the other vessels, but their work is offset by the teamsters' strike. The Grand Trunk railway notified freight agents to accept no freight for Montreal, either domestic or for export. The Canadian Pacific will only accept freight at owners' risk. Government troops will replace the volunteer corps guarding the harbor front.

Consul General at Hamburg.

Berlin, May 6.—The foreign office has granted the exequatur of the Cuban consul general, Senor Velez, at Hamburg. He is the first Cuban consular officer to be appointed to a post in Germany.

NEW MEXICO HONORED

Santa Fe and Albuquerque Visited by President Roosevelt and Party.

ADDRESSED SCHOOL CHILDREN

Visit Made to Oldest Church in Union. Becomes the Godfather of Rough Rider's Son—Secretary Loeb Joins President.

Santa Fe, N. M., May 6.—President Roosevelt spent three hours and 20 minutes in this city, whose historic buildings and monuments seemed to have much interest for him. At the capitol he made an address, speaking for 20 minutes to an audience of fully 10,000 people. President Roosevelt said it was a great pleasure to him to come to New Mexico, from which territory more than half of the members of his regiment came.

"I know the people of New Mexico," he said, "and I am fond of them. How can I help being fond of the people with whom I have worked?"

The president said the benefits of forest preservation and irrigation to be enjoyed by this section will do most toward bringing New Mexico to statehood and making it one of the great states of the west.

A brief reception was held in the capitol, after which a drive was taken over the gaily decorated streets, which were lined thickly with a cheering multitude.

A stop was made at San Miguel church, the oldest church edifice in the United States, and at the cathedral, where the vicar general, Anthony Fourchug, baptized the son of George W. Armijo, a sergeant in the rough riders, President Roosevelt being the godfather. The child was named Theodore Roosevelt. After this pleasing incident the president addressed 2,500 school children. The roofs of the historic old palace and of other buildings surrounding the plaza were thronged.

The drive was continued to Fort Marcy. Here Mayor Sparke presented the president with an illuminated volume of the city's history. Luncheon was served at the residence of Governor M. A. Otero, in front of which was a triumphal arch. On this stood a girl dressed as a goddess of liberty, strewing flowers upon the president. As the president re-entered his carriage an original ode was sung by the school children and the president stood up in his carriage and waved his hat lustily.

A visit was made to the New Mexico Historical society's museum, after which the party returned to the depot, the train leaving at 12:20 p. m.

A large detail of rough riders in uniform served as a guard of honor here and a number of these accompanied the president to Albuquerque. The Cleveland, O., Grays, who happened to arrive on an excursion, took part in the exercises.

Private Secretary Loeb has joined the president. Governor M. A. Otero and other territorial officials accompanied the president to Albuquerque.

Greeted by Rough Riders.

Albuquerque, N. M., May 6.—The president closed the most picturesque day of his western trip with a stop of two hours in Albuquerque. He spoke for a few minutes to a crowd of 5,000 people.

The president was greeted by another big delegation of members of his rough riders' regiment, and he repeatedly referred to his pleasure in meeting them and in visiting the country from which the greater part of the regiment was recruited. At 5 o'clock the president continued his trip to the west, with the grand canyon of the Colorado as the objective point.

Union Laundrymen Protest.

Chicago, May 6.—St. Louis laundry men have dealt a blow to the cause of the Chicago laundry owners by refusing to handle any more of the work sent to them while the strike of the laundry workers continues. For the last three or four days some of the largest laundries in the city have been sending carload shipments of linen to St. Louis and through the aid of the laundries of that city have been enabled to fill contracts. The union employes in St. Louis raised a protest and decided unanimously that they would refuse to handle Chicago work. Proprietors promised to accept no more work from Chicago.

Consulates Guarded by Trops.

Salonica, May 6.—In the engagement between Turkish troops and revolutionists at Okrina on May 2, 70 revolutionists were killed and 21 were injured, while the Turks had 100 killed and 10 officers and six men wounded. After an interview with the governor general the British and Italian consuls expressed themselves as satisfied with the precautionary measures taken. All foreign consulates and banking establishments are guarded by troops, while the streets are patrolled constantly.

Prominent Man Fatally Shot.

Muncie, Ind., May 6.—William Patterson, a member of one of the prominent families of this city and a brother-in-law of George F. McCulloch, president of the Union Traction company, was shot and fatally wounded Monday night. The tragedy is shrouded in mystery and the police are guarding the house.

CONCENTRATION OF INTERESTS

Advised by Herr Moeller as Only Efficient Weapon to Meet American Competition.

Berlin, May 6.—Herr Moeller, the Prussian commerce minister, speaking before the Madgeburg chamber of commerce, asserted that Germany needs greater concentration as being the only efficient weapon left with which to meet American competition. He added:

"The nation that does not follow the tendency of the times toward concentration of industries will be left behind. We cannot hold our own in the world's markets without specialization and concentration. One of Mr. Morgan's associates said to me some time ago that the distrust which the United States Steel corporation caused was not justified. They were not such simpletons as to try to take advantage of the consumers, although they were able to do so. Their objects were a division of labor territorially, to produce only where production was the cheapest, and to get rid of middlemen. The struggle against middlemen will continue with us, as in the United States."

DEAD OF THE DAY.

F. H. MacKlin.

London, May 6.—F. H. MacKlin, the actor, is dead. He once made a tour of the United States with Sir Henry Irving's company.

Mrs. Sarah Mosler.

New York, May 6.—Mrs. Sarah Mosler, wife of Henry Mosler, a well-known artist, died of heart failure, aged 53 years. Mrs. Mosler was Miss Cahn, of Cincinnati.

Robert L. Dulaney.

Marshall, Ill., May 6.—Robert L. Dulaney, president of the Dulaney National bank and a director of the Vandalia Railroad company, is dead. Mr. Dulaney was widely known in financial circles.

Colonel G. W. Alexander.

Reading, May 6.—Colonel George W. Alexander, senior member of Alexander & Co., one of the largest fur hat manufacturers in this district, and lieutenant colonel of the Forty-seventh Pennsylvania regiment during the Civil war, is dead.

Orasmus Cole.

Milwaukee, May 6.—Orasmus Cole, former chief justice of the Wisconsin supreme court, died at the residence of his son, Sidney H. Cole, from general debility, aged 84 years. Mr. Cole served in the thirty-first congress as a Whig and was a member of the constitutional convention. He served on the state supreme bench from 1855 to 1893, when he retired.

Proposes Reduction in Insular Budget.

Copenhagen, May 6.—F. F. Nordline, president of the royal Danish commission which recently was sent out to investigate the conditions on the island of St. Thomas, has returned. Mr. Nordline says the commission will propose an extensive reduction in the insular budget, by which he is confident a favorable balance of expenditure is obtainable.

Knights of Columbus Elect Officers.

Dayton, O., May 6.—The state convention of the Knights of Columbus was held here. Lima was chosen as the place for the next meeting. The following officers were elected: State deputy, M. B. McCarthy, Toledo; secretary, P. J. McCarthy, Youngstown; treasurer, F. A. Beuchle, Steubenville; advocate, W. H. Dore, Tiffin; warden, R. J. Bour, Canton.

Nature's Warning.

Nature has a way of warning you when danger approaches.

If you feel sluggish, "blue," run down, prostrated, out of sorts, your blood is in bad condition. You should at once do something to purify it. Life Plant is all you need, because it purifies the blood. It not only does that, but it restores the vital element in the blood. Life Plant renews life.

It is composed of roots and herbs, gathered from nature's field, and cures in nature's way. Life Plant is guaranteed to cure Rheumatism and all blood diseases. Its merits are testified to by thousands.

Mrs. Susan Lewton of Malvern, Ohio, writes: "I had rheumatism for one year and a considerable portion of the time I was so bad I could scarcely walk. My ankle was so swollen a great deal of the time, I could scarcely get on my shoe. My limbs were numb and I suffered continually. I tried a great many remedies, but was unable to get relief, until I tried Life Plant. I took four bottles and was entirely cured. It is a great remedy."

Want Traction Franchise.

South Bend, Ind., May 6.—W. B. Pratt and S. E. Bucklin, a millionaire manufacturer, have applied for a franchise for the St. Joseph Valley Traction company, to run a line from Elkhart to the western part of the city and be a connecting link of the road from Toledo to Chicago, promoted by Judge Hanna and C. M. Stone, of Cleveland.

Lumber and Machinery Destroyed.

Chicago, May 6.—Fire in Matwell Bros.' box factory at 18-19 Peoria street destroyed $75,000 worth of lumber and machinery. It was with great difficulty that the flames were prevented from spreading to surrounding factories and lumber yards.

Women Who Suffer From All Manner of Uterine and Ovarian Troubles, Weak, Nervous, Bloodless, Melancholly Women Find a Positive Cure in

Dr. A. W. CHASE NERVE PILLS

A Medicine That Goes to the Root of the Trouble and Cures to Stay Cured by Giving to the Weakened Sluggish Organs the Energy, Vigor and Tone Necessary to Successfully Perform Their Several Duties.

A NERVE TONIC NEVER EQUALED

THIS SHAPE'D BOX—NO OTHER

Every day sees an army of worn out women dragging themselves to work or forcing themselves to attend to their household duties—women whose whole trouble lies in an over strain or over-exertion at some time in the past—women who stay in this condition and think themselves beyond repair, because they know nothing of the wonderful power of the Dr. A. W. Chase Nerve Pills to give them back their health, strength and vitality, by their ability to resupply the lost "nerve energy, to build up the system, to manufacture good rich blood; and give increased weight by making the digestion strong and vigorous.

Mrs. Ella Smith, of No. 48 Miller street, Newark, N. Y., says: "Last summer I was so weak I staggered when I walked. I was very nervous, easily excited, could not get rest nights, blood thin, the appetite poor, hands trembly—I was indeed in a low stage of health. About this time I got a box of Dr. A. W. Chase's Nerve Pills and though everything else had failed, these pills put me on my feet in good health, and that quickly, too. It was not long before I was eating and sleeping well—the nervousness and trembling gone—the blood rich and my strength back. They are a grand medicine and as a consequence I am again vigorous and strong in every way."

Mrs. George Hall, of 389 West Market St., East Liverpool, Ohio, says: "I was bilious—my head ached hard and constantly—there was a general feeling of weakness and depression. I was asked to try Dr. A. W. Chase's Nerve Pills and did so, getting them at Larkins' drug store. The result was very good indeed, as the bilousness was overcome—the headaches cured and bodily and nerve strength furnished. Dr. A. W. Chase's Ointment I can vouch for in burns as a fine application."

Beware of Imitations—Signature and portrait of Dr. A. W. Chase on each box of the genuine. For sale by dealers, 50c a box, or Dr. A. W. Chase Medicine company, 257 Washington street, Buffalo, N. Y.

HOME AFFAIRS.

Brief Notes of a Personal Nature And of Matters About Town.

Arranging for Encampment—McCoy Circle, Ladies of the G. A. R., will hold a meeting tomorrow evening at 8 o'clock at G. A. R. hall, to make arrangements for going to Marietta.

An Enjoyable Affair—Peabody lodge, Knights of Pythias, held a most enjoyable social session and smoker at its rooms in the Oyster building last evening. As entertainers the hosts proved themselves in the very first class.

Sewing for Missions—Beginning at 10 o'clock this morning the missionary society of St. Stephen's church held a session in the parish house for the purpose of sewing for the missionaries in the foreign fields. They will conclude the session at 5 o'clock this evening.

An Unknown Arrested—Officer Pat Woods arrested an unknown man in the hallway of the Porter block at an early hour this morning and placed him in jail with a charge of drunkenness against him. To the charge he pleaded guilty this morning and Mayor Weaver assessed a fine, which he paid.

Caught a Big Carp—A local fisherman states that the time for catching big fish is at hand and that the banks along the Ohio will now be lined with lovers of the sport. He caught a 15 pound carp this morning at the mouth of the big sewer and caught quite a number of them about the same size yesterday.

Work for Foreign Missions—The regular monthly mission league of St. John's Evangelical church will be held in the lecture room this evening at 7:30 o'clock. The subject is "Mission Work in Africa." The league now numbers 76 members and is steadily increasing. The work is almost exclusively for foreign missions.

SOCIAL EVENTS

AGNER-BUXTON WEDDING TODAY

IMPRESSIVE CEREMONY UNITES POPULAR YOUNG COUPLE.

The Lutheran Church the Scene of An Event of Much Local Interest.

One of the most beautiful and auspicious weddings of the season occurred today at high noon in St. John's Evangelical Lutheran church, when Miss Mathilde Esther Agner, daughter of Mr. and Mrs. John Agner, and Frank Wilmont Buxton, son of Mr. and Mrs. George Buxton, were united in holy matrimony by the solemn and impressive Lutheran ring ceremony.

The church was beautifully decorated in various tropical plants and 150 persons witnessed the ceremony performed by Rev. J. G. Reinartz, pastor of the church.

The bridal party consisted of the ushers: Messrs. Christian Kindsvatter, Henry Horst, Luther Gilbert and Charley Davis.

Following the ushers came the bride and her bridesmaid, Miss Minnie Agner, sister of the bride, who wore a pretty costume of mousseline de soie in pink and and carried a bunch of pink roses.

The bride wore a beautiful and becoming gown of white Persian lawn, en traine, with trimmings of Valenciennes lace and accessories of Liberty satin, and a large boquet of white bride's roses. Last in the bridal party came the groom and best man, Harry Buxton.

The bridal party entered the church and proceeded through the center aisle to the strains of the wedding march as played by a sister of the bride, Mrs. Henry Schreiber. During the ceremony the entire party stood amid the plants, which were so arranged as to form an archway.

A reception followed at the home of the bride, 292 Fourth street. The colors were green and white, and a profusion of white roses and carnations with ferns and palms made the residence most beautiful.

The bride received many valuable presents in silver, cut glass and linen, which more fully proves the high esteem in which she is held by her many friends.

The groom is a prominent young business man.

Mr. and Mrs. Buxton left today for a short wedding trip in the east.

A mammoth traveling gown of brown basket cloth with Persian trimmings and pendants was worn by the bride on the wedding trip. After returning the coupe will be at home to their friends at 296 Fourth street.

Among the out-of-town guests were: Mr. and Mrs. Adam Troutman, of Butler, Pa.; Mr. and Mrs. Will Coles, of Toronto; Mr. and Mrs. Will Deidrick, of Salineville, and Charles Deidrick, of Salineville.

The Elks' Ball.

The last of the tri-weekly dances given by the Elks was held in their beautiful parlors last evening and it was largely attended by the members of the lodge and their wives and lady friends. It is not likely that dancing will be resumed until cooler weather in the fall.

Class in Physical Culture.

The ladies' class in physical culture which has been formed by Miss Metcalf will hold its first lesson Thursday afternoon at 4 o'clock sharp. Any lady interested in the subject can obtain terms and particulars by calling upon Miss Metcalf at Mrs. D. McDonald's, Ryan building, East Market street, or by C. C. 'phone No. 583.

BROTHERHOOD MEN ARE CONSERVATIVE

terests have requested that such legislation be enacted.

The tendency of the convention is to bring all branches of the trade into the uniform price list, ignoring sections and other conditions. Resolutions have been introduced to this effect and it is likely that they will be

enacted into law. More time will be devoted to the correction of evils than to any other subject.

The troubles of the packers will be brought to the convention and measures for their relief will be proposed. The men who now have contracts in the packing sheds have been dropped from the local and it is only a question of time until they will be declared non-union. The men in this branch of the trade have suffered by their loyalty to the Brotherhood, but better times are in store for them.

Another resolution that will no doubt carry is from No. 4, providing that all operatives must have working cards. A more sensible resolution could not have been devolved. Its

provisions are now effective in some few plants and works no hardships on the manufacturer. It is inimical to the health of the organization.

There are a number of men in East Liverpool (and the conditions are the same in other cities) who are permitted to work without belonging to a local. Perhaps 10 per cent of the East Liverpool operatives are not members of the organization, although they enjoy the privileges thus afforded them. Of this 10 per cent many have been expelled for non-payment of dues or dropped from the rolls for other reasons. The condition is not a healthy one and should be taken in hand.

In the east the per cent of the men outside of the organization is larger but steady gains are being made and if Vice President Hutchins accomplishes as much this year as he did last the east will be on a par with the west.

The eastern delegates read with considerable amusement the interview in a Trenton newspaper from Charles Howell Cook, a prominent manufacturer. The eastern boss potters will be loath to accept the uniform scale, even if not revised, as taking all lines, the cost of manufacture will be increased. They will then be on a parity with the manufacturers of the west, who will not shed any tears over the fact. The delegates do not wonder that Mr. Cook speaks of the poor condition of trade and the increase in English imports.

No feature of the entertainment provided for the delegates will be more thoroughly enjoyed than last night's theatre party at the Grand. A specialty company was the attraction and one of the turns was of particular interest owing to the wholesale destruction of plates and other ware. The delegates were highly pleased with the performance.

Tonight there will be a smoker in the room of the Trades and Labor Assembly, the committees in charge of the affair having completed the details last night. Thursday night the barquet in Pythian Castle will be given.

There has been no change in the political aspect. Duffy, so far, is unopposed for the presidency and the friends of the three candidates for secretary are claiming the victory.

A Tea Legend.

One ancient legend says that the virtues of tea were learned by accident by a Chinese monarch, King Shen Nung, "the divine husbandman," who flourished forty centuries ago and who in boiling water over a fire made from the tea branches on which the latter still hung allowed some of the latter to fall into the pot.

The Polyglot Menu.

La Mont—It is quite an innovation for that cafe proprietor to have his menu in English, French and Latin.

A Safe Time to Cross.

"Well, well," said the old lady living inland, when she heard that her favorite grandson was going to Europe, "it's been a dry summer, and the sea won't be so deep as common."

Fat People and Perspiration.

Fat people are less able to resist the attacks of disease or the shock of injuries and operations than the moderately thin. In ordinary everyday life they are at a decided disadvantage. Their respiratory muscles cannot so easily act. Their heart is often handicapped by the deposit on it, and the least exertion throws them into a perspiration. This last fact is curiously misunderstood. It is almost universally looked upon as an actual "melting" of the subcutaneous fat and is considered to be nature's method of getting rid of the superfluity.

But this is not correct, for in spite of its greasy appearance sweat only contains a trace of fatty matter, rarely more than .01 per cent, and this comes of course from the cells of the sudoriparous glands and primarily from certain constituents in the blood. A person whose limbs and body are covered with adipose tissue is in the position of a man carrying a heavy burden and too warmly clothed.—London Hospital.

Don't Be Too Exact.

Don't be forever setting people right. There is a household fiend with a memory for dates and details who can never sit still and hear papa say that he went down town on Monday at 8 without correcting the statement with the remark that the hour was half past. If mamma happens to allude to Cousin Jenny's visit as having occurred last Thursday, this waspline impersonation of accuracy interposes with the statement that it was Friday, not Thursday, which brought Cousin Jane.

A dozen times a day exasperating frictions are caused by needless corrections of this sort, referring to matters where exactness is not really imperative, the affairs in question being unimportant and no violation of truth being for an instant intended.

20TH YEAR. NO. 107. EAST LIVERPOOL, O., WEDNESDAY, MAY 6, 1903. TWO CENTS

BROTHERHOOD MEN ARE CONSERVATIVE

The Fact Conclusively Shown in Defeat of Resolutions Calculated to Work Harm to the Organization.

A BIG BATCH OF WORK TO DISPOSE OF

BY O. H. BOOTON,
Staff Correspondent.

Wheeling, May 6.—Two of the three resolutions reported back to the N. B. of O. P. convention from the committees were defeated at the session yesterday afternoon. But one of the three had the indorsement of the committee and this one was accepted by the delegates.

There can be no better evidence of the conservativeness of the convention than the result of the deliberations yesterday afternoon One of the measures presented might have worked great harm to the organization had it been accepted, but the delegates were wary and sent it to an unmarked grave. This was the resolution for the establishment of an insurance feature.

The committee on the state of the order was the only one ready to report at the session this afternoon. The others were deep in work all of yesterday and far into the night. Many resolutions have been introduced and the committees started to work upon them at noon. They had scarcely time for dinner and after the adjournment of the afternoon session were still at their desks.

The committee on the state of the order had fewer resolutions to consider than the other committees and consequently was the first to report. Wages, scales, the uniform list and other important matters were in the hands of the three other committees and were not considered at yesterday's session.

Noon today is the last hour for the introduction of resolutions unless by consent of two-thirds of the delegates, and several measures which have been kept in the background must then be placed before the delegates. The number of resolutions are fewer than last year, but among them are several of such an important nature that many hours will be consumed in their disposition. It looks now as though the convention will be continued after the end of the week. This prediction is made in spite of the fact that the committees have sacrificed many pleasures in order to expedite the work and the business-like sessions of the body. With two days of the convention gone the great bulk of the business remains to be considered and passed upon.

The first resolution defeated yesterday afternoon was the one introduced and fathered by local No. 40, of Trenton, indorsing the Potters' Journal as a true advocate of union principles and thus entitled to the support and patronage of the Brotherhood. A keen opposition to the measure was at once developed. It is stated that the question was not a new one, and that previous conventions have had it to consider. The reason advanced by the delegates opposing the resolution was that the paper does not carry the label of the allied printing trades and until this could be explained, indorsing it as a union organ was not to be considered. The matter was of moment to only the eastern delegates, as those in the west seldom see that newspaper.

A resolution that boded no good to the organization was one that was presented by local No. 26, of Kokomo, providing for an insurance feature. The measure was not full as to detail. There was no provision as to whether the insurance was to be compulsory or optional and such matters as rates, premiums and conditions would have been determined after the adoption of the measure. The delegates are to be commended on turning down a measure so void of any defined aim or end as its adoption would no doubt have worked great harm to the organization in years to come. The plan has been tried by other organizations and has not been a success.

Local No. 4, of East Liverpool, was successful in its first resolution to come before the body. This resolution provides that the Brotherhood stamp may be used by union plants, irrespective of the uniform scale. The Brotherhood stamp was adopted several years ago but has never appeared on ware from any plant in the United States. There has been a law prohibiting its use unless the ware was made under the uniform list, but this condition has been changed by No. 4's resolution. The Brotherhood stamp will, in consequence, be seen on ware for the first time.

While the uniform scale is effective in nearly every branch of the trade in the west, the few exceptions have prevented the use of the label. For instance there is no uniform scale in force among the decorators and although these operatives may have received more than the uniform list calls for, the label could not be used.

Several of the East Liverpool plants, it is stated, and all the Sebrings' in-

THE RESOLUTIONS UNDER DISCUSSION

UNIFORM SCALE FOR GILDERS AND GROUNDLAYERS.

A Movement to Present Retiring President Hughes a Testimonial Is Very Popular.

Wheeling, May 6.—(Special)—The morning session commenced promptly at 9 o'clock and after roll call the reports of committees were heard. The attendance of the delegates is remarkable for a convention of this size, scarcely one being absent from the sessions.

The morning session was devoted to the discussion of resolutions.

The first matter reported on by the committee was a resolution granting to the several locals the right to adjust certain questions which frequently arise, for themselves, instead of referring it to the arbitration board.

A resolution presented by local union No. 12 asked that an apprenticeship clause be placed in the scale governing that trade. There is no rule to follow in this branch at present, and there are instances of where batters-out and mould runners have been employed but a short time by jiggermen until they take up a situation as jiggerman to the detriment of the entire trade. The resolution was thought to be too broad in its provisions, and would hinder the advancement of the jiggermen's helpers, since anyone would be permitted to enter upon an apprenticeship, regardless of his lack of knowledge of the trade. The resolution was referred back.

The most important resolution yet introduced was that adopting a uniform scale for the gilders, liners and groundlayers. The move does not involve an advance in the present rate of wages, but insures uniformity. It was adopted. The measure was brought to the attention of the convention by local union No. 19, of East Liverpool.

The old question of holding biennial sessions of the convention, was up once more in the shape of a resolution, but was defeated.

No. 35, kilnmen, of Trenton, wanted the reinstatement fee for members of local unions raised from $5 to $10. The resolution was not concurred in.

The delegates have entered enthusiastically upon a movement to buy a testimonial gift to be presented to President A. S. Hughes, upon his retirement. No definite plans have been adopted with reference to the design or the manner of raising the fund for its purchase, but it is expected that will have taken on definite form within a day or two.

Tonight the delegates will be entertained with a smoker to be given by the Trades and Labor assembly. The address of welcome will be made by Joseph H. Lyons, and Harry Hailes will respond. This will be followed by addresses by T. J. Duffy, L. M. Brown, Michael Mahoney and J. Hecker. The music will be provided by Appenzeller's orchestra.

STATE CONVENTION KNIGHTS OF COLUMBUS

Officers Elected and Lima Chosen For the Next Convention.

Dayton, May 6.—(Special)—The state council of the Knights of Columbus adjourned, to hold its next convention in Lima. Officers were elected as follows:

State deputy, M. B. McCarthy, Toledo; secretary, P. J. McCarthy, Youngstown; treasurer, F. A. Deuche, Steubenville; warden, R. J. Bour, Canton; delegates to national convention at New Haven, P. J. Brady, Cleveland, M. B. McCarthy, Toledo; P. A. Gavin, Toronto; A. O. Dayer, Toledo.

To Repair Pennsylvania Avenue.

Acting under instructions from the board of public service, Commissioner Frank Dickey this morning sent a force of men to the East End with orders to make repairs on Pennsylvania avenue. The thoroughfare is in bad condition, and the paving is becoming more irregular with each day's usage. It is the intention of the commissioner to go ahead with the work with as much haste as possible.

CONTEST BEGUN OF CREEDON WILL

Undue Influence and Coercion Alleged to Have Been Brought to Bear.

$1,500 IS IN DISPUTE

Lisbon, May 6.—(Special)—The contested will case from East Liverpool in which Jere Creedon, Joanna Weingartner and Thomas Creedon are plaintiffs against Mary McKay, Dennis Creedon and Richard McSweeney, the latter as executor of the estate of Mary Creedon, deceased, came on for a hearing in court today. The plaintiffs ask that the paper purporting to be Mary Creedon's will be submitted to the jury with the evidence and that it be set aside.

In their petition the plaintiffs claim that Mary Creedon died at her home in East Liverpool July 28, 1901 and that Jere Creedon, Joanna Weingartner, Thomas Creedon, Mary McKay and Dennis Creedon are all the only heirs at law of the deceased. It is alleged that on August 28, 1901 a paper writing represented to be Mrs Creedon's will was presented the probate court and admitted to record September 10, 1901, whereupon Richard McSweeney qualified as executor. By the terms of the will Jere Creedon and Mary McKay were made the sole heirs.

The petition charges that the paper is not the last will of Mrs. Creedon, alleging that at the time it was drawn up she was critically ill and that her delirium incapacitated her from making a proper distribution of her property. It is further charged that she was coerced by undue influence and false representations. The amount involved is about $1,500.

A large number of witnesses are here to testify. Brookes & Thompson are attorneys for the plaintiff and Judge P. M. Smith and Charles Boyd represent the defendants.

NO BIDDERS, NO SALE

Sheriff Came to Sell Advertised Property, But Did Not Succeed.

Sheriff Leonard was in town yesterday to make a sheriff's sale, but he did not make it. Forty-seven lots in Garner & Hodson's addition, north of Gardendale, had been advertised for sale for the second time. But one man was present at the "sale" besides the sheriff and he was not a bidder. The appraisement was considered too high, and the property will have to be reappraised and advertised again.

The property was that of George Garner et al, foreclosed by H. W. Hendrickson. The appraisement was $2,950.

A Lisbon Wedding.

Lisbon, May 6.—(Special.)—Frank J. Patterson, a well known funeral director here, and Miss Verna Bye, daughter of Samuel Bye, daughter of Samuel Bye, former county commissioner, were married at the home of the bride's parents at noon today. Rev. J. P. Anderson officiated and the ceremony was witnessed only by a few relatives of the couple. Mr. and Mrs. Patterson left this afternoon on a trip to Cleveland and other lake towns. They will be at home here June 1.

A DESERTED WIFE HAS ENTERED SUIT

Wants Husband Punished For Neglect and Cruelty Toward His Family.

FIVE CHILDREN TO SUPPORT

And the Mother Says the Whole Burden Falls Upon Her—A Peculiarly Sad Case Brought to Light By a Suit.

Charging cruelty, desertion and non-support, Mrs. Allen Malkin, of Minerva street, appeared at the office of Squire Daniel McLane at an early hour this morning and had a warrant issued for the arrest of her husband. The warrant was placed in the hands of Constable Copestick and the man was taken in charge shortly before noon. He pleaded guilty and will have a hearing at 3 p. m.

Mrs. Malkin's case is a most deplorable one. She states that for months she has been compelled to care for her five minor children, the youngest of which is 8 months old, and the oldest barely 14 years of age. She attributes the action of her husband to drink, stating that when he was free from the clutches of the demon he was an admirable husband, but while under the influence of liquor he mistreated her and the children and spent all the money he made for drink, leaving the family to get the necessaries of life the best they could.

Unlike most deserted wives Mrs. Malkin does not weep and spend her time in mourning. She realizes the uselessness of such actions and seems reconciled to her fate. Her announced wish is that the husband be made answer in court for his gross neglect of the little children. That is all she wants done. She does not care how severe the penalty that is to be imposed. With admirable nerve she faces the cold world and says that she will fight a winning battle.

The worrying feature of her predicament at the present time is an order given yesterday by the woman owning the house in which she lives, commanding her to pay the month's rent or get out. She has no money and fears that it will be impossible to get it in the time specified by the owner of the house.

COSTLY WALLS CONSTRUCTED

WORK DONE ON TRENTVALE STREET WORTH $6,000.

It Is Claimed the Trouble Has Not Yet Been Fully Remedied.

McLaughlin & Gill, who have been engaged for some time in the work of erecting a concrete retaining wall on Trentvale street, will complete the task today. When the work is done the city will have expended in the neighborhood of $6,000 in the construction of walls, and those interested believe it is about time some permanent relief was forthcoming.

Contractors who have viewed the Trentvale paving, and are thoroughly familiar with work of this character, state the cause of the trouble has not even now been removed. They say the paving was not constructed properly in the first place. The surface of the street is perfectly level, and all of the water from the side of the hill is washed onto the road and no means provided for draining it off. At one time the council instructed the city engineer to have ditches placed at regular intervals across the road, but the work was never done. Experts say the erection of the walls just completed will afford no permanent relief as long as the water is permitted to lie on the street and soak through behind the wall.

The Veterans Invited.

Lisbon, May 6.—(Special)—An old fashioned Grand Army bean bake has been decided upon by local veterans as one of the features of the centennial celebration for Grand Army day. All veteran soldiers and sailors in the county will be invited.

Licensed to Marry.

Lisbon, May 6.—(Special.)—John Jones and Miss Melba Thompson, of East Liverpool, have been licensed to marry. Rev. Dr. M. B. Pratt will perform the ceremony.

NEW MEMBERS ADDED TO SONS OF VETERANS

Arrangements Completed for Marietta Trip—Reinstatement of Lisbon Camp.

The local camp Sons of Veterans held an interesting meeting last night, and three new recruits were taken into full membership. Final arrangements were made for the trip to the division encampment at Marietta next week. It was found necessary to rearrange the representation of the camp in the state meeting, and an additional delegates was elected.

About 15 members of the organization will go to Lisbon tomorrow evening, where the camp of that city will be reinstated. The Lisbon lodge has been disbanded for several years, and though the charter has been surrendered, the camp still owned considerable property. The new list includes about 40 names, and the division officers have arranged to give the new organization the name by which it was previously known, that of J. B. Morgan camp, No. 76. Criss McConnell has been commissioned as mustering officer.

FRIENDS HUSTLING FOR ABSENT ONES

Convention at Wheeling Does Not Interfere With Progress of Voting.

CONTEST CROWS LIVELY

During the absence of a number of the candidates in the News Review's voting contest at the Wheeling convention of the National Brotherhood of Operative Potters their friends in East Liverpool and the other pottery districts have renewed their efforts in behalf of the several favorites.

The votes are coming in daily with such a rush that the result can be changed in several of the contestants in 24 hours' time. Voters are urged to forward coupons without delay in order that they may have the assurance that the votes will be counted within the time limit. Series 6 expires May 15, and must be in before that time or they will be of no value.

The following candidates have received 100 votes or more:

SENTENCED FOR TWO YEARS

Marcus Mowrey, of Leetonia, Goes to Prison for Shooting Uriah Nold.

Lisbon, May 6.—(Special.)—When court convened yesterday afternoon Judge Hole overruled a motion for a new trial in the case of Marcus Mowrey, of Leetonia, who was convicted recently of having shot Uriah Nold, of Leetonia, with intent to wound, and the prisoner was sentenced to serve two years in the penitentiary.

WILL REPORT MAY 12

Investigation of East Liverpool Primaries By a Committee Is Completed.

The committee to investigate the East Liverpool Republican primary elections concluded its sessions this afternoon and its members departed for Salem and Lisbon. They would say nothing of the result of their investigations, but will make a report to the Republican county convention at Lisbon, May 12.

The Jail Almost Empty.

Lisbon, May 6.—(Special.)—Nick Murray, of East Liverpool, and Fred Dixon, of Salem, completed jail sentences yesterday and were released. This leaves but two prisoners in the jail, Marcus L. Mowrey, of Leetonia, who will soon be taken to the penitentiary, and Edward Duncan, charged with horsestealing at Highlandtown.

LOWER TRIBUNALS UPHELD BY SUPREME COURT OF OHIO IN CASE OF OSCAR BIRCH

Dispute in a St. Clair Township School District Finally Disposed of—Other Cases of Interest.

From a Staff Correspondent.

Columbus, May 6.—The supreme court has handed down a decision in the case of Ohio on relation of Oscar Birch against Frank Clapsaddle, Newton F. Moore and J. M. Kennedy, members of the board of sub-directors of school district No. 2 of St. Clair township, Columbiana county, which has been in the courts since 1901. The lower courts which found for the sub-directors are upheld. The action is familiar to Columbiana county people and was bitterly contested. Birch brought suit in common pleas court for a writ of mandamus to compel the directors to elect a teacher. Both the common pleas and circuit courts decided against him.

The directors engaged Thomas Croft to teach in the district school for the first term of the school year, beginning September 1, 1900, which was for four months, and at the expiration of the time they selected him for the second term, which was for three months. While teacher Croft chastised one of Birch's children, who was a pupil which stirred up trouble. The township board sided with Birch and refused to confirm Croft, which angered the sub-directors, and they sent the board word they would neither engage a teacher nor have anything to do with the school. Birch then asked the common pleas court for a writ of mandamus to compel them to choose a teacher.

While the matter was pending in court the directors and township board got together and as a result it was agreed upon that a teacher should be employed. While this should have ended the controversy Birch would not let the matter rest and went on with preparations to fight the case to a finish. As stated he lost in both the common pleas and circuit courts, and in the decision of the supreme court final defeat is administered to him.

The circuit court held that the sub-directors did their duty and the supreme court sustains this view. The costs fall on Birch.

The supreme court affirmed the judgment of the lower court in the case of William E. Smith against Christ Verwholt, error to circuit court court of Jefferson county. A company represented by Smith while operating for coal got beyond its own line, encroaching on a farm owned by Verwholt. The latter sued for damages and was awarded judgment for $1,000. The company must pay this. Judge Smith, of Wellsville, represented the company.

The muddle occasioned by defective school laws may be further complicated. Chief Justice Birket, of the supreme court, has granted leave to file a suit to oust the two new school members recently elected to serve on the Steubenville board. Attorney General Sheets has allowed the use of his name in the action, and it will now be fought out on its merits. The suit is brought at the instance of the seven old members of the board who followed the opinion of the attorney general and held over. Judge Richards, of the Jefferson county common pleas court, ordered the election board to place the names of the two candidates who were afterwards elected on the ballot. They had no opposition. It is said that if these two members were legally elected, the question of who shall retire to make room for them will give further trouble.

The attorney general will probably bring suit to test the constitutionality of the law allowing mayors, council or tax commissions to appoint city equalization boards. The object is to learn the exact status, so that the officials involved will know how to proceed.

WALKING THEMSELVES ALMOST TO DEATH

Policemen Are Busy Mne Just Now. No Loafing About the City Hall.

Since the police were given their orders Monday by Chief of Police Wyman the following conversations have been heard passing over the telephone:

"Hello, Central. Give me the city hall." "Is that you, Mr. Wyman. No. Well, when he comes, ask him what on earth is the matter with the policeman on this beat. He is walking himself about to death. I'll bet he has been around this block at least 20 times during the past hour, and I used to only see him two or three times a day."

"Hello Central! Give me the city hall. Say, is there an officer there? You say they go on duty at 12 o'clock, and are all out patrolling their beats? Out on their beats, and it is only 1:15! That beats anything I ever heard of."

GOOD WELL STRUCK

Local Investors in Knoxville Field Much Encouraged By Reports from There.

The first well of the Tioga Oil company, operating in the Knoxville field, came in yesterday, and is estimated to be worth about seven barrels a day. The members of the company are all from this city and are highly elated at the strike.

James Kane, an expert oil man of Jewett, did the shooting, and R. L. Edmonston, H. E. Grosshans, Councilman Hugh Johnston, J. M. Manor, W. H. Riley and W. Calhoun went to the well yesterday to witness the operation.

The company has decided to put down another well at once and it was located yesterday. Drilling will be begun without delay.

City Proposes to Fight.

Salem, May 6.—(Special)—The new city council at a meeting last evening instructed the city solicitor to fight to the bitter end the case in which the federal court has enjoined the city from reducing the price of gas.

A LITTLE LATE ABOUT SUING FOR BOUNTY MONEY

Man in Knox Township Claims He is Entitled to $100 for Civil War Service.

Lisbon, May 6.—(Special)—Jeremiah P. McGill, a Civil war veteran of Knox township, has brought mandamus proceedings against the trustees of that township, asking court to compel the payment of a $100 bounty with interest. He says he first enlisted at Mt. Carmel, Clermont county, O., July 31, 1861, as a private in company E, 35th O. V. I., was mustered in the same day and assigned to Fuller's brigade under Colonel John W. Fuller.

While serving in the field he was mustered out December 23, 1863, and re-enlisted as a veteran volunteer credited to Knox township, this county. He says he has never received any local bounty.

Two Cases Passed.

Lisbon, May 6.—(Special.)—The case of E. W. Hill, of East Liverpool, against W. H. Adams, which was assigned for hearing yesterday afternoon, was passed for settlement. The East Liverpool case of Frederick W. Miller against Arthur W. Thomas was passed until Friday.

WITH THE WORKMEN IN THE CLAY PLANTS

GIBSON GIRL IN PORCELAIN.

Charles Dana Gibson is in receipt of the largest income of any illustrator in America, and probably in the world, his illustrations being among the best modern sketches. The Gibson Girl, the lovely and exquisite creature of his dreams—this dashing, healthy, entrancing American woman—is acclaimed the world around. Now she has been burnt into porcelain. She smiles upon you at the breakfast table, she graces the wall of the dining room. Her beautiful face beams entrancingly from the mantel of the study shelf. New York shops are showing the new fad. It has caught fast the fancy of the public, and deservingly. The plates are exquisitely beautiful. The pictures are exactly reproduced from Mr. Gibson's originals—they show even the pen strokes, every touch of the artist, every detail. Around the edge of the plate is a big border in old English blue which our grandmothers delighted in, lending a grace of color and a softening beauty to the artist's work. As the decoration is all underglaze, it is permanent.

WOOD FOR SECRETARY.

In spite of the reports coming from the convention now in session in Wheeling to the effect that there is no slate, it has been stated in this city that in at least one local there is a movement on foot to land a member in the position of secretary of the N. E. of O. P. It will be remembered that for several years past the local has had its eye on the presidency of the national organization, and it was thought when President Hughes retired the members of this local would have a candidate in the field. It would seem, however, that they have decided upon the secretaryship, and the candidate selected is John T. Wood, the present national treasurer. Mr. Wood has held the position of treasurer for several years, and conducted the office with credit to himself and to the local from which he was elected. It is said the members of No. 9 will make a hard fight for their man and if he fails to be elected it will not be the fault of his trade.

VASE MADE 400 B. C.

During the excavations near Lampaki, on the Dardenelles, a beautiful vase 54 centimetres high, was found. It was made of burned clay, encrusted on the interior with gold one and a half centimetres thick. There are three golden handles and splendid reliefs representing hunting scenes, exquisitely worked. They are said to represent reliefs on the sarcophagus of Alexander the Great. The date of the vase is estimated at about B. C. 400. The hermitage in St. Petersburg possesses a similar vase, but not so fine a one. The present vase was found in a stone case and the blue and gold colors of the figures look absolutely fresh. The vase contained human ashes, bones and pearls.

A FAMOUS COLLECTION.

The extraordinary collection of antiques gathered by the late Dr. William H. Crim, of Baltimore, Md., was sold at auction recently. Dr. Crim devoted his life gathering old furniture, old china and objects of art, with which his house was crowded from cellar to attic. He ransacked the old homesteads of Maryland and Virginia, and haunted the auction rooms for spoils, and it is safe to say that no such accumulation of good examples of the colonial and later periods existed anywhere. The collection of rare old china was enormous, embracing 2,000 pieces, and the cut glass and Sheffield plate were in great profusion.

GOES TO CAMERON.

Herbert Harrison, one of the best known pressers in this city and a member of local union No. 4, will leave tomorrow for Cameron, W. Va., where he has taken a position. Mr. Harrison has been employed by the Laughlin China company for several years, and is considered one of the best mechanics in the East Liverpool pottery district. He will move his family to Cameron.

AS A BENEFIT.

A fine decorated toilet set is being chanced off for the benefit of Ed. Pritchard, a member of the kiln crew at the Smith & Phillips pottery. Mr. Pritchard is a member of kilnmen's local No. 9 and has been off duty for several months with an injury to his right hand.

OF INTEREST TO THE TRADE.

The John Reiss Stove & Hardware company, St. Louis, Mo., has filed a petition in bankruptcy.

G. L. Johnson and H. M. Schmeltz have been admitted to the firm of Thomas & Co., Pittsburg.

A petition in bankruptcy has been filed by O. T. Spraggins, dealer in crockery, at Jackson, Miss.

Isaac Robinson, of Brooklyn, N. Y., is trying to compromise with his creditors on a basis of 40 per cent.

The furniture and crockery store of W. C. Woodruff, at New Hartford, Conn., was recently damaged by fire.

C. F. Linger, of C. F. Linger & Bro., Washington, D. C., has sold his interest in the business to Myrtle M. Linger.

A. T. Weiss, dealer in crockery at Cortland, N. Y., was recently closed by the sheriff and has left for parts unknown.

It is reported that C. S. Cook & Son, crockery and glassware dealers at Asbury Park, N. J., will retire from business.

M. Fried & Son, proprietors of the Fair, Canastota, N. Y., have removed to Elmira, N. Y., and will continue in business at that point.

George W. Davis, at the head of the large department store concern of G. W. Davis & Co., Rochester, N. Y., and Allegheny, Pa., is dead.

S. Tenney, dealer in furniture and crockery, at Peterboro, N. H., has been succeeded by the Smith Tenney company, a corporation with a paid up capital stock of $30,000.

Parkhurst & Jones Worcester, Mass., have sold their 5 and 10 cent store to C. E. Nelson and C. S. Woolworth & Co. They have also sold their business at Gloversville, N. Y., to the latter concern.

The Reeves-Veeder company, Schenectady, N. Y., conducting a department store, has changed its name to the Reeves-Luffman company.

The Wastes of the Body.

Every seven days the blood, muscles and bones of a man of average size loses two pounds of worn out tissue. This waste cannot be replenished and the health and strength kept up without perfect digestion. When the stomach and digestive organs fail to perform their functions, the strength lets down, health gives way, and disease sets up. Kodol Dyspepsia Cure enables the stomach and digestive organs to digest and assimilate all of the wholesome food that may be eaten into the kind of blood that rebuilds the tissues and protects the health and strength of the mind and body. Kodol cures indigestion, dyspepsia and all stomach troubles. It is an ideal spring tonic. Sold by Alvin H. Bulger.

Came Back to Jail.

Steubenville, May 6.—Archie Robinson walked into the court house and gave himself up to the authorities, stating that he wanted to return to jail to complete his sentence. Robinson, who is only a boy, is one of the two prisoners who dug a hole in the wall of the jail early on the morning of January 2 and escaped.

Terrible plagues, those itching, pestering diseases of the skin. Put an end to misery. Doan's Ointment cures. At any drug store.

COSTS NOTHING UNLESS CURED

A Fair Offer Made By Will Reed to All Sufferers From Catarrh.

Will Reed is selling Hyomei on a plan that has caused considerable talk amongst his customers.

The plan is different from that followed by other remedies, but the remedy itself is different also. This treatment for the cure of catarrh has such an unusual record of cures to its credit that Will Reed offers to refund the money if it does not give the desired benefit. This is certainly one of the fairest offers that can be made, and any one who has catarrh and does not take advantage of it is doing himself or herself an injustice.

The Hyomei treatment consists of an inhaler that can be carried in the vest pocket, a medicine dropper and a bottle of Hyomei. The complete treatment costs but $1.00 and as the inhaler will last a lifetime and there is sufficient Hyomei for more than a month's use, the medicine is very inexpensive. Many people who have used it write that for the good Hyomei has done them they would willingly pay thousands of dollars.

Extra bottles of Hyomei can be procured for use with the inhaler at 50c.

Do not suffer any longer with tickling, smarting, irritating, burning, eye-watering troubles that afflict those who have catarrh. Hyomei will cure you, but if you should not find it adapted to your case, Will Reed will return your money.

THE RAILROAD AND THE CITY

Attitude of Public Service Board a Matter of Interest in the Dispute.

A MANUFACTURER SPEAKS

Declaring the Railroad Facilities Are Abominable And Retard Business. Thinks Some of the Demands Made Upon the Railroad Unreasonable.

Speculation is being indulged in by a great many people who are interested in the Pennsylvania company's attempt to double track through the city as to what the attitude of the board of public service will be in the matter. It will be remembered that the railroad committee of the old council was firm in the demands that were made. Not only was it determined to exact a large number of concessions in exchange for permission to cross the various streets, but it was also proposed to have the work completed within a year.

When the last conference was held with the railroad officials it was not known whether or not it would be possible to give the city an answer before the expiration of the term of office of the old council. It would seem, since no word has been received from them, that they failed to reach a decision in time, and have allowed the several questions to go over for the consideration of the board of public service.

An effort was made to obtain an expression from the members of the board, but they refused to talk. It is presumed that they regard the proposition as being of too grave a character to permit of any hasty action, and have decided to deliberate upon it for some time in order that it may be dealt with in an intelligent and business-like manner.

There were in the neighborhood of 15 distinct demands in the list prepared by the old railroad committee, and many of them, while innocent looking and apparently trivial to the average citizen, would mean much to the railroad company. Supt. W. H. Scriven and Attorney Carey made this fact clear to the council when they met with that body last week, and it has caused several of the members to give the question more thorough consideration than ever before. Many business men and manufacturers, all of whom are deeply interested in the matter of securing more and better railroad facilities for East Liverpool, have perhaps more at stake than any other class of individuals in the community. These men have looked at the problem from every point of view, and their expressions, voiced only after mature thought, are interesting and varied.

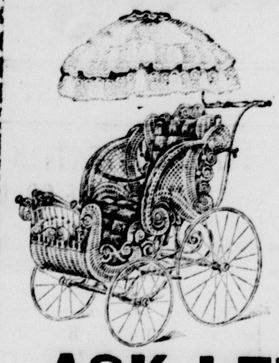

A prominent manufacturer, owning a controlling interest in one of the largest manufacturing establishments in the hill district, was interviewed this morning on the subject, and said:

"I have been watching this railroad question pretty closely, and I might say I have a motive for so doing, since my firm is one of the most extensive shippers in the city. The present railroad facilities of the East Liverpool are abominable, and some remedy ought to be forthcoming at once. One concern is not running as full as it might had we all the cars we wanted, and much annoyance is constantly being encountered through cars of materials being delayed in transit. The system is almost unbearable, but the question with me is, could the condition be relieved by hampering the progress now being made and placing more obstacles in the way of the railroad company?

"My idea is to give and take. I would never be in favor of giving up an inch of the city's property to the railroad company, but I do think some of the demands made by the railroad committee of the old council are absurd. What right has the city to dictate to the company where they shall build a station? And what in the name of reason have we to do with the fixing of a fare between this city and Pittsburg? It is my opinion that the railroad company should be encouraged in every way possible in order that the improvements now under way may be completed in the least time. What we need is more adequate facilities for handling the incoming and outgoing freight."

Don't fool with a cold; no one can tell what the end may be. Pneumonia, catarrh, chronic bronchitis and consumption invariably result from neglected colds. Nothing can be compared with Chamberlain's Cough Remedy as a quick cure for colds and influenza, and by its use those diseases may be avoided. For sale by Alvin H. Bulger.

Never

Have we experienced such tremendous Carpet selling as we have done this Spring. About the middle of April we found we were going to run short. Then began a hustle for Carpets, and things looked blue for us, as the mills had nothing, all the jobbers had cleaned up and the only thing left for us was to buy next fall's patterns, on which the mills are now working. This coming in now, every day brings rolls of New Patterns. Of course we had to pay more money for them, as Carpets are going to be higher in the fall.

But We're Going to Sell Them at This Spring's Prices.

WITNESSED SAD ACCIDENT

Train on Which Rev. J. N. Swan Was Riding Struck And Killed a Man.

Rev. J. N. Swan has returned from a visit to his son, Rev. C. W. Swan, who was recently installed in the pulpit of the First Presbyterian church of Shreve. While on his way home Rev. Mr. Swan witnessed a most distressing accident. The train on which he was riding before coming into Canton, and running at a high rate of speed, ran into a wagon and team of horses, killing the driver of the wagon and one of the horses and completely demolishing the wagon.

The unfortunate man was carried on the cow catcher of the engine almost half a mile before the train was brought to a stop. A number of the passengers were completely unnerved by the horrible accident.

Fire Plug Repaired.

The new fire plug which was placed on Mulberry street yesterday, on inspection was found to be leaking in the valveseat and it was found necessary for the force of men to return and take the plug apart and put in new packing. The work of putting it in shape was finished this morning, and the fire station was notified that it is ready for use. The plug is set in an excellent location and will be of great service when its use is necessary.

Special Services.

Preaching services will be held in the Second Presbyterian church this evening, Thursday and Friday nights. The services tonight and Thursday will be in charge of Rev. N. M. Crowe and the meeting Friday night will be conducted by Rev. J. P. Leyenburger, of Toronto.

Back from the Hospital.

Mrs. Clem Duncan, of St. George street, returned home yesterday from a Pittsburg hospital, where she had been the past two weeks. Mrs. Duncan underwent an operation which was successful and she returns in a much improved condition.

Preparing for Parents' Day.

The principal and teachers of the Horace Mann school house are making preparations for Parents' day. Thursday and Friday, the third week in May, will be observed and the teachers and pupils taking a great interest in making the event a success.

THE NEW WOMAN.

Mrs. Emma Mitchell, 520 Louisiana street, Indianapolis, Ind., writes:

"For the past five years I have rarely been without pain, but Peruna has changed all this, and in a very short time. I think I had taken only two bottles before I began to recuperate very quickly, and seven bottles made me well. I do not have headache or backache any more, and have some interest in life."—Emma Mitchell.

The coming of what is known as the "new woman" in our country is not greeted by everyone as if she were a great blessing. But there is another new woman whom everybody is glad to see. Every day some invalid woman is exclaiming, "I have been made a new woman by Dr. Hartman's home treatment." It is only necessary to send name, address, symptoms, duration of sickness and treatment already received to Dr. Hartman, Columbus, Ohio, and directions for one month's treatment will be promptly forwarded.

If you do not derive prompt and satisfactory results from the use of Peruna, write at once to Dr. Hartman, giving a full statement of your case and he will be pleased to give you his valuable advice gratis.

Address Dr. Hartman, President of The Hartman Sanitarium, Columbus, O.

THIN FOLKS MADE FAT

Good, healthy flesh can only be gained by the use of proper food, together with natural action of the digestive organs. Nine people out of ten, in order to weigh as much as they ought and be perfectly healthy, should use Mi-o-na, the great flesh-forming food and digestive regulator. Weigh yourself before commencing to use these little tablets and see how your weight increases from week to week.

Mi-o-na does not contain a particle of pepsin, the basis of the ordinary dyspepsia remedy, and which never made a cure of dyspepsia. Mi-o-na has valuable flesh-forming properties, tones up and strengthens the digestive organs, helps digest the food eaten, and absolutely and permanently cures the worst forms of dyspepsia.

If you are not perfectly satisfied with the results from Mi-o-na, Will Reed will return your money without any questions. What other medicine is sold on this plan?

WAY TO GET AHEAD OF THE HIRED GIRL

YOUNGSTOWN PEOPLE WILL TRY THE COOPERATIVE PLAN.

Ten Families Figure on Living Well And Economically Without Servants' Aid.

Youngstown, May 6.—The first move towards the fighting of the local hired girl trust will be made by some ten families in Bryson street who will form a cooperative housekeeping establishment which has for its aim the doing away with hired help.

The plans have been perfected to some degree by the women, who have had one meeting for that purpose and who will meet again Monday evening. At this meeting all the plans will be completed and the housekeeping will at once begin.

As the plans are now, the association will use the dining room and such other rooms as are necessary in the house of C. F. Walker, in Bryson street. The meals will be served there to the families. Each will keep the houses now occupied for living purposes and the women of the house may find time to devote to the keeping of it without the bother of getting meals.

Help will be hired to take charge of the cooking and one week in ten, each woman will have the charge overseeing the work. It is proposed to apportion the cost at the end of each week. It is figured out that this will be exceedingly small besides being a great saving to the women of the house and doing away with the necessity of having hired girls.

The plan will be modeled after that of a very successful one which is in operation in Warren and which has been in existence for some time past.

Nearly all the families which will become part of the society have experienced the trouble of finding help. The fact that it is almost impossible to secure in Youngstown and when it is, that wages of an enormous amount must be paid, has influenced them in making the present venture.

A Prisoner In Her House.

Mrs. W. H. Layha, of 1601 Agnes avenue, Kansas City, Mo., has for several years been troubled with severe hoarseness and at times a hard cough which she says, "Would keep me in doors for days. I was prescribed for by physicians with no noticeable results. A friend gave me a part of a bottle of Chamberlain's Cough Remedy with instructions to closely follow the directions and I wish to state that after the first day I could notice a decided change for the better, and at this time after using it for two weeks have no hesitation in saying I realize that I am entirely cured. From this time on Chamberlain's Cough Remedy will be in my house constantly." This remedy is for sale by Alvin H. Bulger.

FEDERAL UNION TO BE FORMED

Intention to Have Such An Organization Here in a Short Time.

A CHARTER LIST OF 200

Is Expected And the Union Will Be Under the American Federation of Labor—Advantages Which Are Expected from It.

Though East Liverpool has earned for itself the reputation of being one of the most thoroughly organized towns in the United States according to its population, the men interested in trades unions have not to the present been able to interest a sufficient number of laborers in their own welfare to form a federal union. It is the intention of the organizers of the American Federation of Labor with what aid they can obtain from trades already organized, to form a union of this character within the next few weeks.

The fact that the laborers have not been organized has been a great hindrance to the teamsters in their present difficulty, and it is certain that the members of this craft will lend all the encouragement in their power to the movement. The latter trade has just about wound up a short strike in which a nine-hour day was asked, together with a 25-cent raise in wages on the day. They formerly received the same wages that was given the laborers, $1.75 per day or 10 hours. Now that the teamsters have succeeded so well the laborers will be encouraged to try for better conditions on their own account.

This comes as a natural consequence upon the granting of the demands of the teamsters, as the two occupations are very closely allied. When the team drivers complete their day of nine hours on street improvements or grading contracts of any kind it will be impossible for the pick and shovel men to continue.

Those at the head of the movement state there will be no difficulty whatever in securing 200 on a charter list, and the men themselves have already become interested to such a degree that they will take hold of the work without delay. The Italian problem will probably cause the promoters of the scheme no little annoyance, as there are a large number of laborers of that nationality now employed in the city. They will not be admitted to membership, at least none who have not become naturalized citizens.

The organization will be known as a federal union, and will be chartered under the American Federation of Labor. Its members will be recognized by the central labor union of the city and will be entitled to all the privileges and benefits accorded to other trades unions.

Spring and its usual quota of spring ailments is here. Coughs, colds, bronchitis, lung troubles, uncertain appetite, etc., are prevalent everywhere. Hagee's Cordial of Cod Liver Oil is the ideal spring tonic. It purifies the blood and creates vigorous vitality. Contains no grease.

POROUS PLASTERS

Are a universal remedy for Pains in the Back (so frequent in the case of women). They give instantaneous relief. Wherever there is a pain apply a Plaster.

DIRECTIONS FOR USE

For pains in the region of the **Kidneys**, or for a **Weak Back**, the plaster should be applied as shown above. Wherever there is pain apply Allcock's Plaster.

For **Rheumatism** or **Pains in Shoulders, Elbows** or elsewhere, or for **Sprains, Stiffness**, etc., and for **Aching Feet**, cut plaster size and shape required and apply to part affected as shown above.

For **Sore Throat, Coughs, Bronchitis**, for **Weak Lungs** and for painful and sensitive parts of the abdomen, apply as indicated.

Rheumatism, Colds, Coughs
Weak Chest, Weak Back
Lumbago, Sciatica, &c., &c.

If you want the best results, the quickest and cleanest cure, use Allcock's Plasters. They are far superior to belladonna, which is the extract of deadly night shade, a virulent poison, and never should be used except by direction of a physician. Allcock's Plasters contain no poisons. They cure by absorption. Absolutely curative, perfectly harmless.

Read letter from Prof. Henry A. Mott, the eminent chemist.

"My investigation of ALLCOCK'S POROUS PLASTER shows it to contain valuable and essential ingredients not found in any other plaster, and I find it **superior to and more efficient** than any other plaster."

BLOOD DISEASE CURED.

If you ever contracted any Blood or Private Disease, you are never safe until the virus or poison has been eradicated from the system. Don't be satisfied with a "patch up" by some family doctor. Our **New Method is Guaranteed to Cure or No Pay. No Names Used without Written consent.**

Cured When all Else Failed

"Could I live my early life over, this testimonial would not be necessary, though I was no more sinful than thousands of other young men. Early indiscretions, later excesses, exposure to contagious diseases all helped to break down my system. When I commenced to realize my condition I was almost frantic. Doctor after doctor treated me but only gave me relief—not a cure. Hot Springs helped me, but did not cure me. The symptoms always returned. Mercury and Potash drove the poison into my system instead of driving it out. I bless the day your New Method Treatment was recommended to me. I investigated who you were first, and finding you had over 25 years' experience and responsible financially, I gave you my case under a guarantee. You cured me permanently, and in six years there has not been a sore, pain, ulcer or any other symptom of the blood disease."

The avowed purpose of the new board of public service to keep the city clean is one that will strike a popular chord. It is a movement that if carried out will add to the beauty of the city and to the comfort and convenience of the citizens. Moreover it will improve health conditions and help to enhance the value of property. It will be costly, but it will pay, simply as a business proposition. Keeping the city clean means something more than merely sweeping the streets. It means that stable refuse and other accumulations shall not be suffered to rest in alleys and back yards until the air becomes foul with their noisome odor. It means that stagnant water shall be drained off and that garbage and tin cans shall not litter vacant lots. It means especial attention to the carting away and destruction of garbage, and that no receptacle containing garbage shall be allowed to stand, even for an hour, awaiting removal, unless tightly closed. It means that the streets and alleys shall not be cluttered with waste paper and that streets and sidewalks shall not be used for the storage of empty boxes, barrels or waste material that the occupant of the adjacent building has no room for on his premises. It means careful attention to sewer openings to see that they are not clogged up, and a strict enforcement of all sanitary regulations. It is a big task which the board of public service has set for itself, but by no means one that it is impossible to accomplish. Of course the board of health, the street superintendent and citizens generally will have to cooperate, or there will be only partial success. The results aimed at are well worth the necessary effort, and we believe there will be a general disposition on the part of the public to assist in the task of cleaning up the city and of keeping it clean. The city has ordinances enough to ensure perfect cleanliness, if ordinances would do it, but they amount to nothing without work. Work will relieve the city of a long-standing disgrace and help to make life better worth living.

The board of public service has issued an order that no one can find any fault with. It is all right that the street railway be allowed to take up such portions of the pavement as are necessary to improve its track, but it should be required to replace the paving in as good shape as it found it. There has been too much improper repairing in the past, and the sooner an end is put to slipshod methods the better for the city.

It makes no difference to the world and none at all to him now whether the late J. O. Brown, of Pittsburg, committed suicide or died a natural death. Unless the expectation is to prove that he was murdered, the disinterment of his body and the holding of a coroner's inquest looks like a very ill-advised action.

King Edward's pilgrimage to Rome and Paris shows that he wishes England to be friendly with France and Italy. "Splendid isolation" is not an agreeable position for Great Britain to occupy in these days of Russian aggression and of intrigue in the Balkans.

Kentucky's lawless element seems to have the upper hand again. This state of things will continue as long as the people continue to rely upon the shotgun rather than the law to right their wrongs.

No American president has ever had a third term. There will be no exception in the case of Grover Cleveland

It is said Mrs. Cleveland does not want her husband to be a presidential candidate again. Of course, if the report is correct, the matter is settled.

St. Louis is trying hard to place its boodlers where they need not be conspicuous at the World's fair.

The rest of Europe appears less anxious than it did a few days ago to go hunting the Russian bear.

OBITUARY

Jonathan Hughes.

Sebring, May 6.—(Special)—Jonathan Hughes, one of the oldest and best known potters in this section formerly of East Liverpool, died at his home here last night at 10 o'clock after a very short illness with paralysis. The funeral will be held at the house tomorrow afternoon, followed by interment in Quaker cemetery.

He leaves a wife and 11 children. For a number of years he has been employed in the Oliver China company's works here and he worked in various potteries in eastern Ohio.

Cornelius Kennedy.

Cornelius Kennedy, aged 55 years, died this morning shortly after 2 o'clock at his home, Center alley. He had been an invalid for two years and death came as a relief to his long suffering. Funeral arrangements have not yet been completed. A wife and nine children survive, all residents of this city. He was a member of the A. O. H. and C. M. B. A.

Samuel Nold.

Lisbon, May 6.—(Special)—Samuel Nold, whose home was a few miles north of Lisbon, died Sunday morning at Pasedena, Cal. Mr. and Mrs. Nold went to California for their health to remain indefinitely. He was upwards of 66 years old. The body will be brought to the family home accompanied by Mrs. Nold and son, E. M. Nold. Funeral services will be held next Monday at 12:30 o'clock.

BUSINESS SUSPENSION GENERAL

Strike in Omaha Is Serious—Saloons Closed at Midnight to Prevent Trouble.

Omaha, May 6.—That the strike in this city is considered by the city officials to be a most serious one was clearly shown in an order issued by Chief of Police Donahue to his men to close all saloons in the city at midnight and to keep them closed until the present excitement subsides or until otherwise ordered.

The employers of teamsters notified the chief that they would resume business Wednesday morning and demanded protection, stating that they would hold the city responsible for any violence done their men.

While no serious disturbances have occurred there have been several minor cases of trouble. A dozen wagons were held up and their drivers forced to return with loaded wagons. No freight has been moved; hotels have been unable to get supplies and suspension of business has been almost general. A number of restaurants have signed the scale demanded, but none of the larger concerns have conceded a single point.

Harvard Senior Missing.

Cambridge, Mass., May 6.—William Whitwell, a Harvard senior, has been missing from college since Feb. 27. He left hurriedly without taking any effects, due to receipt of word that his father, Dr. Whitwell, of New York, was dangerously ill at home. Young Whitwell did not reach home. His father has since died. Mrs. Whitwell entertains the hope that her son is all right. Whitwell was 6 feet 2 inches in height and weighed nearly 200 pounds. A report was current among Harvard undergraduates that a note was left by Whitwell saying that he was tired of life.

Newspaper Sold at Auction.

Augusta, Ga., May 6.—The Augusta Chronicle, one of the oldest newspapers in the south, was sold at public auction. The paper was bid in by Thomas W. Loyless, editorial writer on the Atlanta Constitution, for $40,000. Henry H. Cabaniss, of Atlanta, one of the most widely known newspaper men of the south, is also interested in the purchase and will go to Augusta to assume the active management of the paper.

Another Applicant for Divorce.

New York, May 6.—Mrs. Lilly Torrey Kemp appeared for a separation from her husband, George Kemp, brother of Arthur T. Kemp, whose wife, formerly Miss Nielson, has just begun divorce proceedings in Newport. It is understood that the application will not be contested. Mrs. George Kemp was formerly Miss Wag Staff, of Kansas. The marriage took place in 1895.

AT THE THEATER

Wilson Barrett's celebrated drama, "The Sign of the Cross," will be the attraction at the Grand opera house next Monday night. The play is laid in Rome during a time of which even history shudders to relate. Nero was emperor; Rome was the most degenerate place on the globe, a veritable Sodom and Gomorra. With such a background the beautiful story of the suffering and martyrdom of the early Christians, who were tortured and given to the beasts in the arena because of their faith, is told in a graphic and impressive manner. Two carloads of scenery.

The love of a Russian prince for a serf forms the focal point of a story of intrigue, strife, and heroism, told in dramatic form in the Russo-Siberian melodrama, "For Her Sake," which comes to the Grand tomorrow night. It is said to be one of the strongest Siberian plays of the recent years, and the comedy element is said to be especially novel and consistent. There are scenes in peasants' huts, in a magnificently appointed ball room, in the interior of a Siberian mine and other characteristic features.

Tonight Alberta Gallatin as Rosalind in "As You Like It" will be seen at the Grand. This will be the treat of the season to the theater-goers of this city. Don't stay away and have your friend tell you it was the best show of the season, but go and see the greatest Shakesperean play on the road. The scenic embellishments are said to be an exact reproduction of the famous $20,000 production which Julia Arthur used in New York. Don't miss it.

SCORE OF LIVES LOST AT SEA

Steamship Saginaw Sunk by Collision With Hamilton During Dense Fog.

Norfolk, Va., May 6.—A collision at sea that cost the lives of 20 or more people and the sinking of the Clyde steamship Saginaw by the Old Dominion Steamship company's liner Hamilton, occurred between Winter Quarter lightship and Fenwick island lightship, on the Virginia coast.

The fog whistles of both vessels were distinctly heard by each other for several minutes before the collision occurred. The fog was so thick that objects a ship's length away were invisible and when the two crafts love in sight of each other, bow on, there was but a moment's interim before they met.

According to the Clyde line officials the names of only 18 passengers are known, and it is admitted by Second Officer Morris that 15 colored women, all of whom are now dead, were in a swamped lifeboat.

Tokio, Japan, May 6.—The projected naval program proposes an expenditure of $5,750,000 per year for 10 years.

Municipal Election in Baltimore.

Baltimore, May 6.—The result of the municipal election as to the mayoralty candidates is in doubt. Of the 308 precincts in the city 303 have been counted and they give a plurality of 382 for Robert M. McLane, Democratic candidate, over Frank M. Wachter, Republican. George R. Heffner, Republican, has been elected city comptroller. The Republicans will have a majority in the second branch of the city council and the Democrats a majority in the first branch. At the municipal election in 1899 the Democrats carried the city by 8,600.

Killed With a Wrench.

Wheeling, W. Va., May 6.—James McGowan was assaulted in the engine rom of the Benwood mill with a heavy wrench, wielded with such force that his teeth were knocked out and his skull crushed. Death was almost instantaneous. Robert Ritchie, who had threatened to avenge a whipping given by McGowan to Ritchie's friend, crossed the river to Bellaire after the murder, and when arrested admitted having had a quarrel with McGowan. He is in jail at Moundsville.

Ohio Bank Robbed.

Ohio City, O., May 6.—A gang of half dozen masked men drilled the safe in the Farmers' bank and secured the contents, including a large sum of money and many valuable papers. The robbers bound and gagged a citizen who appeared on the scene while they were at work.

A BUSY SESSION OF NEW COUNCIL

Committees Appointed by the President to Look After Various City Interests.

CONSTABLE WON'T SERVE

And An Appointment Will Have to Be Made—Public Service Board Makes An Estimate of Expenditures. Other Matters Discussed.

The city council resumed the adjourned meeting of Monday evening last evening and transacted considerable important business. Only Mr. Bissett was absent. Clerk-elect J. W. McQueen was sworn in. The following committees were appointed by President Crubaugh:

Finance—Shoub, chairman; O'Grady and Blackburn.

Ordinance — O'Grady, chairman, Blackburn and McDonald.

Street—Bissett, chairman; Joseph and Anderson.

By a motion of Mr. O'Grady, President Crubaugh will act as a member of each committee.

Solicitor Boyd stated that the auditing of the clerk's and treasurer's books had been completed by Messrs. Hanley and Adams.

President Crubaugh appointed Shoub, Blackburn and O'Grady as a committee to investigate the report. President Crubaugh was also made a member of this committee.

The resolution for the paving of Lisbon street from Little Yellow creek bridge west to the corporation line was read, and after much discussion, placed on its second reading and passed. It was then placed on its third and final reading, but was lost, O'Grady and Blackburn voting against it. Mr. Shoub stated that the farmers who use this road agreed to haul the necessary brick for paving if the work be done. He also said 90 out of every 100 people in that vicinity are anxious for the improvement. Mayor Fogo was also in favor of the improvement and cited several other roads which really needed the same work. He said: "The expense of improving roads which are inlets to the city is money well spent."

The old council at a meeting some time ago, ordered Solicitor Boyd to commence condemnation proceedings against William Bright and John Elliott for property on Sewer street, which the city wants for the widening of the street. Mr. Elliott refuses to set any price and the price asked by Mr. Bright is considered about four times too high. The present council, with City Engineer Leith, will look over the land and report at the next meeting.

The ordinance pertaining to the vacation of the alley between the properties of A. P. Dennis and W. E. Butler was placed on its first reading. A committee will investigate.

City Solicitor Boyd brought up the dumping of rubbish on Front street between Third and Fourth streets. No action was taken.

A communication was read from Constable-elect J. H. Morehead, stating that he would not fill that office. P. E. Spires, the present constable, has a petition for re-appointment, and the matter was left over until the next meeting.

A communication from Irwin Gelts, was read asking that the members of council meet at Merrill's photograph gallery to have their picture taken for his industrial write-up of the city.

An estimate on one month's expenses of the board of public service was read and council was asked to appropriate the amount. The following are the expenses: Engineer's expenses, $952; janitor's salary, $45; Electric lighting (old), $150; electric lighting (new), not known; members' salaries, $100.

The bill of H. A. Herbert for labor on streets, $342.60, and P. H. White & Son's bill for supplies, $3.05, were ordered paid.

No appropriation will be made for the estimated expenses until the board of public service come before council and explain exactly where all these expenses come from.

The mayor, clerk and auditor were authorized to borrow sufficient money to pay the following bills with a deduction of $195, which is now in the fund: H. A. Herbert, $342.60; P. H. White & Son, $3.05; J. H. Hanley and C. W. Adams, $70; Wellsville Light company, $414.96; William Byers, 15; Dr. F. K. Hutchison, $48.32.

At a late meeting of the old council a resolution was passed to revoke the license of Sewer Contractor George Clark, on a complaint made by J. W. Riley, who stated that it was necessary for him to relay a sewer recently which Mr. Clark had laid last summer. The old council ordered that Mr. Riley be refunded the money, about $35, and Mr. Clark's bondsmen be held responsible. Mr. Clark came before the council last evening and explained why there was a necessity for having the sewer relaid. The action taken by the old council was repealed and Mr. Clark will hereafter be permitted to contract sewer laying. Just how the matter of getting back this $35 which has already been paid to Mr. Riley was not settled.

The meeting adjourned until Wednesday, May 13, when all the appointments will be made.

JANITOR REFUSED TO GIVE UP KEYS

Newly Appointed Wellsville City Employe Finds It Impossible To Go To Work.

The board of public service held another meeting this morning. Among other matters of business transacted they appointed William T. Green to the janitorship of the city building and as a result there was quite a scene in the mayor's office a few minutes later. Green applied to the present janitor, William Elliott, for the keys, and the latter refused to produce them.

Green then went to the board, but its advice availed nothing, Elliott still refusing to turn over the keys. He now thinks he has plenty of backing, the mayor having instructed him to continue his work as heretofore. Just what the outcome will be is not known, but the matter is to be taken up at the special meeting to be called this week.

There were other interesting matters presented to the board. City Engineer Leith and Street Commissioner Culp have both been ousted from their positions as a result of a disagreement between council and the board of public service and it must be settled at the meeting.

PITCHED FROM A CLIFF INTO THE WATER

Charles Yates Had a Fall of Thirty Feet That Rendered Him Unconscious.

Charles Yates, of Yellow Creek, was the victim of a very painful accident yesterday afternoon. While fishing with several friends in the creek he fell over a cliff into the water, striking head first. His friends ran to his assistance and dragged him from the water unconscious. He was taken to his home nearby and after the applying of restoratives regained consciousness. Dr. Fraser, of Wellsville, was called and dressed the injuries. The injured man was badly cut about the head and shoulders. Several stitches were necessary to be taken in the gash in the head.

Yates said the accident was due to pure awkwardness, as he was not watching where he was going and was carrying his pole in such an awkward manner. Dr. Fraser stated that he was surprised that the man was not instantly killed, as he fell a distance of nearly 30 feet. The injuries will not prove fatal, but the patient will no doubt be laid up for some time.

Mrs. Walker Arrested And Fined.

A woman giving her name as Mrs. Richard Walker, of East Liverpool, was arrested here Monday evening and placed in the city jail to sober up. She started down Front street and raised such a disturbance that the residents of that vicinity notified the mayor, and Officer Canaday arrested her. Before Mayor Fogo yesterday afternoon she pleaded guilty to the charge of being drunk and disorderly and was fined $8.60, which she paid.

New Team on Rural Route.

Rural Mail Carrier Edward Bunting has received a fine team of sorrel horses from Carrollton. He paid $325 for it. The horses were shipped to Wellsville by express. Heretofore, Mr. Bunting has been compelled to use a light road wagon. This new team will have no trouble in pulling the regular mail wagon, as the roads are somewhat improved.

Merging of Sheet Metal Workers.

Milwaukee, May 6.—The joint committee of the International Association of Sheet Metal Workers and the American Alliance of Sheet Metal Workers, which has been in session several days deliberating over the question of merging the two bodies, has completed its work. The report consists largely of a revision of the constitution and must be ratified by the international convention, now in session, before the merger can be effected. The indications point to ratification by the convention, as the report of the joint committee is unanimous.

FIREMEN QUIT

Five Employed at Chester Mill Were Dissatisfied With Wages.

Five of the six firemen at the tin mill quit last night night. The men made a demand for an increase of wages, which the company refused. The firemen were receiving $2.04 a day of 12 hours and asked for a decrease in the working hours or an increase to $2.25 per day for 12 hours. The running of the mill was not interrupted with, as men were soon secured to take the place of the men who quit.

The work of firing at the Chester mill is considered much easier by the management than like work at other mills, and with the modern improvements in the boilers and grates the labor of firing is reduced to a minimum. The pay of the firemen at the Chester mill also compares favorably with other mills of the American Tin Plate company.

In Readiness to Pave.

A large force of men is getting Carolina avenue between Second and Third streets in shape for paving. The curbing in this block has been completed and Contractor Freshwater expects to have this part of the work finished this week. The curb setters have commenced at Fifth street, and after finishing the paving between Second and Third streets will commence at Fifth street and work to Mark's run. Three carloads of paving brick was received today and is being distributed.

Bridge Receivership.

The Citizens' Trust & Guaranty company, of Parkersburg, as receivers of the East Liverpool bridge, has been succeeded by the Union Trust & Deposit company, of the same city. The change went into effect May 1. The new receivers are practically the same concern, but on account of a law passed at the last session of the legislature, that a surety company is not allowed to do a trust company business, the transfer has been made.

Agreeably Entertained.

The Ladies' Aid society of the Methodist Episcopal church of Chester met yesterday afternoon at thehome of Mrs. J. P. Rowen, corner of First and Fairview streets. There was a large attendance and several new members were received. The ladies were delightfully entertained with musical selections, and the hostess served dainty refreshments.

Oil Operations.

The well on the D. C. Glass farm near Fairview, which was drilled in by Treat & Crawford, came in a duster. No more wells will be sunk on the Glass farm at present. The Glass Drilling company is moving its machine to the White hill farm, near Kendall, Pa., to drill two wells for D. A. Cameron, of Marietta.

Official Reporters.

Postmaster W. C. Johnston received a communication from the bureau of agriculture at Washington, requesting that the postmaster furnish the names of two farmers in Grant district to furnish monthly reports of the condition of crops. He recommended A. M. Fowler and R. M. Cunningham.

Rectory to be Finished by July.

The mason work on the Catholic rectory has been completed and work on the new frame building has been started. Work on the building will be carried on quickly, and it is thought the building will be ready for occupancy about June 1.

CHESTER NOTES.

Mr. and Mrs. Gomer Wern, of Fairview, visited friends in Chester today.

Tollkeeper John F. Spivey found a pocket book on the bridge yesterday afternoon containing valuable papers and a small amount of change. The owner has not yet claimed the property.

W. E. Mercer has gone to Salineville on business and will be gone for a few days.

James Cameron and William Spivey, of Fairview, were in Chester on business today.

Jesse Allison is very ill with rheumatism at his home near the Allison school house.

Superintendent James McKinnon of the Rock Springs line, has received a large coop of thoroughbred Black Minorca chickens from Youngstown, and intends engaging in the poultry business as a side line.

Rev. G. M. Donehoo, of Charleston, W. Va., will fill the pulpit of the Presbyterian church next Sunday afternoon at 3 o'clock. Rev. Mr. Donehoo is an eloquent minister and a large congregation is expected.

The avowed purpose of the new board of public service to keep the city clean is one that will strike a popular chord. It is a movement that if carried out will add to the beauty of the city and to the comfort and convenience of the citizens. Moreover, it will improve health conditions and help to enhance the value of property. It will be costly, but it will pay, simply as a business proposition. Keeping the city clean means something more than merely sweeping the streets. It means that stable refuse and other accumulations shall not be suffered to rest in alleys and back yards until the air becomes foul with their noisome odor. It means that stagnant water shall be drained off and that garbage and tin cans shall not litter vacant lots. It means especial attention to the carting away and destruction of garbage, and that no receptacle containing garbage shall be allowed to stand, even for an hour, awaiting removal, unless tightly closed. It means that the streets and alleys shall not be cluttered with waste paper and that streets and sidewalks shall not be used for the storage of empty boxes, barrels or waste material that the occupant of the adjacent building has no room for on his premises. It means careful attention to sewer openings to see that they are not clogged up, and a strict enforcement of all sanitary regulations. It is a big task which the board of public service has set for itself, but by no means one that it is impossible to accomplish. Of course the board of health, the street superintendent and citizens generally will have to cooperate, or there will be only partial success. The results aimed at are well worth the necessary effort, and we believe there will be a general disposition on the part of the public to assist in the task of cleaning up the city and of keeping it clean. The city has ordinances enough to ensure perfect cleanliness, if ordinances would do it, but they amount to nothing without work. Work will relieve the city of a long-standing disgrace and help to make life better worth living.

The board of public service has issued an order that no one can find any fault with. It is all right that the street railway be allowed to take up such portions of the pavement as are necessary to improve its track, but it should be required to replace the paving in as good shape as it found it. There has been too much improper repairing in the past, and the sooner an end is put to slipshod methods the better for the city.

It makes no difference to the world and none at all to him now whether the late J. O. Brown, of Pittsburg, committed suicide or died a natural death. Unless the expectation is to prove that he was murdered, the disinterment of his body and the holding of a coroner's inquest looks like a very ill-advised action.

King Edward's pilgrimage to Rome and Paris shows that he wishes England to be friendly with France and Italy. "Splendid isolation" is not an agreeable position for Great Britain to occupy in these days of Russian aggression and of intrigue in the Balkans.

Kentucky's lawless element seems to have the upper hand again. This state of things will continue as long as the people continue to rely upon the shotgun rather than the law to right their wrongs.

No American president has ever had a third term. There will be no exception in the case of Grover Cleveland.

It is said Mrs. Cleveland does not want her husband to be a presidential candidate again. Of course, if the report is correct, the matter is settled.

St. Louis is trying hard to place its hoodlers where they need not be conspicuous at the World's fair.

The rest of Europe appears less anxious than it did a few days ago to go hurting the Russian bear.

OBITUARY

Jonathan Hughes.

Salem, May 6.—(Special)—Jonathan Hughes, one of the oldest and best known potters in this section for nearly of East Liverpool, died at his home here last night at 10 o'clock after a very short illness with paralysis. The funeral will be held at the house tomorrow afternoon, followed by interment in Quaker cemetery.

He leaves a wife and 11 children. For a number of years he has been employed in the Oliver China company's works here and he worked in various potteries in eastern Ohio.

Cornelius Kennedy.

Cornelius Kennedy, aged 55 years, died this morning shortly after 2 o'clock at his home, Center alley. He had been an invalid for two years and death came as a relief to his long suffering. Funeral arrangements have not yet been completed. A wife and nine children survive, all residents of this city. He was a member of the A. O. H. and C. M. B. A.

Samuel Nold.

Lisbon, May 6.—(Special)—Samuel Nold, whose home was a few miles north of Lisbon, died Sunday morning at Pasedena, Cal. Mr. and Mrs. Nold went to California for their health to remain indefinitely. He was upwards of 60 years old. The body will be brought to the family home accompanied by Mrs. Nold and son, E. M. Nold. Funeral services will be held next Monday at 12:30 o'clock.

BUSINESS SUSPENSION GENERAL

Strike in Omaha Is Serious—Saloons Closed at Midnight to Prevent Trouble.

Omaha, May 6.—That the strike in this city is considered by the city officials to be a most serious one was clearly shown in an order issued by Chief of Police Donahue to his men to close all saloons in the city at midnight and to keep them closed until the present excitement subsides or until otherwise ordered.

The employers of teamsters notified the chief that they would resume business Wednesday morning and demanded protection, stating that they would hold the city responsible for any violence done their men.

While no serious disturbances have occurred there have been several minor cases of trouble. A dozen wagons were held up and their drivers forced to return with loaded wagons. No freight has been moved; hotels have been unable to get supplies and suspension of business has been almost general. A number of restaurants have signed the scale demanded, but none of the larger concerns have conceded a single point.

Harvard Senior Missing.

Cambridge, Mass., May 6.—William Whitwell, a Harvard senior, has been missing from college since Feb. 27. He left hurriedly without taking any effects, due to receipt of word that his father, Dr. Whitwell, of New York, was dangerously ill at home. Young Whitwell did not reach home. His father has since died. Mrs. Whitwell entertains the hope that her son is all right. Whitwell was 6 feet 2 inches in height and weighed nearly 200 pounds. A report was current among Harvard undergraduates that a note was left by Whitwell saying that he was tired of life.

Newspaper Sold at Auction.

Augusta, Ga., May 6.—The Augusta Chronicle, one of the oldest newspapers in the south, was sold at public auction. The paper was bid in by Thomas W. Loyless, editorial writer on the Atlanta Constitution, for $40,000. Henry H. Cabaniss, of Atlanta, one of the most widely known newspaper men of the south, is also interested in the purchase and will go to Augusta to assume the active management of the paper.

Another Applicant for Divorce.

New York, May 6.—Mrs. Lilly Torrey Kemp appeared for a separation from her husband, George Kemp, brother of Arthur T. Kemp, whose wife, formerly Miss Nielson, has just begun divorce proceedings in Newport. It is understood that the application will not be contested. Mrs. George Kemp was formerly Miss Waystaff, of Kansas. The marriage took place in 1897.

AT THE THEATER

Wilson Barrett's celebrated drama, "The Sign of the Cross," will be the attraction at the Grand opera house next Monday night. The play is laid in Rome during a time of which even history shudders to relate. Nero was emperor; Rome was the most degenerate place on the globe, a veritable Sodom and Gomorra. With such a background the beautiful story of the suffering and martyrdom of the early Christians, who were tortured and given to the beasts in the arena because of their faith, is told in a graphic and impressive manner. Two carloads of scenery.

The love of a Russian prince for a serf forms the focal point of a story of intrigue, strife, and heroism, told in dramatic form in the Russo-Siberian melodrama, "For Her Sake," which comes to the Grand tomorrow night. It is said to be one of the strongest Siberian plays of the recent years, and the comedy element is said to be especially novel and consistent. There are scenes in peasants' huts, in a magnificently appointed ball room, in the interior of a Siberian mine and other characteristic features.

Tonight Alberta Gallatin as Rosalind in "As You Like It" will be seen at the Grand. This will be the treat of the season to the theater-goers of this city. Don't stay away and have your friend tell you it was the best show of the season, but go and see the greatest Shakesperean play on the road. The scenic embellishments are said to be an exact reproduction of the famous $20,000 production which Julia Arthur used in New York. Don't miss it.

SCORE OF LIVES LOST AT SEA

Steamship Saginaw Sunk by Collision With Hamilton During Dense Fog.

Norfolk, Va., May 6.—A collision at sea that cost the lives of 20 or more people and the sinking of the Clyde steamship Saginaw by the Old Dominion Steamship company's liner Hamilton, occurred between Winter Quarter lightship and Fenwick island lightship, on the Virginia coast.

The fog whistles of both vessels were distinctly heard by each other for several minutes before the collision occurred. The fog was so thick that objects a ship's length away were invisible and when the two crafts love in sight of each other, bow on, there was but a moment's interim before they met.

According to the Clyde line officials the names of only 18 passengers are known, and it is admitted by Second Officer Morris that 15 colored women, all of whom are now dead, were in a swamped lifeboat.

Monitor on Trial Trip.

San Francisco, May 6.—The monitor Wyoming went out of the Golden Gate on her official trial trip. She probably will remain at sea 48 hours or more.

Big Sum for Navy.

Tokio, Japan, May 6.—The projected naval program proposes an expenditure of $5,750,000 per year for 10 years.

Municipal Election in Baltimore.

Baltimore, May 6.—The result of the municipal election as to the mayoralty candidates is in doubt. Of the 308 precincts in the city 303 have been counted and they give a plurality of 382 for Robert M. McLane, Democratic candidate, over Frank M. Wachter, Republican. George R. Heffner, Republican, has been elected city comptroller. The Republicans will have a majority in the second branch of the city council and the Democrats a majority in the first branch. At the municipal election in 1899 the Democrats carried the city by 8,600.

Killed With a Wrench.

Wheeling, W. Va., May 6.—James McGowan was assaulted in the engine rom of the Benwood mill with a heavy wrench, wielded with such force that his teeth were knocked out and his skull crushed. Death was almost instantaneous. Robert Ritchie, who had threatened to avenge a whipping given by McGowan to Ritchie's friend, crossed the river to Bellaire after the murder, and when arrested admitted having had a quarrel with McGowan. He is in jail at Moundsville.

A BUSY SESSION OF NEW COUNCIL

Committees Appointed by the President to Look After Various City Interests.

CONSTABLE WON'T SERVE

And An Appointment Will Have to Be Made—Public Service Board Makes An Estimate of Expenditures. Other Matters Discussed.

The city council resumed the adjourned meeting of Monday evening last evening and transacted considerable important business. Only Mr. Bissett was absent. Clerk-elect J. W. McQueen was sworn in. The following committees were appointed by President Crubaugh:

Finance—Shoub, chairman; O'Grady and Blackburn.

Ordinance — O'Grady, chairman, Blackburn and McDonald.

Street—Bissett, chairman; Joseph and Anderson.

By a motion of Mr. O'Grady, President Crubaugh will act as a member of each committee.

Solicitor Boyd stated that the auditing of the clerk's and treasurer's books had been completed by Messrs. Hanley and Adams.

President Crubaugh appointed Shoub, Blackburn and O'Grady as a committee to investigate the report. President Crubaugh was also made a member of this committee.

The resolution for the paving of Lisbon street from Little Yellow creek bridge west to the corporation line was read, and after much discussion, placed on its second reading and passed. It was then placed on its third and final reading, but was lost, O'Grady and Blackburn voting against it. Mr. Shoub stated that the farmers who use this road agreed to haul the necessary brick for paving if the work be done. He also said 90 out of every 100 people in that vicinity are anxious for the improvement. Mayor Fogo was also in favor of the improvement and cited several other roads which really needed the same work. He said: "The expense of improving roads which are inlets to the city is money well spent."

The old council at a meeting some time ago, ordered Solicitor Boyd to commence condemnation proceedings against William Bright and John Elliott for property on Sewer street, which the city wants for the widening of the street. Mr. Elliott refuses to set any price and the price asked by Mr. Bright is considered about four times too high. The present council, with City Engineer Leith, will look over the land and report at the next meeting.

The ordinance pertaining to the vacation of the alley between the properties of A. P. Dennis and W. E. Butler was placed on its first reading. A committee will investigate.

City Solicitor Boyd brought up the dumping of rubbish on Front street between Third and Fourth streets. No action was taken.

A communication was read from Constable-elect J. H. Morehead, stating that he would not fill that office. P. E. Spires, the present constable, has a petition for re-appointment, and the matter was left over until the next meeting.

A communication from Irwin Geits, was read asking that the members of council meet at Merrill's photograph gallery to have their picture taken for his industrial write-up of the city.

An estimate on one month's expenses of the board of public service was read and council was asked to appropriate the amount. The following are the expenses: Engineer's expenses, $952; janitor's salary, $45; Electric lighting (old), $150; electric lighting (new), not known; members' salaries, $100.

The bill of H. A. Herbert for labor on streets, $342.60, and P. H. White & Son's bill for supplies, $3.05, were ordered paid.

No appropriation will be made for the estimated expenses until the board of public service come before council and explain exactly where all these expenses come from.

The mayor, clerk and auditor were authorized to borrow sufficient money to pay the following bills with a deduction of $195, which is now in the fund: H. A. Herbert, $342.60; P. H. White & Son, $3.05; J. H. Hanley and C. W. Adams, $50; Wellsville Light company, $414.96; William Byers, $15, Dr. F. K. Hutchison, $48.32.

At a late meeting of the old council a resolution was passed to revoke the license of Sewer Contractor George Clark, on a complaint made by J. W. Riley, who stated that it was necessary for him to relay a sewer recently which Mr. Clark had laid last summer. The old council ordered that Mr. Riley be refunded the money, about $35, and Mr. Clark's bondsmen be held responsible. Mr. Clark came before the council last evening and explained why there was a necessity for having the sewer relaid. The action taken by the old council was repealed and Mr. Clark will hereafter be permitted to contract sewer laying. Just how the matter of getting back this $35 which has already been paid to Mr. Riley was not settled.

The meeting adjourned until Wednesday, May 13, when all the appointments will be made.

JANITOR REFUSED TO GIVE UP KEYS

Newly Appointed Wellsville City Employe Finds It Impossible To Go To Work.

The board of public service held another meeting this morning. Among other matters of business transacted they appointed William T. Green to the janitorship of the city building and as a result there was quite a scene in the mayor's office a few minutes later. Green applied to the present janitor, William Elliott, for the keys, and the latter refused to produce them.

Green then went to the board, but its advice availed nothing, Elliott still refusing to turn over the keys. He now thinks he has plenty of backing, the mayor having instructed him to continue his work as heretofore. Just what the outcome will be is not known, but the matter is to be taken up at the special meeting to be called this week.

There were other interesting matters presented to the board. City Engineer Leith and Street Commissioner Culp have both been ousted from their positions as a result of a disagreement between council and the board of public service and it must be settled at the meeting.

PITCHED FROM A CLIFF INTO THE WATER

Charles Yates Had a Fall of Thirty Feet That Rendered Him Unconscious.

Charles Yates, of Yellow Creek, was the victim of a very painful accident yesterday afternoon. While fishing with several friends in the creek he fell over a cliff into the water, striking head first. His friends ran to his assistance and dragged him from the water unconscious. He was taken to his home nearby and after the applying of restoratives regained consciousness. Dr. Fraser, of Wellsville, was called and dressed the injuries. The injured man was badly cut about the head and shoulders. Several stitches were necessary to be taken in the gash in the head.

Yates said the accident was due to pure awkwardness, as he was not watching where he was going and was carrying his pole in such an awkward manner. Dr. Fraser stated that he was surprised that the man was not instantly killed, as he fell a distance of nearly 30 feet. The injuries will not prove fatal, but the patient will no doubt be laid up for some time.

Mrs. Walker Arrested And Fined.

A woman giving her name as Mrs. Richard Walker, of East Liverpool, was arrested here Monday evening and placed in the city jail to sober up. She started down Front street and raised such a disturbance that the residents of that vicinity notified the mayor, and Officer Canaday arrested her. Before Mayor Fogo yesterday afternoon she pleaded guilty to the charge of being drunk and disorderly and was fined $8.60, which she paid.

New Team on Rural Route.

Rural Mail Carrier Edward Bunting has received a fine team of sorrel horses from Carrollton. He paid $325 for it. The horses were shipped to Wellsville by express. Heretofore, Mr. Bunting has been compelled to use a light road wagon. This new team will have no trouble in pulling the regular mail wagon, as the roads are somewhat improved.

Merging of Sheet Metal Workers.

Milwaukee, May 6.—The joint committee of the International Association of Sheet Metal Workers and the American Alliance of Sheet Metal Workers, which has been in session several days deliberating over the question of merging the two bodies, has completed its work. The report consists largely of a revision of the constitution and must be ratified by the international convention, now in session, before the merger can be effected. The indications point to ratification by the convention, as the report of the joint committee is unanimous.

FIREMEN QUIT

Five Employed at Chester Mill Were Dissatisfied With Wages.

Five of the six firemen at the tin mill quit last night night. The men made a demand for an increase of wages, which the company refused. The firemen were receiving $2.04 a day of 12 hours and asked for a decrease in the working hours or an increase to $2.25 per day for 12 hours. The running of the mill was not interrupted with, as men were soon secured to take the place of the men who quit.

The work of firing at the Chester mill is considered much easier by the management than like work at other mills, and with the modern improvements in the boilers and grates the labor of firing is reduced to a minimum. The pay of the firemen at the Chester mill also compares favorably with other mills of the American Tin Plate company.

In Readiness to Pave.

A large force of men is getting Carolina avenue between Second and Third streets in shape for paving. The curbing in this block has been completed and Contractor Freshwater expects to have this part of the work finished this week. The curb setters have commenced at Fifth street, and after finishing the paving between Second and Third streets will commence at Fifth street and work to Mark's run. Three carloads of paving brick was received today and is being distributed.

Bridge Receivership.

The Citizens' Trust & Guaranty company, of Parkersburg, as receivers of the East Liverpool bridge, has been succeeded by the Union Trust & Deposit company, of the same city. The change went into effect May 1. The new receivers are practically the same concern, but on account of a law passed at the last session of the legislature, that a surety company is not allowed to do a trust company business, the transfer has been made.

Agreeably Entertained.

The Ladies' Aid society of the Methodist Episcopal church of Chester met yesterday afternoon at thehome of Mrs. J. P. Rowen, corner of First and Fairview streets. There was a large attendance and several new members were received. The ladies were delightfully entertained with musical selections, and the hostess served dainty refreshments.

Oil Operations.

The well on the D. C. Glass farm near Fairview, which was drilled in by Treat & Crawford, came in a duster. No more wells will be sunk on the Glass farm at present. The Glass Drilling company is moving its machine to the Whitehill farm, near Kendall, Pa., to drill two wells for D. A. Cameron, of Marietta.

Official Reporters.

Postmaster W. C. Johnston received a communication from the bureau of agriculture at Washington, requesting that the postmaster furnish the names of two farmers in Grant district to furnish monthly reports of the condition of crops. He recommended A. M. Fowler and R. M. Cunningham.

Rectory to be Finished by July.

The mason work on the Catholic rectory has been completed and work on the new frame building has been started. Work on the building will be carried on quickly, and it is thought the building will be ready for occupancy about June 1.

CHESTER NOTES.

Mr. and Mrs. Gomer Wern, of Fairview, visited friends in Chester today.

Tollkeeper John F. Spivey found a pocket book on the bridge yesterday afternoon containing valuable papers and a small amount of change. The owner has not yet claimed the property.

W. E. Mercer has gone to Salineville on business and will be gone for a few days.

James Cameron and William Spivey, of Fairview, were in Chester on business today.

Jesse Allison is very ill with rheumatism at his home near the Allison school house.

Superintendent James McKinnon of the Rock Springs line, has received a large coop of thoroughbred Black Minorca chickens from Youngstown, and intends engaging in the poultry business as a side line.

Rev. G. M. Donehoo, of Charleston, W. Va., will fill the pulpit of the Presbyterian church next Sunday afternoon at 3 o'clock. Rev. Mr. Donehoo is an eloquent minister and a large congregation is expected.

REALM OF SPORTS

GIBSON TO PLAY WITH Y. M. C. A.

He Will Star at Short, to the Satisfaction of the Fans—Murphy to Remain.

Manager Billy McNutt, of the Y. M. C. A. base ball team, announces his intention of giving home talent a trial at short stop. He has tried two foreign men and though Maag did fairly well he was not altogether satisfactory, and Walton, the second trial, was the worst that has had nerve enough to face a crowd in the West End park. The third man to have a chance is Gibson, the little fellow that played several games with the first team last season. It is the opinion of the fans who have seen him work that he will make good and that in a very short time he will be approved by all.

Manager McNutt says that Gibson has the making of a short stop in him and a little development will bring him around in first-class order. Gibson is possibly too backward. He has no confidence and does not think he will fill the bill, but his friends think and know better and will give him a fair trial. He will not be expected to be the whole thing in the first game and will not be released if he falls down for awhile. Last year he played a much better game than either of the two foreign players that have been in the position this year. He is also a good batter and there is no reason why he will not do the team credit.

In two weeks' time it is very probable that Murphy will be the only out-of-town player in the team. He is undoubtedly here for good and, there are none that are not glad of it. For filling any vacancy on a team he has no superior. It is conceded that he is the fastest fielder and one of the surest batters on the team, and it is said that he is anything but slow in the pitcher's box. In that position he will be given a trial on Saturday. He has all kinds of speed and curves, too. Manager McNutt has slated Barker to pitch tomorrow's game and Winters on Friday.

MORE TEAMS ORGANIZED

Two Aggregations Formed in Belmont Club And They Are About Ready for Play.

East Liverpool will undoubtedly be better supplied with base ball teams this year than with railroads. The latest to spring into existence comes from the Belmont club. The boys of this social organization have formed two clubs and are now ready to meet any amateur team in the country, the Southside Rangers not excepted. The teams are classified as the first team and the second team.

The captain of the latter could not be located today, and only the lineup of the first team could be obtained. It is as follows: Samuel Firth, catcher; H. Russell, pitcher; Bub Minehart, short; G. Stewart, first; R. L. Chambers, second; W. T. Robinson, third; F. Y. A. Owens, right; Will S. F. Mountford, center; Dock D. Ferguson, left; William S. W. Blythe and Bert Davis, assistant to William Farmer, the water boy. "Bubbie" Minehart will captain the team. Bert Harker will likely be the strongest member of the first team. He had considerable experience while at school and will make a hot short stop.

There Was No Game.

The game to have been played in the West End park yesterday afternoon was called off, but not until quite a crowd had assembled to witness the contest. Why there was no game two reasons are given. The East Liverpool Athletics state that it was because Jamestown was afraid of defeat, fearing that if the second team beat them they would draw no crowd at the three games with the Y. M. C. A. team. The visitors said it was because they had no pitcher. They got one this morning and it is supposed that he was here yesterday. They play at Rochester this afternoon.

What B. C. Ansley Wants Every Person in East Liverpool To Do.

When B. C. Ansley, the enterprising druggist, first offered a 50 cent package of Dr. Howard's specific for the cure of constipation and dyspepsia at half price, and guaranteed to return the money if it did not cure, he thought it probable from his experience with other medicines for these diseases, that he would have a good many packages returned. But although he has sold hundreds of bottles, not one has been brought back.

B. C. Ansley wants every person in East Liverpool who has constipation, headaches, or liver trouble to come to his store or send him 25 cents by mail and get 60 doses of the best medicine ever made at half the regular price, with his personal guarantee to refund the money if it does not cure.

To those suffering with dizziness, headache, poor digestion, constipation and straining, Dr. Howard's specific offers quick relief. It is an invaluable boon to all who feel uncomfortable after eating, and is today the popular dinner pill in all the large cities.

Mr. Ansley is giving the people of East Liverpool a great opportunity to obtain a reliable remedy at small cost if it cures and at no expense at all if it does not cure.

Marines Ready to Play.

The Marines, of East Liverpool, are out with a challenge to the teams of Lisbon, Salineville, East Palestine, New Castle and McDonald. The lineup of the Marines is as follows: T. Watkin, catcher; Shengler and Chadwick, pitchers; Mayes, first; Beach, second; Reed, third; McBane, left; W. Rowe, center; Wucherer, right. The Marines have been greatly strengthened and will prove formidable antagonists to any of the teams to which they have issued challenges.

Little Fishing Legal.

Attention has been called to the fact that sunfish and blue gills are included in the law which prohibits the catching of black bass during the month of May. The game wardens of the state are anxious that the public be posted upon this fact so that there will be no violations of the law from ignorance. About the only thing that can be caught during this month are suckers, catfish and chubs.

Grounds for New Brighton.

The Athletics, of New Brighton, Pa., formerly the Indians, have secured the Pierce-Crouch park for their home games. All of the old players of last season have been retained and two new men, Carr and Campbell, have been added to the team. The team has several open dates, including July 4 and Decoration day, and would like to arrange games with any first-class team. Address Manager Louis Bertchold, Fifth avenue, New Brighton.

Reark Will Play.

Chick Reark will play middle field for the locals in the first game with Jamestown tomorrow afternoon. The announcement will be gladly welcomed by the fans. They know what Chick can do. He is there both in his position and at the bat and it always seems like there is more life in a game when he figures in it. Emmerling will catch, Barker will pitch, Wallace at first, Harker at second, Davis at third, Gibson at short, Murphy in left, and Reilly in right.

Bowling Contest.

The East Liverpool bowling team will do battle with the Keystones of Beaver Falls on the Imperial alleys tomorrow evening. No doubt a large crowd will witness the series, which is to be of three games, as each team has won a series and the rivalry is strong. The lineup of the local team is as follows: Craig, H. Clark, E. Clark, Carnahan and Rigby.

SPORTING MISCELLANY.

The Canton base ball club is reported disbanded.

Corbett has left New York for San Francisco to get in trim to meet Jeffries.

The Columbus Driving Park association hope to give an automobile race meeting in that city in June.

Jack Root, the Chicago light heavyweight, conqueror of Kid McCoy, will, after a brief rest, go after a return match with George Gardner, the Lowell light heavyweight.

The Niles team will open the season on Wednesday, May 20. New Castle's best club will be the attraction. On the Saturday following Niles will meet a strong team from Akron.

Jack Doyle has been called the "Wandering Jew" of base ball. Since he graduated from the Columbus team he has played in the following major league cities: New York twice, Baltimore, Washington and Chicago, in the National league, and Washington in the American. He is doing stunts with Brooklyn this year.

A Little Early Riser

now and then, at bedtime, will cure constipation, biliousness and liver troubles. DeWitt's Little Early Risers are the famous little pills that cure by arousing the secretions, moving the bowels gently, yet effectually, and giving such tone and strength to the glands of the stomach and liver that the cause of the trouble is removed entirely, and if their use is continued for a few days, there will be no return of the complaint. Sold by Alvin H. Bulger.

SALINEVILLE

Salineville, May 6.—Benjamin Evans, one of the leading grocerymen, went to Chicago last week to attend the commencement at Lake Forest university, where his son Louis was graduated from the dental department.

Miss Mary Hutson, of Fox township, Carroll county, who has been seriously ill for some time, was removed to a Cleveland hospital for treatment on the suggestion of Dr. Bigger, of that city, who was here to see her last week.

Laughlin McBane, of Pine Hill, is on the sick list. His son, the cashier of the Citizens' Banking company, was called home a few days ago to his bedside.

W. A. Thompson was in town in attendance at a meeting of the board of directors of the banking company.

Mrs. J. C. Haverfield, of Cadiz, after a ten days' visit with friends and relatives in the village, has returned to her home.

Mrs. Frank B. Sawval, of Greenville, Pa., was the guest of her parents, Mr. and Mrs. H. A. Thompson, over Sunday.

George Allman and Ben Terry, of Wattsville, Carroll county, were here lately.

Bert George went to Scroggsfield recently to visit home folks.

Rural free delivery is not very satisfactory to farmers and others in portions of Columbiana county.

John Meredith has another attack of inflammatory rheumatism.

An electrical storm passed over Salineville Sunday with a heavy rain through the day.

A little life may be sacrificed to a sudden attack of croup, if you don't have Dr. Thomas' Eclectric Oil on hand for the emergency.

TWO DEVELOPMENTS

Postoffice Investigation Still Continued, but Nothing of Importance Made Public.

TULLOCH'S EVIDENCE WANTED

Ex-Representative Loud in Conference With Postmaster General. Present Inquiry Contemplated for a Long Time.

Washington, May 6.—There were two important developments in the postoffice investigation, first the dispatch of a letter calling for the evidence in the possession of S. W. Tulloch, the former cashier of the Washington city postoffice, to substantiate his charges against the administration of the department several years ago, and, second the announcement that the present investigation was agreed on early last winter.

The replies of Mr. Bristow, Postmaster Merritt, of this city, and presumably of ex-Postmaster General Charles Emory Smith have been received, but Mr. Payne stated that all the replies called for had not yet been submitted.

Ex-Representative Loud, of California, for many years chairman of the house committee on postoffices and post roads, and probably a delegate of the United States to the international postal congress to be held at Rome, Italy, next spring, was in conference with the postmaster general concerning the investigation. The postmaster general announced to the newspaper men that the present investigation was contemplated as long ago as last December and that the work along the lines now being pursued by Mr. Bristow was then decided on. Mr. Payne said this was provided for in an item in the last appropriation act for contingent expenses of the office of the postmaster general.

The postmaster general said that the item, although it has escaped attention heretofore, was agreed on between himself and Mr. Loud for the express purpose of investigating the postal service after the adjournment of congress. Mr. Payne said that he and Mr. Loud had had frequent conferences on the subject and had agreed that an investigation should be made to determine whether changes in methods were needed, such as safeguarding contracts and purchases, etc. Mr. Payne said that it was proposed to see if any "crookedness" existed in the department. It was a big undertaking, he said, to go out over the country and take up the investigation and the method pursued was adopted as most likely to subserve the interests of the service. He said that at that time it was not believed there was any dishonesty.

C. & P. IMPROVEMENTS ABOUT SALINEVILLE

That Town Will Be Headquarters for the Double Tracking Work on the Main Line.

Salineville, May 6.—(Special.)—The C. & P. railroad near Salineville will be the scene of much hustle the coming summer, says a representative of the firm that has the contract for the double tracking between Yellow creek and Summitville. J. P. Gill, superintendent of the constructing gang, has opened his main office here in the Hartley building near the depot. Carpenters have been busy putting the large room in shape for the superintendent and his clerks. Several cars of tools have arrived and are awaiting the arrival of a force of men to unload them. The superintendent attempted to get men here, but failed, as not an idle man could be found here Monday.

Work will be commenced at a point about one mile above this city at a point near Rockville. The superintendent expects to be in his office here a large part of the time, though he will also have offices at Summitville and Irondale, but expects to make the point of distributing from Salineville. Very heavy work will be necessary above this town, as the contractors will have solid rock to commence with and the same will be met with often on the grade between here and Summitville. The superintendent stated that work in earnest will be inaugurated the latter part of the week. The rights of way have all been taken up, and the proposed route will differ somewhat from the old line.

CHRONIC SORES

Signs of Polluted Blood.

There is nothing so repulsive looking and disgusting as an old sore. You worry over it till the brain grows weary and work with it until the patience is exhausted, and the very sight of the old festering, sickly looking place makes you irritable, despondent and desperate.

A chronic sore is the very best evidence that your blood is in an unhealthy and impoverished condition, that your constitution is breaking down under the effects of some serious disorder. The taking of strong medicines, like mercury or potash, will sometimes so pollute and vitiate the blood and impair the general system that the merest scratch or bruise results in obstinate non-healing sores of the most offensive character.

Often an inherited taint breaks out in frightful eating sores upon the limbs or face in old age or middle life. Whenever a sore refuses to heal the blood is always at fault, and, while antiseptic washes, salves, soaps and powders can do much to keep down the inflammation and cleanse the sore, it will never heal permanently till the blood itself has been purified and the deadly germs and poisons destroyed, and with S. S. S. this can be accomplished—the polluted blood is purified and invigorated, and when rich, pure blood is again circulating freely throughout the body the flesh around the old sore begins to take on a natural color, the discharge of matter ceases and the place heals over.

S. S. S. is both a blood purifier and tonic that puts your blood in order and at the same time tones up the system and builds up the general health.

If you have a chronic sore write us. No charge for medical advice.

Over-Work Weakens Your Kidneys.

Unhealthy Kidneys Make Impure Blood.

All the blood in your body passes through your kidneys once every three minutes.

The kidneys are your blood purifiers, they filter out the waste or impurities in the blood.

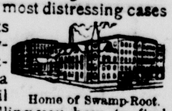

If they are sick or out of order, they fail to do their work.

Pains, aches and rheumatism come from excess of uric acid in the blood, due to neglected kidney trouble.

Kidney trouble causes quick or unsteady heart beats, and makes one feel as though they had heart trouble, because the heart is over-working in pumping thick, kidney-poisoned blood through veins and arteries.

It used to be considered that only urinary troubles were to be traced to the kidneys, but now modern science proves that nearly all constitutional diseases have their beginning in kidney trouble.

If you are sick you can make no mistake by first doctoring your kidneys. The mild and the extraordinary effect of Dr. Kilmer's **Swamp-Root,** the great kidney remedy is soon realized. It stands the highest for its wonderful cures of the most distressing cases and is sold on its merits by all druggists in fifty-cent and one-dollar sizes. You may have a sample bottle by mail free, also pamphlet telling you how to find out if you have kidney or bladder trouble. Mention this paper when writing Dr. Kilmer & Co., Binghamton, N. Y.

Home of Swamp-Root.

Don't make any mistake, but remember the name Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghampton, N. Y., on every bottle.

Coroner's Verdict Says Agatha Reichlin Was Murdered by Person Unknown.

NO EVIDENCE TO HOLD WALSER

Makes Address to Mayor in Own Behalf—Thanks Officials for Courtesies Extended—Brother of Murdered Woman First to Shake Hands.

Lorain, O., May 6.—At the end of a rather complete investigation at Elyria into the cause of the death of Agatha Reichlin, Coroner French gave as his conclusion the verdict: "That Agatha Reichlin came to her death from wounds inflicted by a stone in the hands of a person unknown."

Father Ferdinand Walser, arrested last Saturday morning in connection with the murder of Agatha Reichlin, was brought to this city from the county jail at Elyria and discharged from the charge of murder. Mayor King went through the formality of reading the warrant for Walser's arrest, and his attorney, E. G. Johnson, entered a plea of not guilty. Prosecuting Attorney Stroup, addressing his honor, said in substance:

"After having listened to the evidence presented at the inquest, I can see that there is not sufficient evidence to hold the defendant. The action taken on the part of the officers in arresting Father Walser has been in accordance with their duty. A terrible crime has been committed and if the suspicion of guilt had been placed against any other person I can assure you he would have been treated as the defendant has."

Mayor King then stated that "as the prosecuting attorney had remarked there was not sufficient evidence to hold the accused, we have nothing to do but discharge him from custody. The crime that was committed on the first day of May was the most atrocious crime ever committed in the city of Lorain. When Father Walser was arrested Saturday public feeling against him ran high in the community and on account of the excited condition of the public the prosecutor and myself thought the arrest of the priest necessary for his protection, that he might be safe from any attack that the excited populace might make upon him. Who killed Agatha Reichlin no one knows but the murderer himself and his God. No one is more pleased than I am that there is no evidence to warrant the detention of the accused. I hope whoever committed the crime may yet be punished. The city officers will not feel their duty done, but will continue the inquiry until the murder of Agatha Reichlin may be properly avenged."

Father Walser arose and with moistened eyes addressed Mayor King as follows:

"You cannot say a word against me; you have hurt me a great deal. Agatha Reichlin is the last person I would have killed; I can't kill anybody. I couldn't kill a chicken. I thank the officials for their courtesies extended to me, especially would I thank Sheriff Salisbury, as he alone treated me as a noble gentleman could have done. I thank all Catholics in general, and the people of St. Mary's and St. Joseph's churches in particular. I wish to express my heartfelt thanks for liberation from the dreadful charge which hung over me for the past four days."

Notwithstanding the bringing of Father Walser here from Elyria was very quetly done, a large crowd gathered in the mayor's office during the progress of the hearing. Father Reichlin, brother of the murdered girl, listened attentively to the proceedings, and upon adjournment of court was the first to approach Rev. Walser with a hearty handshake, after which the handshaking became general and the freed priest was the recipient of congratulations on all hands, after which he left for the hospital to pass the night.

Arrested for Murder in Mexico.

Davenport, Ia., May 6.—J. H. Greenwall was arrested by United States Marshal Christian at the request of the Mexican government for the alleged murder of J. L. Stanfeld, his partner in a mining venture in Temalipas, Mex., in April, 1902. Greenwall denies his guilt and has retained counsel. The case will be the first extradition proceeding under the new treaty with Mexico. Greenwall came here four months ago and was working at a glucose plant as a machinist when arrested.

American Fishermen Captured.

Buffalo, May 6.—The Canadian revenue cutter Petrel swooped down upon a party of six American fishermen, who, it is alleged, were drawing nets within the shore limit in Canadian waters. The fishermen were in a 60-foot gasoline launch and two smaller boats. Two of the men escaped by rowing in close to the shore, where the revenue cutter could not follow them. The launch and the other boat containing four men were captured and taken to Port Colborne.

SCOTT'S EMULSION

makes pale, thin children fat and chubby. Overcomes wasting tendencies and brings back rosy cheeks and bright eyes.

It's surprising how quickly children respond to Scott's Emulsion. It contains just the element of nourishment their little bodies need. They thrive on it.

Even a few drops in the baby's bottle have a noticeable effect for good. Nothing better than Scott's Emulsion for growing children.

HAND OF GRIM REAPER STAYED

Death Delayed by St. Louis Man to Pay His Insurance Premium.

St. Louis, May 6.—From his dying bed Frank S. Powell arose, went down town, paid the premium on his $5,000 life insurance policy and returned home without the knowledge of his wife or any one in the family.

That night he died. The fact that he had left the house did not become known until negotiations toward setting up the policy were begun.

When told the agent's story Mrs. Powell recalled that her husband had asked her to go down town for something he desired and to tell other members of the family that he was not to be disturbed while she was away. On her arrival home she found her husband in bed. He said nothing about having left the house and did not mention his life insurance.

"It is the strangest case I ever encountered," said Charles W. Morgan, who conducted the settlement of the policy for the widow. "The evidence would seem conclusive that it would have been impossible. Yet the agent received the premium on the policy from Powell, whom he knew well. He recalls that Powell looked pale, almost ghostly, and had nothing to say. I am almost tempted to believe that if there is any such thing, Powell projected his astral body into the presence of the agent and paid him in the coin of spirit land. It makes my flesh creep to think about it."

PROBABLY PREVENTED TRAGEDY

Prompt Action of Conductor Forestalls Opening of Hargis-Cockrell Feud.

Lexington, Ky., May 6.—By locking Tom Cockrell in the negro compartment of the smoking car the conductor of a Louisville and Nashville eastbound train prevented a meeting between the sole survivor of the Cockrells—a young man not far in his twenties—and Alex Hargis. Cockrell killed Ben Hargis about one year ago, when the Hargis-Cockrell feud was especially bitter, and James Cockrell, the town marshal, who was assassinated from the court house at Jackson last July, was his brother. Hargis is one of the three surviving brothers who give name to one of the factions. He boarded the train at Winchester, bound for Jackson, where the assassination of J. B. Marcum had reopened the feud Monday.

Cockrell, who is a voluntary exile from Breathitt county, boarded the train at Richwood, climbing on the front steps of the forward car. In his hand he carried a 44-caliber Colts revolver. Realizing instantly that a meeting would probably mean a tragedy, the conductor locked Cockrell in the negro department at Walker creek, a small flag station. Cockrell sprang from the window of this coach, leaped behind the depot and secured rest for his pistol, covering the line of windows in the coaches. Hargis was not in sight as the train passed on.

Trade Tied Up by Strike.

Montreal, May 6.—The longshoremen's strike is tieing up the trade of the country and no settlement of the difficulty is in sight. The rush of shipping to the port since the opening of navigation has been unprecedented and the harbor is congested with business which would tax facilities under normal conditions. There are 24 cargo-laden steamers in port and eight of these are lying idle. One thousand non-union men are at work on the other vessels, but their work is offset by the teamsters' strike. The Grand Trunk railway notified freight agents to accept no freight for Montreal, either domestic or for export. The Canadian Pacific will only accept freight at owners' risk. Government troops will replace the volunteer corps guarding the harbor front.

Consul General at Hamburg.

Berlin, May 6.—The foreign office has granted the exequatur of the Cuban consul general, Senor Velez, at Hamburg. He is the first Cuban consular officer to be appointed to a post in Germany.

NEW MEXICO HONORED

Santa Fe and Albuquerque Visited by President Roosevelt and Party.

ADDRESSED SCHOOL CHILDREN

Visit Made to Oldest Church in Union. Becomes the Godfather of Rough Rider's Son—Secretary Loeb Joins President.

Santa Fe, N. M., May 6.—President Roosevelt spent three hours and 20 minutes in this city, whose historic buildings and monuments seemed to have much interest for him. At the capitol he made an address, speaking for 20 minutes to an audience of fully 10,000 people. President Roosevelt said it was a great pleasure to him to come to New Mexico, from which territory more than half of the members of his regiment came.

"I know the people of New Mexico," he said, "and I am fond of them. How can I help being fond of the people with whom I have worked?"

The president said the benefits of forest preservation and irrigation to be enjoyed by this section will do most toward bringing New Mexico to statehood and making it one of the great states of the west.

A brief reception was held in the capitol, after which a drive was taken over the gaily decorated streets, which were lined thickly with a cheering multitude.

A stop was made at San Miguel church, the oldest church edifice in the United States, and at the cathedral, where the vicar general, Anthony Fourchug, baptized the son of George W. Armijo, a sergeant in the rough riders, President Roosevelt being the godfather. The child was named Theodore Roosevelt. After this pleasing incident the president addressed 2,500 school children. The roofs of the historic old palace and of other buildings surrounding the plaza were thronged.

The drive was continued to Fort Marcy. Here Mayor Sparke presented the president with an illuminated volume of the city's history. Luncheon was served at the residence of Governor M. A. Otero, in front of which was a triumphal arch. On this stood a girl dressed as a goddess of liberty, strewing flowers upon the president. As the president re-entered his carriage an original ode was sung by the school children and the president stood up in his carriage and waved his hat lustily.

A visit was made to the New Mexico Historical society's museum, after which the party returned to the depot, the train leaving at 12:20 p. m.

A large detail of rough riders in uniform served as a guard of honor here and a number of these accompanied the president to Albuquerque. The Cleveland, O., Grays, who happened to arrive on an excursion, took part in the exercises.

Private Secretary Loeb has joined the president. Governor M. A. Otero and other territorial officials accompanied the president to Albuquerque.

Greeted by Rough Riders.

Albuquerque, N. M., May 6.—The president closed the most picturesque day of his western trip with a stop of two hours in Albuquerque. He spoke for a few minutes to a crowd of 5,000 people.

The president was greeted by another big delegation of members of his rough riders' regiment, and he repeatedly referred to his pleasure in meeting them and in visiting the country from which the greater part of the regiment was recruited. At 5 o'clock the president continued his trip to the west, with the grand canyon of the Colorado as the objective point.

Union Laundrymen Protest.

Chicago, May 6.—St. Louis laundrymen have dealt a blow to the cause of the Chicago laundry owners by refusing to handle any more of the work sent to them while the strike of the laundry workers continues. For the last three or four days some of the largest laundries in the city have been sending carload shipments of linen to St. Louis and through the aid of the laundries of that city have been enabled to fill contracts. The union employes in St. Louis raised a protest and decided unanimously that they would refuse to handle Chicago work. Proprietors promised to accept no more work from Chicago.

Consulates Guarded by Troops.

Salonica, May 6.—In the engagement between Turkish troops and revolutionists at Okrina on May 2, 70 revolutionists were killed and 21 were injured, while the Turks had 100 killed and 10 officers and six men wounded. After an interview with the governor general the British and Italian consuls expressed themselves as satisfied with the precautionary measures taken. All foreign consulates and banking establishments are guarded by troops, while the streets are patrolled constantly.

Prominent Man Fatally Shot.

Muncie, Ind., May 6.—William Patterson, a member of one of the prominent families of this city and a brother-in-law of George F. McCulloch, president of the Union Traction company, was shot and fatally wounded Monday night. The tragedy is shrouded in mystery and the police are guarding the house.

CONCENTRATION OF INTERESTS

Advised by Herr Moeller as Only Efficient Weapon to Meet American Competition.

Berlin, May 6.—Herr Moeller, the Prussian commerce minister, speaking before the Madgeburg chamber of commerce, asserted that Germany needs greater concentration as being the only efficient weapon left with which to meet American competition. He added:

"The nation that does not follow the tendency of the times toward concentration of industries will be left behind. We cannot hold our own in the world's markets without specialization and concentration. One of Mr. Morgan's associates said to me some time ago that the distrust which the United States Steel corporation caused was not justified. They were not such simpletons as to try to take advantage of the consumers, although they were able to do so. Their objects were a division of labor territorially, to produce only where production was the cheapest, and to get rid of middlemen. The struggle against middlemen will continue with us, as in the United States."

DEAD OF THE DAY.

F. H. MacKlin.

London, May 6.—F. H. MacKlin, the actor, is dead. He once made a tour of the United States with Sir Henry Irving's company.

Mrs. Sarah Mosler.

New York, May 6.—Mrs. Sarah Mosler, wife of Henry Mosler, a well-known artist, died of heart failure, aged 53 years. Mrs. Mosler was Miss Cahn, of Cincinnati.

Robert L. Dulaney.

Marshall, Ill., May 6.—Robert L. Dulaney, president of the Dulaney National bank and a director of the Vandalia Railroad company, is dead. Mr. Dulaney was widely known in financial circles.

Colonel G. W. Alexander.

Reading, May 6.—Colonel George W. Alexander, senior member of Alexander & Co., one of the largest fur hat manufacturers in this district, and lieutenant colonel of the Forty-seventh Pennsylvania regiment during the Civil war, is dead.

Orasmus Cole.

Milwaukee, May 6.—Orasmus Cole, former chief justice of the Wisconsin supreme court, died at the residence of his son, Sidney H. Cole, from general debility, aged 84 years. Mr. Cole served in the thirty-first congress as a Whig and was a member of the constitutional convention. He served on the state supreme bench from 1855 to 1892, when he retired.

Proposes Reduction in Insular Budget.

Copenhagen, May 6.—F. F. Nordline, president of the royal Danish commission which recently was sent out to investigate the conditions on the island of St. Thomas, has returned. Mr. Nordline says the commission will propose an extensive reduction in the insular budget, by which he is confident a favorable balance of expenditure is obtainable.

Knights of Columbus Elect Officers.

Dayton, O., May 6.—The state convention of the Knights of Columbus was held here. Lima was chosen as the place for the next meeting. The following officers were elected: State deputy, M. B. McCarthy, Toledo; secretary, P. J. McCarthy, Youngstown; treasurer, F. A. Beuchle, Steubenville; advocate, W. H. Dore, Tiffin; warden, R. J. Bour, Canton.

Nature's Warning.

Nature has a way of warning you when danger approaches.

If you feel sluggish, "blue," run down, prostrated, out of sorts, your blood is in bad condition. You should at once do something to purify it. Life Plant is all you need, because it purifies the blood. It not only does that, but it restores the vital element in the blood. Life Plant renews life.

It is composed of roots and herbs, gathered from nature's field, and cures in nature's way. Life Plant is guaranteed to cure Rheumatism and all blood diseases. Its merits are testified to by thousands.

Mrs. Susan Lewton of Malvern, Ohio, writes: "I had rheumatism for one year and a considerable portion of the time I was so bad I could scarcely walk. My ankle was so swollen a great deal of the time, I could scarcely get on my shoe. My limbs were numb and I suffered continually. I tried a great many remedies, but was unable to get relief, until I tried Life Plant. I took four bottles and was entirely cured. It is a great remedy."

M. Stone, of Cleveland.

Lumber and Machinery Destroyed.

Chicago, May 6.—Fire in Matwell Bros.' box factory at 18-19 Peoria street destroyed $75,000 worth of lumber and machinery. It was with great difficulty that the flames were prevented from spreading to surrounding factories and lumber yards.

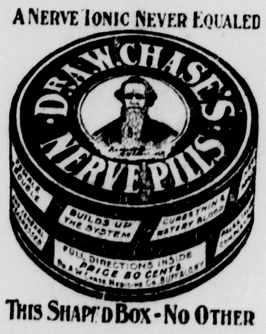

WOMEN WHO FORCE THEMSELVES TO WORK

Women Who Suffer From All Manner of Uterine and Ovarian Troubles, Weak, Nervous, Bloodless, Melancholly Women Find a Positive Cure in

Dr. A. W. CHASE NERVE PILLS

A Medicine That Goes to the Root of the Trouble and Cures to Stay Cured by Giving to the Weakened Sluggish Organs the Energy, Vigor and Tone Necessary to Successfully Perform Their Several Duties.

A NERVE TONIC NEVER EQUALED

THIS SHAPE'D BOX - NO OTHER

Every day sees an army of worn out women dragging themselves to work or forcing themselves to attend to their household duties—women whose whole trouble lies in an over strain or over-exertion at some time in the past—women who stay in this condition and think themselves beyond repair, because they know nothing of the wonderful power of the Dr. A. W. Chase Nerve Pills to give them back their health, strength and vitality, by their ability to resupply the lost nerve energy, to build up the system, to manufacture good rich blood; and give increased weight by making the digestion strong and vigorous.

Mrs. Ella Smith, of No. 48 Miller street, Newark, N. Y., says: "Last summer I was so weak I staggered when I walked. I was very nervous, easily excited, could not get rest nights, blood thin, the appetite poor, hands trembly—I was indeed in a low stage of health. About this time I got a box of Dr. A. W. Chase's Nerve Pills and though everything else had failed, these pills put me on my feet in good health, and that quickly, too. It was not long before I was eating and sleeping well—the nervousness and trembling gone—the blood rich and my strength back. They are a grand medicine and as a consequence I am again vigorous and strong in every way."

Mrs. George Hall, of 389 West Market St., East Liverpool, Ohio, says: "I was bilious—my head ached hard and constantly—there was a general feeling of weakness and depression. I was asked to try Dr. A. W. Chase's Nerve Pills and did so, getting them at Larkins' drug store. The result was very good indeed, as the biliousness was overcome—the headaches cured and bodily and nerve strength furnished. Dr. A. W. Chase's Ointment I can vouch for in burns as a fine application."

Beware of Imitations—Signature and portrait of Dr. A. W. Chase on each box of the genuine. For sale by dealers, 50c a box, or Dr. A. W. Chase Medicine company, 257 Washington street, Buffalo, N. Y.

An Enjoyable Affair—Peabody lodge, Knights of Pythias, held a most enjoyable social session and smoker at its rooms in the Oyster building last evening. As entertainers the hosts proved themselves in the very first class.

Sewing for Missions—Beginning at 10 o'clock this morning the missionary society of St. Stephen's church held a session in the parish house for the purpose of sewing for the missionaries in the foreign fields. They will conclude the session at 5 o'clock this evening.

An Unknown Arrested—Officer Pat Woods arrested an unknown man in the hallway of the Porter block at an early hour this morning and placed him in jail with a charge of drunkenness against him. To the charge he pleaded guilty this morning and Mayor Weaver assessed a fine, which he paid.

Caught a Big Carp—A local fisherman states that the time for catching big fish is at hand and that the banks along the Ohio will now be lined with lovers of the sport. He caught a 15 pound carp this morning at the mouth of the big sewer and caught quite a number of them about the same size yesterday.

Work for Foreign Missions—The regular monthly mission league of St. John's Evangelical church will be held in the lecture room this evening at 7:30 o'clock. The subject is "Mission Work in Africa." The league now numbers 76 members and is steadily increasing. The work is almost exclusively for foreign missions.

AGNER-BUXTON WEDDING TODAY

IMPRESSIVE CEREMONY UNITES POPULAR YOUNG COUPLE.

The Lutheran Church the Scene of An Event of Much Local Interest.

One of the most beautiful and auspicious weddings of the season occurred today at high noon in St. John's Evangelical Lutheran church, when Miss Mathilde Esther Agner, daughter of Mr. and Mrs. John Agner, and Frank Wilmont Buxton, son of Mr. and Mrs. George Buxton, were united in holy matrimony by the solemn and impressive Lutheran ring ceremony.

The church was beautifully decorated in various tropical plants and 150 persons witnessed the ceremony performed by Rev. J. G. Reinartz, pastor of the church.

The bridal party consisted of the ushers: Messrs. Christian Kindsvatter, Henry Horst, Luther Gilbert and Charley Davis.

Following the ushers came the bride and her bridesmaid, Miss Minnie Agner, sister of the bride, who wore a pretty costume of mousseline de soie in pink and and carried a bunch of pink roses.

The bride wore a beautiful and becoming gown of white Persian lawn, en traine, with trimmings of Valenciennes lace and accessories of Liberty satin, and a large boquet of white bride's roses. Last in the bridal party came the groom and best man, Harry Buxton.

The bridal party entered the church and proceeded through the center aisle to the strains of the wedding march as played by a sister of the bride, Mrs. Henry Schreiber. During the ceremony the entire party stood amid the plants, which were so arranged as to form an archway.

A reception followed at the home of the bride, 292 Fourth street. The colors were green and white, and a profusion of white roses and carnations with ferns and palms made the residence most beautiful.

The bride received many valuable presents in silver, cut glass and linen, which more fully proves the high esteem in which she is held by her many friends.

The groom is a prominent young business man.

Mr. and Mrs. Buxton left today for a short wedding trip in the east.

A mammoth traveling gown of brown basket cloth with Persian trimmings and pendants was worn by the bride on the wedding trip. After returning the coupe will be at home to their friends at 296 Fourth street.

Among the out-of-town guests were: Mr. and Mrs. Adam Troutman, of Butler, Pa.; Mr. and Mrs. Will Coles, of Toronto; Mr. and Mrs. Will Deidrick, of Salineville, and Charles Deidrick, of Salineville.

The Elks' Ball.

The last of the tri-weekly dances given by the Elks was held in their beautiful parlors last evening and it was largely attended by the members of the lodge and their wives and lady friends. It is not likely that dancing will be resumed until cooler weather in the fall.

Class in Physical Culture.

The ladies' class in physical culture which has been formed by Miss Metcalf will hold its first lesson Thursday afternoon at 4 o'clock sharp. Any lady interested in the subject can obtain terms and particulars by calling upon Miss Metcalf at Mrs. D. McDonald's, Ryan building, East Market street, or by C. C. 'phone No. 582.

BROTHERHOOD MEN ARE CONSERVATIVE

terests have requested that such legislation be enacted.

The tendency of the convention is to bring all branches of the trade into the uniform price list, ignoring sections and other conditions. Resolutions have been introduced to this effect and it is likely that they will be

enacted into law. More time will be devoted to the correction of evils than to any other subject.

The troubles of the packers will be brought to the convention and measures for their relief will be proposed. The men who now have contracts in the packing sheds have been dropped from the local and it is only a question of time until they will be declared non-union. The men in this branch of the trade have suffered by their loyalty to the Brotherhood, but better times are in store for them.

Another resolution that will no doubt carry is from No. 4, providing that all operatives must have working cards. A more sensible resolution could not have been devolved. Its

thy one and should be taken in hand.

In the east the per cent of the men outside of the organization is larger but steady gains are being made and if Vice President Hutchins accomplishes as much this year as he did last the east will be on a par with the west.

The eastern delegates read with considerable amusement the interview in a Trenton newspaper from Charles Howell Cook, a prominent manufacturer. The eastern boss potters will be loath to accept the uniform scale, even if not revised, as taking all lines, the cost of manufacture will be increased. They will then be on a parity with the manufacturers of the west, who will not shed any tears over the fact. The delegates do not wonder that Mr. Cook speaks of the poor condition of trade and the increase in English imports.

No feature of the entertainment provided for the delegates will be more thoroughly enjoyed than last night's theatre party at the Grand. A specialty company was the attraction and one of the turns was of particular interest owing to the wholesale destruction of plates and other ware. The delegates were highly pleased with the performance.

Tonight there will be a smoker in the room of the Trades and Labor Assembly, the committees in charge of the affair having completed the details last night. Thursday night the banquet in Pythian Castle will be given.

There has been no change in the political aspect. Duffy, so far, is unopposed for the presidency and the friends of the three candidates for secretary are claiming the victory.

A Tea Legend.

One ancient legend says that the virtues of tea were learned by accident by a Chinese monarch, King Shen Nung, "the divine husbandman," who flourished forty centuries ago and who in boiling water over a fire made from the tea branches on which the latter still hung allowed some of the latter to fall into the pot.

The Polyglot Menu.

La Moutt—It is quite an innovation for that cafe proprietor to have his menu in English, French and Latin.

La Moyne—It's economy. When an English dish is left over, he gives it a French name and if it is still around on the third day he changes it to Latin.—Philadelphia Record.

A Safe Time to Cross.

"Well, well," said the old lady living inland, when she heard that her favorite grandson was going to Europe, "it's been a dry summer, and the sea won't be so deep as common."

Fat People and Perspiration.

Fat people are less able to resist the attacks of disease or the shock of injuries and operations than the moderately thin. In ordinary everyday life they are at a decided disadvantage. Their respiratory muscles cannot so easily act. Their heart is often handicapped by the deposit on it, and the least exertion throws them into a perspiration. This last fact is curiously misunderstood. It is almost universally looked upon as an actual "melting" of the subcutaneous fat and is considered to be nature's method of getting rid of the superfluity.

But this is not correct, for in spite of its greasy appearance sweat only contains a trace of fatty matter, rarely more than .01 per cent, and this comes of course from the cells of the sudoriparous glands and primarily from certain constituents in the blood. A person whose limbs and body are covered with adipose tissue is in the position of a man carrying a heavy burden and too warmly clothed.—London Hospital.

Don't Be Too Exact.

Don't be forever setting people right. There is a household fiend with a memory for dates and details who can never sit still and hear papa say that he went down town on Monday at 8 without correcting the statement with the remark that the hour was half past. If mamma happens to allude to Cousin Jenny's visit as having occurred last Thursday, this waspish impersonation of accuracy interposes with the statement that it was Friday, not Thursday, which brought Cousin Jane.

A dozen times a day exasperating frictions are caused by needless corrections of this sort, referring to matters where exactness is not really imperative, the affairs in question being unimportant and no violation of truth being for an instant intended.
